Made For Each Other Romance 7:

Reading the Romance Janice A. Radway, 2009-11-18 Originally published in 1984 Reading the Romance challenges popular and often demeaning myths about why romantic fiction one of publishing's most lucrative categories captivates millions of women readers Among those who have disparaged romance reading are feminists literary critics and theorists of mass culture They claim that romances enforce the woman reader's dependence on men and acceptance of the repressive ideology purveyed by popular culture Radway questions such claims arguing that critical attention must shift from the text itself taken in isolation to the complex social event of reading She examines that event from the complicated business of publishing and distribution to the individual reader's engagement with the text Radway's provocative approach combines reader response criticism with anthropology and feminist psychology Asking readers themselves to explore their reading motives habits and rewards she conducted interviews in a midwestern town with forty two romance readers whom she met through Dorothy Evans a chain bookstore employee who has earned a reputation as an expert on romantic fiction Evans defends her customers choice of entertainment reading romances she tells Radway is no more harmful than watching sports on television We read books so we won't cry is the poignant explanation one woman offers for her reading habit Indeed Radway found that while the women she studied devote themselves to nurturing their families these wives and mothers receive insufficient devotion or nurturance in return In romances the women find not only escape from the demanding and often tiresome routines of their lives but also a hero who supplies the tenderness and admiring attention that they have learned not to expect The heroines admired by Radway's group defy the expected stereotypes they are strong independent and intelligent That such characters often find themselves to be victims of male aggression and almost always resign themselves to accepting conventional roles in life has less to do Radway argues with the women readers fantasies and choices than with their need to deal with a fear of masculine dominance These romance readers resent not only the limited choices in their own lives but the patronizing attitude that men especially express toward their reading tastes In fact women read romances both to protest and to escape temporarily the narrowly defined role prescribed for them by a patriarchal culture Paradoxically the books that they read make conventional roles for women seem desirable It is this complex relationship between culture text and woman reader that Radway urges feminists to address Romance readers she argues should be encouraged to deliver their protests in the arena of actual social relations rather than to act them out in the solitude of the imagination In a new introduction Janice Radway places the book within the context of current scholarship and offers both an explanation and critique of the study's limitations

For the Love of Knitting Kari Cornell, One surviving cotton sock tells us that the Egyptians were knitting as long ago as the first millennium AD Tenderly preserved shawls and sweaters bespeak our great grandmothers handiwork And colorful strands of yarn escaping from a basket in the corner show that the tradition lives on with us That tradition celebrated in the stories and essays in this book knits together a world of

warmth and memory wisdom and camaraderie These writings sometimes amusing sometimes moving always entertaining comprise a charming scrapbook reflecting the myriad cultural and historical aspects of knitting Ranging from the days of World War II to our own time they include offerings by Jamaica Kincaid Melanie Falick Elizabeth Zimmermann Meg Swansen Susan Gordon Lydon Pam Allen Lela Nargi Perri Klass Teva Durham and many others Artwork by Solveig Hisdal fiber artists Debbie New and Karen Searle and photographer Chris Hartlove along with historical photographs vintage advertising and pattern booklets brings the color and textures of these stories to vibrant life Whether you ply knitting needles yourself or simply appreciate the art this collection will enfold you in all the softness warmth and beauty of knitting today and yesterday

The Evolution of Love Sheldon W. Liebman,2021-04-06 This book an examination of Judaism as it evolved over a period of approximately 1 500 years is an analysis of the Hebrew Bible and other ancient Jewish writings with special emphasis on theology and morality By the middle of the first millennium with the writing of Deuteronomy the Psalms and the works of the prophets Judaism had embraced the idea that God is a compassionate father that His relationship with His people is based on love rather than fear and that His response to their commission of sins is based on the assumption that they are capable of repentance and worthy of forgiveness In the final stage of its development culminating in the first and second centuries AD Judaism was understood to require its adherents to enact the will of God specifically to establish a community based on political economic and social laws that enforce the principles of justice and mercy And that process came to be seen as inevitably dependent on human agency the need for human beings to fulfill God's commandments In Judaism loving neighbors and strangers came to be understood as the principal and for many Jews the only way of loving God
