Chatting with Henri Matisse Henri Matisse, 2013-08-15 In 1941 the Swiss art critic Pierre Courthion interviewed Henri Matisse while the artist was in bed recovering from a serious operation It was an extensive interview seen at the time as a

vital assessment of Matisse's career and set to be published by Albert Skira's then newly established Swiss press. After months of complicated discussions between Courthion and Matisse and just weeks before the book was to come out, the artist even had approved the cover design. Matisse suddenly refused its publication. A typescript of the interview now resides in Courthion's papers at the Getty Research Institute. This rich conversation, conducted during the Nazi occupation of France, is published for the first time in this volume, where it appears both in English translation and in the original French version. Matisse unravels memories of his youth and his life as a bohemian student in Gustave Moreau's atelier. He recounts his experience with collectors including Albert C. Barnes. He discusses fame, writers, musicians, politicians, and most fascinatingly, his travels. *Chatting with Henri Matisse*, introduced by Serge Guilbaut, contains a preface by Claude Duthuit, Matisse's grandson, and essays by Yve-Alain Bois and Laurence Bertrand Dorléac. The book includes unpublished correspondence and other original documents related to Courthion's interview and abounds with details about avant-garde life, tactics, and artistic creativity in the first half of the twentieth century. **G** Detlef Mertins, Michael William Jennings, 2010. Published in the 1920s by a who's who of avant-garde artists, G helped shape a new phase in modern art. This is the first English translation.

Art, Anti-art, Non-art Reiko Tomii, Getty Research Institute, 2007. Introduction to two decades of artistic ferment in postwar Japan. As that devastated nation confronted the fraught legacy of World War II, a rapid succession of avant-garde groups began experimenting with new media and processes of making art, disrupting conventions to address the changes occurring around them. The works that remain from this era are largely ephemeral: exhibition flyers, programs for performances, musical scores, issues of short-lived journals, documentary photographs, pieces of mail art, and multiples made from the detritus of modern life. But the ideals of engagement and innovation that invigorated this creative surge are not.

China on Paper Marcia Reed, Paola Demattè, Getty Research Institute, 2011. Published to accompany the exhibition held at the Getty Research Institute, Nov 6, 2007 to Feb 10, 2008. *Meyer Schapiro Abroad* Meyer Schapiro, 2009. Schapiro's letters to his future wife Lillian Milgram were written in 1926 and 1927 while he was a graduate student touring the artistic monuments of Europe and the Near East. Bearing intimate witness to this formative journey, they augment the visual and factual details he so painstakingly recorded in his notebooks with impassioned reflections on art and lively accounts of his encounters with an older generation of art historians. Back cover. *Photography, Reconstruction and the Cultural History of the Postwar European City* Tom Allbeson, 2020-11-16. Examining imagery of urban space in Britain, France, and West Germany up to the early 1960s, this book reveals how photography shaped individual architectural projects and national rebuilding efforts alike. Exploring the impact of urban photography at a pivotal moment in contemporary European architecture and culture, this book addresses case studies spanning the destruction of the war to the modernizing reconfiguration of city spaces, including ruin photobooks about bombed cities, architectural photography of housing projects, and imagery of urban life from popular photomagazines as well as internationally renowned projects like UNESCO's Paris Headquarters, Coventry

Cathedral and Berlin's Gedächtniskirche This book reveals that the ways of seeing shaped in the postwar years by urban photography were a vital aspect of not only discourses on the postwar city but also debates central to popular culture from commemoration and modernization to democratization and Europeanization This book will be a fascinating read for researchers in the fields of photography and visual studies architectural and urban history and cultural memory and contemporary European history
