Warren Murphy, Richard Sapir

Mafia Fix:

Mafia Fix Warren Murphy, Richard Sapir, 2023-09-01 The Mafia is making a power play on US soil smuggling in four shipping containers full of the finest Turkish heroin right under the Fed's noses. It's a shipment large enough to turn a generation into addicts and elevate the Cosa Nostra to new heights. This is a clear and present danger to the future of the nation; the only course for the President is to pick up a very special phone and to ask CURE to send in The Destroyer. The Destroyer is Remo Williams, an ex-cop who should be dead but instead fights for a top secret government law enforcement organisation. Trained in the esoteric martial art of Sinanju by his aged mentor Chiun, Remo is America's last line of defence. Breathlessly action-packed and boasting a winning combination of thrills, humour and mysticism, the Destroyer is one of the bestselling series of all time.

The Fix Declan Hill, 2010-04-13 The Fix is the most explosive story of sports corruption in a generation. Intriguing, riveting and compelling, it tells the story of an investigative journalist who sets out to examine the world of match-fixing in professional soccer. From the Introduction: Understand how gambling fixers work to corrupt a soccer game and you will understand how they move into a basketball league, a cricket tournament or a tennis match, all places by the way that criminal fixers have moved into. My views on soccer have changed. I still love the Saturday morning game between amateurs, the camaraderie and the fresh smell of grass. But the professional game leaves me cold. I hope you will understand why after reading the book. I think you may never look at sport in the same way again.

The Fix is in Brian Tuohy, 2010 Skeptical fan Brian Tuohy believes that the hugely profitable sports leagues have covered up the truth behind their operations: that professional sports are not all about fair play but sometimes corrupt interactions with mass media and players in the sports machine. And Tuohy can back these charges with an explicitly cited history of backroom dealings in football, baseball, basketball, hockey and car racing. **THE FIX IS IN** provides the shadow history of the sports world and the way it interacts with media and gambling operations.

Mafia, Deviant Masons and Corruption Anna Sergi, Alberto Vannucci, 2023-05-29 This book is the first to consider the intersection between mafia power and deviant masonic lodges within the political sphere of the contemporary Italian state. At its core, it offers an analysis of the shifting interactions across powerful actors and the ways in which they balance reciprocal obedience and a unique insight into the political processes where mafia actors and deviant lodges play a significant role in the allocation of resources. **Mafia, Deviant Masons and Corruption** draws on a wealth of literature from across criminology and political science and a range of primary data sources including judicial files, indictments, arrest warrants, intercepted materials and sentences for key cases, official documentation from Parliamentary commissions and special committees of inquiry, rituals of affiliation and codes of initiation and interviews with prosecutors, journalists and experts. In doing so, it redefines how we have come to understand the relationship between mafias and power in Italy. It considers how criminal groups are defined and enriched by a relational capital in shifty environments where every actor assumes often a double nature: the mafia boss acts as an entrepreneur; the entrepreneur acts

as a politician the politician mixes with masons a deviant mason supports mafia organisations This book is a major contribution to the literature on mafias and organised crime across criminology sociology and political science and will be of great interest to students researchers scholars and engaged general readers Coin of the Realm Warren Murphy, Richard Sapir, 2023-09-01
