Macmillan 1894 1956 Official Biography:

Macmillan, 1894-1956 Alistair Horne, 1990 **Macmillan** Alistair Horne, 1988 **Macmillan: 1894-1956** Alistair Horne, 1988 **Britain and Europe Since 1945** Oliver J. Daddow, 2004-04-15 This important book offers a refreshing and challenging perspective on the nature of history by analyzing the character role functioning and wider uses of historiography Taking British policies toward European integration since the Second World War as a case study the author demonstrates how its interpretation and reportage over time is subject to changing trends Seeking to explain these trends in terms of the different conceptions of the past which are maintained by different schools of writing it forces us to confront the fundamental difficulties we encounter in undertaking studies in history It draws attention to the impact on historical interpretation of changing times political discourse the opening of archives and of subjects being brought to the fore by professional historians

Biographical Dictionary of British Prime Ministers Robert Eccleshall, Graham Walker, 2002-06-01 The Biographical Dictionary of British Prime Ministers is a wide ranging comprehensive guide to the political lives of Britain s prime ministers from Sir Robert Walpole to Tony Blair Written by some of the leading authorities on British politics this authoritative dictionary provides essential information about each premiership including facts and analytical debate Each entry has been written to the same formula and contains brief biographical information outlining career history and significant dates and events a brief summary of the significance and peculiarities of a particular prime minister followed by a more descriptive and interpretative account of his or her political life and impact on British politics references and further reading The Biographical Dictionary of British Prime Ministers addresses many of the key themes to understanding the role and impact of particular prime ministers such as the political context party management and reform intra party intellectual debate and where relevant the evolution of the office of prime minister Clarissa Eden Clarissa Eden, 2008-09-18 A Memoir by Clarissa Eden born a Churchill and a Prime Minister s wife at the age of 34 In 1955 at the astonishingly young age of 34 Clarissa Eden entered No 10 Downing Street as the wife of the new Prime Minister Anthony Eden Born Clarissa Churchill in 1920 her uncle was the great Winston and when she married the 55 year old Eden then Foreign Secretary at Caxton Hall register office in 1952 there were crowds as big as the gathering that had cheered Elizabeth Taylor and Michael Wilding s wedding there six months earlier A renowned beauty she was at home with her mother s Liberal intellectual circle and mixed in her youth with the pillars of Oxford s academic community Isaiah Berlin Maurice Bowra and David Cecil among them according to Antonia Fraser she was the don s delight because she was beautiful and extremely intellectual Her close circle of friends included some of the leading cultural figures of the twentieth century Cecil Beaton Evelyn Waugh Orson Welles among them Her observations and insights into these men and their world provide a unique window into the mid 20th century As the spouse of the most important man in Britain the hostess at No 10 and Chequers Clarissa Eden was inevitably privy to a multitude of top level secrets The Suez crisis and Eden s ill health meant that she shared just four years of Anthony s political life and

eighteen months as Prime Minister's wife This individual discriminating and honest memoir is her first account of extraordinary times intuitively edited by Cate Haste co author of *The Goldfish Bowl* *A Genius for Deception* Nicholas Rankin, 2009-11-10 In February 1942 intelligence officer Victor Jones erected 150 tents behind British lines in North Africa Hiding tanks in Bedouin tents was an old British trick writes Nicholas Rankin German general Erwin Rommel not only knew of the ploy but had copied it himself Jones knew that Rommel knew In fact he counted on it for these tents were empty With the deception that he was carrying out a deception Jones made a weak point look like a trap In *A Genius for Deception* Nicholas Rankin offers a lively and comprehensive history of how Britain bluffed tricked and spied its way to victory in two world wars As Rankin shows a coherent program of strategic deception emerged in World War I resting on the pillars of camouflage propaganda secret intelligence and special forces All forms of deception found an avid sponsor in Winston Churchill who carried his enthusiasm for deceiving the enemy into World War II Rankin vividly recounts such little known episodes as the invention of camouflage by two French artist soldiers the creation of dummy airfields for the Germans to bomb during the Blitz and the fabrication of an army that would supposedly invade Greece Strategic deception would be key to a number of WWII battles culminating in the massive misdirection that proved critical to the success of the D Day invasion in 1944 Deeply researched and written with an eye for telling detail *A Genius for Deception* shows how the British used craft and cunning to help win the most devastating wars in human history *Mountbatten, Cold War and Empire, 1945-79* Adrian Smith, 2022-11-17 *Mountbatten Cold War and Empire 1945-79* focuses upon Admiral Lord Mountbatten as a commanding if controversial figure in the history of Britain and its empire from Churchill's wartime coalition through to the Labour governments of the 1960s and forms a sequel to *Mountbatten Apprentice War Lord* Written in three parts focusing on the premierships of Churchill and Attlee Eden Macmillan Douglas Home and Wilson this book examines the debates over Mountbatten's record in Southern Asia in 1943-6 and 1947-8 Additional chapters focus on Mountbatten's position at the heart of the British state and his pivotal role at key moments in the immediate post war era most notably the partition of India the Suez Crisis and the renewal of an ostensibly independent nuclear deterrent This book also considers Mountbatten's relationship with Anthony Eden both during and following the Suez Crisis as well as detailing Mountbatten's achievements as First Sea Lord and Chief of the Defence Staff under Harold Macmillan and his immediate successors Smith acknowledges Mountbatten's centrality to the history of Britain and its empire in the immediate post war era and in doing so presents a fascinating picture of one of the most prominent figures of the 20th century Smith's scrupulous examination of primary sources including those available in the Broadlands Archives results in a thorough examination of a controversial figure by eschewing often baseless speculation about Mountbatten's personal life Smith creates the first comprehensive overview of Admiral Lord Mountbatten's career from 1943 to the mid sixties **Decision-Making in Great Britain During the Suez Crisis** Bertjan Verbeek, 2017-05-15 This radically new work provides an innovative approach to the question of why the Suez

