Population Politics in the Tropics Samuël Coghe,2022-02-03 Population Politics in the Tropics explores colonial population policies in Angola between 1890 and 1945 from a transimperial perspective Using a wide array of previously unused sources and multilingual archival research from Angola Portugal and beyond Samu l Coghe sheds new light on the history of colonial Angola showing how population policies were conceived implemented and contested He analyses why and how doctors administrators missionaries and other colonial actors tried to grasp and quantify demographic change and improve the health conditions reproductive regimes and migration patterns of Angola s native population Coghe argues that these interventions were inextricably linked to pervasive fears of depopulation and underpopulation but that their implementation was often hampered by weak state structures internal conflicts and multiple forms of African agency Coghe s fresh analysis of demography health and migration in colonial Angola challenges common ideas of Portuguese colonial exceptionalism
