Illinois in the War of 1812 Gillum Ferguson, 2012-01-26 Russell P Strange Book of the Year Award from the Illinois State Historical Society 2012 On the eve of the War of 1812 the Illinois Territory was a new land of bright promise Split off from Indiana Territory in 1809 the new territory ran from the junction of the Ohio and Mississippi rivers north to the U S border with Canada embracing the current states of Illinois Wisconsin and a part of Michigan The extreme southern part of the region was rich in timber but the dominant feature of the landscape was the vast tall grass prairie that stretched without major interruption from Lake Michigan for more than three hundred miles to the south The territory was largely inhabited by Indians Sauk Potawatomi Kickapoo and others By 1812 however pioneer farmers had gathered in the wooded fringes around prime agricultural land looking out over the prairies with longing and trepidation Six years later a populous Illinois was confident enough to seek and receive admission as a state in the Union What had intervened was the War of 1812 in which white settlers faced both Indians resistant to their encroachments and British forces poised to seize control of the upper Mississippi and Great Lakes The war ultimately broke the power and morale of the Indian tribes and deprived them of the support of their ally Great Britain Sometimes led by skillful tacticians at other times by blundering looters who got lost in the tall grass the combatants showed each other little mercy Until and even after the war was concluded by the Treaty of Ghent in 1814 there were massacres by both sides laying the groundwork for later betrayal of friendly and hostile tribes alike and for ultimate expulsion of the Indians from the new state of Illinois In this engrossing new history published upon the war's bicentennial Gillum Ferguson underlines the crucial importance of the War of 1812 in the development of Illinois as a state The history of Illinois in the War of 1812 has never before been told with so much attention to the personalities who fought it the events that defined it and its lasting consequences Endorsed by the Illinois Society of the War of 1812 and the Illinois War of 1812 Bicentennial Commission

The Fur Trade of the American West David J. Wishart, 1992-01-01 In stressing the exploitation and destruction of the physical and human environment rather than the usual frontier romanticism David Wishart has provided for students of the trans Mississippi fur trade a valuable service Journal of the Early Republic A standard reference work that should be required reading for all students of the American west Pacific Historical Review The whole fur trade system is traced out from the Green River rendezvous or the Fort Union post to the trading houses of St Louis and the auctions in New York and Europe Such factors as capital formation shifting commercial institutions the role of advanced market information and the nature kinds costs and speed of transportation are

all worked into the story as is the relationship of the whole fur trade to national and international business cycles This is an impressive achievement for a book so brief It opens out onto new methodological vistas and paradigms in western history William H Goetzmann New Mexico Historical Review David J Wishart is a professor of geography at the University of Nebraska Lincoln He is the winner of the John Brinckerhoff Jackson Prize for distinguished books in American geography sponsored by the Association of American Geographers for *An Unspeakable Sadness The Dispossession of the Nebraska Indians* also available from the University of Nebraska Press *The American Decisions, Containing All the Cases of General Value and Authority Decided in the Courts of the Several States*, 1881 Slavery and Crime in Missouri, 1773-1865 Harriet C. Frazier, 2001-01-01 Slavery and its lasting effects have long been an issue in America with the scars inflicted running deep This study examines crimes such as stealing burglary arson rape and murder committed against and by slaves with most of the author's information coming from handwritten court records and newspapers These documents show the death penalty rarely applied when a slave killed another slave but that it always applied when a slave killed a white person Despite Missouri's grim criminal justice system the state's best lawyers were called upon to represent slaves in court on serious criminal charges and federal law applied to all persons granting slaves in Missouri protection that few other slave states had By 1860 Missouri's population was only 10 percent slave the smallest percentage of any slave state in America **House Documents, Otherwise Publ. as Executive Documents** United States.
