Candlish,2002-12 **Baroque Self-Invention and Historical Truth** Christopher Braider,2017-03-02 In his monumental study Christopher Braider explores the dialectical contest between history and truth that defines the period of cultural transition called the baroque For example Annibale Carracci s portrayal of the Stoic legend of Hercules at the Crossroads departs from earlier more static representations that depict an emblematic demigod who has already rejected the fallen path of worldly Pleasure for the upward road of heroic Virtue Braider argues that in breaking with tradition in order to portray a tragic soliloquist whose dominant trait is agonized indecision Carracci joins other baroque artists poets and philosophers in rehearsing the historical dilemma of choice itself Carracci s picture thus becomes a framing device that illuminates phenomena as diverse as the construction of gender in baroque painting and science the Pauline ontology of art in Caravaggio and Rembrandt the metaphysics of baroque soliloquy and the dismantling of Cartesian dualism in Cyrano de Bergerac and Pascal **Perfect Lies** Jennifer Crow,2012-08-01 Are your innermost thoughts robbing you of health and happiness Jennifer Crow knows what that s like She always tried to do everything right so she was shocked when her seemingly perfect life began to fall apart Diagnosed with a dozen chronic health issues she entered a deep depression and spiritual crisis And as everything unraveled Jennifer began to see how the perfect lies she d told herself lies like I must prove myself because my worth depends on what I do and I must gain the acceptance of others because their opinion matters most were literally crippling her body mind and soul In Perfect Lies Jennifer reveals nine key lies that held her back walks us through her journey of miraculous recovery and shares practical techniques for overcoming these same lies in our own lives and finding true freedom instead **A Dog Behaviourist's Diary** Denise Mcleod,2016-09-09 This book will make you laugh make you cry and make you think in a way you have never done before It explores both the canine condition and the human condition too as many dog problems are in fact people problems but with more legs Based on real life personal experiences of

dogs that have come through our behaviour clinics or classes it is a brutally honest and completely open expulsion of experience and knowledge expressed with great humour insight and raw emotion With tales of hilarity happiness and success through to depression grief suicide and death it brings to the reader a sense of perspective and compassion for others Born of experience based on a lifetime of work with animals and close involvement with over 10 000 puppies and dogs around 15 000 people the breadth of experience is plain to see The primary purpose of the book is entertainment that educates Written in plain English with easy to understand analogies it is simple and enjoyable to follow No technical knowledge of dogs or humans is required As a public speaker I have learnt over the years how people learn and what makes them laugh Covering some of the most dangerous and worrying of behaviours like dogs that bite people dogs that aggress towards others dogs that chase and kill things puppy farms and many more The range of this book provides something for everybody It also covers the most common behaviour problems of all One of the chapters about long coated breeds not being able to see properly and the range of behaviours that occur as a result will help millions of dogs and owners instantly The blindingly obvious is obvious only once the blindness is lifted What could be better puppies dogs people laughter success heartache real life quandaries passion and finally true love that conquers all Literally