Crisis erupted Bertjan Verbeek here applies foreign policy analysis framework to British decision making during the crisis providing the first full foreign policy analysis of this important event Moreover the book offers a new interpretation on British decision making during the crisis Many existing studies of Suez emphasise the role of the Prime Minister Sir Anthony Eden and often focus on the matter of collusion with Israel This study demonstrates that small group dynamics in the institutional context of cabinet decision making in the British political system are much more important This study offers the possibility of determining more precisely the interrelationship between systemic constraints on states behaviour and the actual behaviour of states under such constraints

The Last 100 Days David B. Woolner, 2017-12-12 A revealing portrait of the end of Franklin Delano Roosevelt's life and presidency shedding new light on how he made his momentous final policy decisions The first hundred days of FDR's presidency are justly famous often viewed as a period of political action without equal in American history Yet as historian David B Woolner reveals the last hundred might very well surpass them in drama and consequence Drawing on new evidence Woolner shows how FDR called on every ounce of his diminishing energy to pursue what mattered most to him the establishment of the United Nations the reinvigoration of the New Deal and the possibility of a Jewish homeland in Palestine We see a president shorn of the usual distractions of office a man whose sense of personal responsibility for the American people bore heavily upon him As Woolner argues even in declining health FDR displayed remarkable political talent and foresight as he focused his energies on shaping the peace to come

Anglo-American Relations Alan Dobson, Steve Marsh, 2013-01-17 This book provides an examination of contemporary Anglo American relations Sometimes controversially referred to as the Special Relationship Anglo American relations constitute arguably the most important bilateral relationship of modern times However in recent years there have been frequent pronouncements that this relationship has lost its specialness This volume brings together experts from Britain Europe and North America in a long overdue examination of contemporary Anglo American relations that paints a somewhat different picture The discussion ranges widely from an analysis of the special relationship of culture and friendship to an examination of both traditional e.g nuclear relations and more recent e.g environment policies Contemporary developments are discussed in the context of longer term trends and contributing authors draw upon a range of different disciplines including political science diplomacy studies business studies and economics Coupled with a substantive introduction and conclusion the result is an insightful and engaging portrayal of the complex Anglo American relationship The book will be of great interest to students of US and UK foreign policy diplomacy and international relations in general

Cabinet's Finest Hour David Owen, 2016-08-15 In May 1940 the British War Cabinet debated over the course of nine meetings a simple question Should Britain fight on in the face of overwhelming odds sacrificing hundreds of thousands of lives or seek a negotiated peace Using Cabinet papers from the United Kingdom's National Archives David Owen illuminates in fascinating detail this little known yet pivotal chapter in the history of World War II Eight months into the war defeat seemed to many a certainty With the United States still a year and

half away from entering Britain found itself in a perilous position and foreign secretary Lord Halifax pushed prime minister Winston Churchill to explore the possibility of a negotiated peace with Hitler using Mussolini as a conduit Speaking for England is the story of Churchill's triumph in the face of this pressure but it is also about how collective debate and discussion won the day had Churchill been alone Owen argues he would almost certainly have lost to Halifax changing the course of history Instead the Cabinet system all too often disparaged as messy and cumbersome worked in Britain's interests and ensured that a democracy on the brink of defeat had the courage to fight on *Heading North* Ewa

