,1876 **Warm Bricks at My Feet** Marian Love,2014-04-10 By writing my familys memoirs I have tried to open a window into the life of my family first generation Danish immigrants who came to America not to escape an oppressive government or economic crisis but to seek ownership and control of their lives and their future I describe their love of family as well as their internal and cultural struggles My parents and siblings faced numerous challenges and uncertainties while raising a large family struggling through the Great Depression and renewing their determination amidst successes and failures joys and tragedies My family wore the stamp of first generation immigrants with all the uncertainties of living in a new country and speaking only a foreign language Nevertheless we had the sense that we were special though our home clothes and other worldly possessions declared otherwise By some small miracle we all survived and achieved varying degrees of success each in our own way Writing this book has been a journey of heart and mind as I recount stories about my family and myself Like most children I seek to understand who I am from my origin and experiences My parents left indelible marks on me my siblings and the generations that have followed May this memoir enlighten and give context and a measure of insight to family and friends and all those who wonder about the experiences of life we share with our fellow travelers everywhere

Tanner, Boy Orphan Fred Tanner,2005 This book is about a family finding themselves in a desperate situation after the loss of their mother With help from caring individuals a home was found for the children at the Methodist Children s Home in Winston Salem NC Pop Woosley and his dedicated and understanding care givers provided the education and leadership that directed the children toward an opportunity for a better life The life of the boy Fred Tanner and what his physical and emotional experiences were well documented as he describes the daily life at this home where he lived for 16 years In some instances living in an orphanage is much better than living in some family situations The structured living environment was so designed that one home mother could manage the behavior of 30 boys The boys had the opportunity to get into boyhood mischief and that they did Boys had their own understanding of orphan humor Some boys lived the life that would rival Huckleberry Finn and Tom Sawyer while some boys were mellow and studious Through sports work responsibility scouting and some social events the boys were mellowed somewhat into responsible young boys Hard work and discipline were a matter of fact and became the life habits of most of that were raised at this home Opportunity for further education was made available through work programs and college assistance to those that wished to attend Most all boys served a tour in the military Children and their parents many in not much better situations than we were gave their pennies and nickles so that we could have a pair of shoes or a decent set of clothes This was most humiliating Other people of means were kind enough to see the need of over four hundred children
