Mafia En La Frontera:

Border Bandits Camilla Fojas,2009-06-03 The southern frontier is one of the most emotionally charged zones in the United States second only to its historical predecessor and partner the western frontier Though they span many genres border films share common themes trace the mood swings of public policy and shape our cultural agenda In this examination Camilla Fojas studies how major Hollywood films exploit the border between Mexico and the United States to tell a story about U S dominance in the American hemisphere She charts the shift from the mythos of the open western frontier to that of the embattled southern frontier by offering in depth analyses of particular border films from post World War II Westerns to drug trafficking films to contemporary Latino a cinema within their historical and political contexts Fojas argues that Hollywood border films do important social work by offering a cinematic space through which viewers can manage traumatic and undesirable histories and ultimately reaffirm core American values At the same time these border narratives delineate opposing values and ideas Latino border films offer a critical vantage onto these topics they challenge the presumptions of U S nationalism and subsequent cultural attitudes about immigrants and immigration and often critically reconstruct their Hollywood kin By analyzing films such as *Duel in the Sun* *The Wild Bunch* *El Norte* *The Border Traffic* and *Brokeback Mountain* Fojas demands that we reexamine the powerful mythology of the Hollywood borderlands This detailed scrutiny recognizes that these films are part of a national narrative comprised of many texts and symbols that create the myth of the United States as capital of the Americas

Coloniality of the US/Mexico Border Roberto D.

Hernández,2018-10-23 National borders are often taken for granted as normal and necessary for a peaceful and orderly global civil society Roberto D Hernández here advances a provocative argument that borders and border violence are geospatial manifestations of long histories of racialized and gendered colonial violence In Coloniality of the U S Mexico Border Hernández offers an exemplary case and lens for understanding what he terms the epistemic and cartographic prison of modernity coloniality He adopts coloniality of power as a central analytical category and framework to consider multiple forms of real and symbolic violence territorial corporeal cultural and epistemic and analyzes the varied responses by diverse

actors including local residents government officials and cultural producers Based on more than twenty years of border activism in San Diego Tijuana and El Paso Ciudad Juárez this book is an interdisciplinary examination that considers the 1984 McDonald's massacre Minutemen vigilantism border urbanism the ongoing murder of women in Ciudad Juárez and anti border music Hernández's approach is at once historical ethnographic and theoretically driven yet it is grounded in analyses and debates that cut across political theory border studies and cultural studies The volume concludes with a theoretical discussion of the future of violence at and because of national territorial borders offering a call for epistemic and cartographic disobedience

Federal Register ,1995-02-10 La frontera caliente entre Colombia y Venezuela

Fernando Ávila, Sofía León, Elizabeth Niño Ascanio, 2013-03-01 Análisis sobre la violencia en la frontera entre Colombia y Venezuela ha aumentado descomunalmente en los últimos años. Treinta mil homicidios en una década un millón de galones de combustibles ilegalmente transportados cada año y la captura de decenas de narcotraficantes paramilitares y guerrilleros son algunas de estas cifras

Postborder City Michael Dear, Gustavo Leclerc, 2013-11-12 The postborder metropolis of Baja California stretches from Los Angeles in the north to Tijuana and Mexicali in the south. Immigrants from all over the globe flock to Southern California while corporations are drawn to the low wage industry of the Mexican border towns echoing developments in other rapid growth areas such as Phoenix, El Paso and San Antonio. This incredibly diverse transnational megacity is giving birth to new cultural and artistic forms as it rapidly evolves into something unique in the world. Postborder City is a genuinely interdisciplinary investigation of the hybrid culture on both sides of the increasingly fluid U.S.-Mexico border spanning the disciplines of art and art history, urban planning, geography, Latino studies and American studies.

[Historia de la mafia](#) John Dickie, 2015-10-08 La historia definitiva de las tres mafias italianas la Cosa Nostra la Camorra napolitana y la Ndrangheta calabresa Un recorrido fascinante desde 1860 hasta la actualidad La Mafia siciliana la Cosa Nostra no es la única sociedad criminal peligrosa de Italia El país alberga otras dos mafias importantes la Camorra napolitana y en la pobre y aislada región de Calabria la misteriosa Ndrangheta que se ha convertido en la más poderosa de la actualidad. Desde que aparecieron las tres mafias han corrompido las instituciones italianas recortado las opciones vitales de sus conciudadanos eludido la justicia y establecido su rentable intermediación como alternativa a los tribunales. Pero cada una de estas hermandades tiene sus propios métodos sus rituales salvajes y su brutalidad característica. Cada una está perfectamente adaptada para corromper y explotar su propio entorno a la vez que colabora, aprende y lucha con las otras mafias. La sombra del crimen organizado oscurece todo el país consumido por la deuda la parálisis política y la corrupción rampante. Historia de la mafia busca los orígenes de esta enfermedad en las raíces de la unificación italiana y muestra cómo la violencia política incuba grupos criminales entre los limosneros de Palermo los hediondos arrabales de Nápoles y las inhospitables aldeas de montaña calabresas. Esta es una obra de ambición asombrosa que cuenta por primera vez la historia entrecruzada de las tres mafias desde sus orígenes hasta la actualidad. John Dickie es una autoridad internacional en la historia del crimen organizado.