Mazierska, 2017-05-05 This collection presents a number of films and television programmes set in the North of England in an investigation of how northern identity imbricates with class race gender rural and urban identities *Heading North* considers famous screen images of the North such as *Coronation Street* and *Kes* 1969 but the main purpose is to examine its lesser known facets From Mitchell and Kenyon's *Factory Gate* films to recent horror series *In the Flesh* the authors analyse how the dominant narrative of the North of England as an oppressed region subordinated to the economically and politically powerful South of England is challenged The book discusses the relationship between the North of England and the rest of the world and should be of interest to students of British cinema and television as well as to those broadly interested in its history and culture

Our Man Down in Havana Christopher Hull, 2019-03-05 When U S immigration authorities deported Graham Greene from Puerto Rico in 1954 the British author made an unplanned visit to Havana and the former MI6 officer had stumbled upon the ideal setting for a comic espionage story Three years later he returned in the midst of Castro's guerrilla insurgency against a U S backed dictator to begin writing his iconic novel *Our Man in Havana* Twelve weeks after its publication in January 1959 the Cuban Revolution triumphed soon transforming a capitalist playground into a communist stronghold Combining biography history politics and a measure of psychoanalysis *Our Man Down in Havana* investigates the real story behind Greene's fiction It includes his many visits to a pleasure island that became a revolutionary island turning his chance involvement into a political commitment His Cuban novel describes an amateur agent who dupes his intelligence chiefs with invented reports about concrete platforms and unidentifiable pieces of giant machinery With eerie prescience Greene's satirical tale had foretold the Cold War's most perilous episode the 1962 Cuban Missile Crisis **Unknown**

Conflicts of the Second World War Chris Murray, 2019-01-10 *Unknown Conflicts of the Second World War* *Forgotten Fronts* is a collection of chapters dealing with various overlooked aspects of the Second World War The aim is to give greater depth and context to the war by introducing new stories about regions of the world and elements of the war rarely considered These chapters represent new discussions on previously undeveloped narratives that help to expand our understanding of the interconnectedness of the war It also provides an expanded view of the war as a mosaic of overlapping conflicts rather than a two-sided affair between massive alliance structures The Second World War saw revolutions civil wars social upheaval subversion and major geopolitical policy shifts that do not fit neatly into the Allied vs Axis 1939-1945

paradigm This aim is to connect the unseen dots from around the globe that influenced the big turning points we think we know well but have really only a superficial understanding of and in so doing shed new light on the scope and influence of the war **Allen Dulles, the OSS, and Nazi War Criminals** Kerstin von Lingen, 2013-09-30

Kerstin von Lingen shows how Nazi SS General Karl Wolff avoided war crimes prosecution because of his role in Operation Sunrise negotiations conducted by high ranking American Swiss and British officials in violation of the Casablanca agreements with the Soviet Union for the surrender of German forces in Italy Von Lingen suggests that the Cold War started already with Operation Sunrise and helps us understand rollback operations thereafter one was the failure of justice and selective prosecution for high ranking Nazi criminals The Western Allies not only failed to ensure cooperation between their respective national war crimes prosecution organizations but in certain cases even obstructed justice by withholding evidence from the prosecution *Appeasement* Tim Bouverie, 2020-06-02 A NEW YORK TIMES EDITORS CHOICE SUNDAY TIMES UK BESTSELLER A gripping history of the British appeasement of Hitler on the eve of World War II An eye opening narrative that makes for exciting but at times uncomfortable reading as one reflects on possible lessons for the present Antonia Fraser author of Mary Queen of Scots On a wet afternoon in September 1938 Prime Minister Neville Chamberlain stepped off an airplane and announced that his visit to Hitler had averted the greatest crisis in recent memory It was he later assured the crowd in Downing Street peace for our time Less than a year later Germany invaded Poland and the Second World War began *Appeasement* is a groundbreaking history of the disastrous years of indecision failed diplomacy and parliamentary infighting that enabled Hitler's domination of Europe Drawing on deep archival research and sources not previously seen by historians Tim Bouverie has created an unforgettable portrait of the ministers aristocrats and amateur diplomats who through their actions and inaction shaped their country's policy and determined the fate of Europe Beginning with the advent of Hitler in 1933 we embark on a fascinating journey from the early days of the Third Reich to the beaches of Dunkirk Bouverie takes us not only into the backrooms of Parliament and 10 Downing Street but also into the drawing rooms and dining clubs of fading imperial Britain where Hitler enjoyed surprising support among the ruling class and even some members of the royal family Both sweeping and intimate *Appeasement* is not only an eye opening history but a timeless lesson on the challenges of standing up to aggression and authoritarianism and the calamity that results from failing to do so **Understanding the British Empire** Ronald

