Middle English Group, 1967 *A Manual of the Writings in Middle English 1050-1400* John Edwin Wells, 1919 **The Library** Sir John Young Walker MacAlister, Alfred William Pollard, Ronald Brunlees McKerrow, Sir Frank Chilton Francis, 1920 *Middle English Devotional Compilations* Diana Denissen, 2019-10-15 The book offers a new perspective on late medieval compiling activity Additionally it offers a more nuanced perspective on late medieval religious culture in England Lastly it examines three major but understudied Middle English texts in depth the Pore Caitif The Tretyse of Love and A Talkyng of the Love of God *What Kind of a Thing Is a Middle English Lyric?* Cristina Maria Cervone, Nicholas Watson, 2022-08-30 What Kind of a Thing Is a Middle English Lyric considers issues pertaining to a corpus of several hundred short poems written in Middle English between the twelfth and early fifteenth centuries The chapters draw on perspectives from varied disciplines including literary criticism musicology art history and cognitive science Since the early 1900s the poems have been categorized as lyrics the term now used for most kinds of short poetry yet neither the difficulties nor the promise of this treatment have received enough attention In one way the book argues considering these poems to be lyrics obscures much of what is interesting about them Since the nineteenth century lyrics have been thought of as subjective and best read without reference to cultural context yet nonetheless they are taken to form a distinct literary tradition Since Middle English short poems are often communal and usually spoken sung and or danced this lyric template is not a good fit In another way however the very differences between these poems and the later ones on which current debates about the lyric still focus suggest they have

much to offer those debates and vice versa As its title suggests this book thus goes back to the basics asking fundamental questions about what these poems are how they function formally and culturally how they are and are not related to other bodies of short poetry and how they might illuminate and be illuminated by contemporary lyric scholarship Eleven chapters by medievalists and two responses by modernists all in careful conversation with one another reflect on these questions and suggest very different answers The editors introduction synthesizes these answers by suggesting that these poems can most usefully be read as a kind of play in several senses of that word The book ends with eight new Middle English lyrics by seven contemporary poets

The Motifs and Characters in the Gest Hystoriale of the Destruction of Troy and in the Laud Troy Book Walter Wilflingseder, 2007 Both the alliterative *Gest Hystoriale of the Destruction of Troy* c 1400 and the *Laud Troy Book* c 1400 a metrical romance deal with the lives and feats of chivalric heroes and place special emphasis on the psychological effects of love This book is a study of the motifs in John Clerk's and the *Laud* poet's narratives and of their characterization of the Trojan War's principal actors Both writers used the same source but their preferences for motifs and their attitudes toward the persons involved were often quite different Thirteen illustrations mainly from medieval Guido manuscripts serve as a stimulus to those who want to know more about the medieval understanding of the Trojan War