Hyam, 2010-05-20 *Understanding the British Empire* draws on a lifetime's research and reflection on the history of the British Empire by one of the senior figures in the field Essays cover six key themes the geopolitical and economic dynamics of empire religion and ethics imperial bureaucracy the contribution of political leaders the significance of sexuality and the shaping of imperial historiography A major new introductory chapter draws together the wider framework of Dr Hyam's studies and several new chapters focus on lesser known figures Other chapters are revised versions of earlier papers reflecting some of the debates and controversies raised by the author's work including the issue of sexual exploitation the

European intrusion into Africa including the African response to missionaries trusteeship and Winston Churchill's imperial attitudes Combining traditional archival research with newer forms of cultural exploration this is an unusually wide ranging approach to key aspects of empire

The Secret History of UK Security Vetting from 1909 to the Present Daniel Lomas, 2025-05-15 Using newly available government records private papers and documents obtained through Freedom of Information this book tells the secret story of UK security vetting from 1909 to the present Although Britain avoided American style red baiting and McCarthy like witch hunts successive UK governments have like their Five Eyes allies implemented security procedures to protect government defence and industry from so called subversives and fellow travellers Officially from 1948 the British government applied political tests to civil servants a process extended to character defects in the early 1950s with the introduction of positive vetting However an unofficial purge had taken place for much longer facing political backlashes as an infringement of civil liberties and suppression of free speech Although it's been argued that Britain's secret purge had little impact this study looks at the experiences of those removed from the secret state those LGBT and BAME individuals discriminated against by government and the impact of government policy generally while studying the responses of Ministers and civil servants to spy scandals and international events Drawing from newly released archival material Freedom of Information releases and interviews this book offers new insights into the scope of government security checks on civil servants defence contractors and armed forces personnel from Edwardian spy scares and the inter war period to the Cold War and present day

Death from the Skies Dietmar Süß, 2014-02-06 The German Blitz that followed the Battle of Britain killed tens of thousands and laid waste to large areas of many British cities And although the destruction of 1940 1 was never repeated on the same scale fears that Hitler possessed a secret weapon of mass destruction never entirely died and were partially realized in the V1 and V2 raids of 1944 5 The British and American response to the Blitz especially from 1943 onwards was massive and incomparably more devastating with apocalyptic consequences for German cities such as Hamburg Dresden and Berlin to name but the most prominent In this ground breaking new book German historian Dietmar Süß investigates the effects of the bombing on both Britain and Nazi Germany showing how these two very different societies sought to withstand the onslaught and keep up morale amidst the material devastation and psychological trauma that was visited upon them And as he reflects in the conclusion this is not a story that is safely confined to the past the debate over the rights and the wrongs of the mass bombing of British and German cities during World War II remains a highly emotional subject even today

Thank you for downloading **Macmillan 1894 1956 Official Biography**. As you may know, people have look hundreds times for their chosen novels like this Macmillan 1894 1956 Official Biography, but end up in harmful downloads. Rather than reading a good book with a cup of coffee in the afternoon, instead they cope with some infectious bugs inside their desktop computer.

Macmillan 1894 1956 Official Biography is available in our digital library an online access to it is set as public so you can download it instantly.

Our books collection hosts in multiple locations, allowing you to get the most less latency time to download any of our books like this one.

Macmillan 1894 1956 Official Biography Introduction

In today's digital age, the availability of Macmillan 1894 1956 Official Biography books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Macmillan 1894 1956 Official Biography books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Macmillan 1894 1956 Official Biography books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Macmillan 1894 1956 Official Biography versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Macmillan 1894 1956 Official Biography books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Macmillan 1894 1956 Official Biography books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Macmillan 1894 1956

Official Biography books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Macmillan 1894 1956 Official Biography books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Macmillan 1894 1956 Official Biography books and manuals for download and embark on your journey of knowledge?

FAQs About Macmillan 1894 1956 Official Biography Books

1. Where can I buy Macmillan 1894 1956 Official Biography books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
