Manuscripts From Saint Albans Abbey Set:

Alban and St Albans: Roman and Medieval Architecture, Art and Archaeology: v. 24 Philip Lindley, Martin Heing, 2024-11-01 This is a collection of eighteen papers presented at a conference that was held at the Hatfield Campus of the University of Hertfordshire with 122 members and guests from the United Kingdom the United States of America Germany and Norway were present The papers are on the research on various aspects of the art and architecture of the abbey at St Albans and provides an ideal forum for bringing together many aspects of the abbey s history **The Grove Encyclopedia of Medieval Art and Architecture** Colum Hourihane, 2012 This volume offers unparalleled coverage of all aspects of art and architecture from medieval Western Europe from the 6th century to the early 16th century Drawing upon the expansive scholarship in the celebrated Grove Dictionary of Art and adding hundreds of new entries it offers students researchers and the general public a reliable up to date and convenient resource covering this field of major importance in the development of Western history and international art and architecture St Albans Abbey: The Excavation of the Chapter House 1978 Martin Biddle, Birthe Kjølbye-Biddle, Megan Kirkpatrick, Francis M. Morris, 2024-06-13 Excavations at the site of the medieval chapter house of St Albans Abbey in 1978 uncovered fragments of decorated floor tiles of the Anglo Saxon abbey and associated burials along with the magnificent floor of relief decorated tiles of the medieval chapter house and the graves of 16 known figures of the late 11th to 15th century abbey The Long Twelfth-Century View of the Anglo-Saxon Past Martin Brett, David A. Woodman, 2016-03-03 Scholars have long been interested in the extent to which the Anglo Saxon past can be understood using material written and produced in the twelfth century and simultaneously in the continued importance or otherwise of the Anglo Saxon past in the generations following the Norman Conquest of England In order to better understand these issues this volume provides a series of essays that moves scholarship forward in two significant ways Firstly it scrutinises how the Anglo Saxon past continued to be reused and recycled throughout the longue dur e of the twelfth century as opposed to the early decades that are usually covered Secondly by bringing together scholars who are experts in various different scholarly disciplines the volume deals with a much broader range of historical linguistic legal artistic palaeographical and cultic evidence than has hitherto been the case Divided into four main parts The Anglo Saxon Saints Anglo Saxon England in the Narrative of Britain Anglo Saxon Law and Charter and Art history and the French Vernacular it scrutinises the majority of different genres of source material that are vital in any study of early medieval British history In so doing the resultant volume will become a standard reference point for students and scholars alike interested in the ways in which the Anglo Saxon past continued to be of importance and interest throughout the twelfth century **British Archives** Janet Foster, Julia Sheppard, 1995-09-27 Since it was first published in 1982 British Archives has established itself as the premier reference work to holdings of archives and manuscript collections throughout the UK The 3rd edition has been extensively revised and enlarged with more than 150 new entries further widening the range of the

book Entries are structured to show the archives of the organisation as distinct from deposited collections and significant non manuscript material and additional details of fax number and conservation provision are included for the first time All the existing entries have been significantly updated together with the select bibliography and list of useful addresses of various organisations involved in the care and custody of archives The introduction provides an invaluable guide to researchers using archives including a summary of the relevant legislation and a detailed description of the usual holdings of county and other local authority record offices

The Chronica Maiora of Thomas Walsingham, 1376-1422 Thomas Walsingham, 2005
Translated by David Preest with introduction and notes by James G Clark Thomas Walsingham's *Chronica maiora* is one of the most comprehensive and colourful chronicles to survive from medieval England Walsingham was a monk at St Albans Abbey a royal monastery and the premier repository of public records and therefore well placed to observe the political machinations of this period at close hand Moreover he knew the monarchs and many of the nobles personally and is able to offer insights into their actions unmatched by any other authority It is this narrative transmitted through the popular Tudor histories of Hall Stow and Holinshed which provides the principle source for Shakespeare's sequence of history plays Covering almost fifty years the narrative provides the most authoritative account of one of the most turbulent periods in English history from the last years of Edward III 1376-77 to the premature death of Henry V 1422 Walsingham describes the many dramas of this period in vivid detail including the Peasants Revolt 1381 the deposition and murder of Richard II 1399 1400 The Welsh revolt of Owain Glyndwr 1403 and Henry V's victory at Agincourt 1415 they are brought to life here in this new translation

British Archives J. Foster, J. Sheppard, 2016-04-30 British Archives is the foremost reference guide to archive resources in the UK Since publication of the first edition more than ten years ago it has established itself as an indispensable reference source for everyone who needs rapid access to archives and archive repositories in this country Over 1200 entries provide detailed information on the nature and extent of the collection as well as the organization holding it A typical entry includes name of repository parent organization address telephone fax email and website number for enquiries days and hours of opening access restrictions acquisitions policy archives of organization major collections non manuscript material finding aids facilities conservation publications New to this edition email and web address expanded bibliography consolidated repository and collections index

England and the Twelfth-Century Renaissance Rodney M. Thomson, 2024-10-28 Books and learning in 12th century Europe are the broad concern of the nineteen papers assembled here The discussion of books ranges from important individual manuscripts to collections manufactured in scriptoria and kept in libraries the learning is primarily the composition transmission and study of Latin literary texts both ancient and contemporary Special attention is given to the Latin classics to the literary culture of the larger Benedictine houses to the phenomenal quantity of Latin satirical writing of the period and to the dissemination and reception of texts and ideas over time While the geographical focus is England the relationship of English materials and developments to the wider European

context is constantly emphasized **A Monastic Renaissance at St Albans** James G. Clark, 2004-12-09 A Monastic Renaissance at St Albans is a study of intellectual life teaching preaching the production of books and the pursuit of scholarship at one of England's greatest monasteries at the end of the Middle Ages It has always been assumed that the monasteries fell into decline long before the Dissolution but this study demonstrates the continuing vitality of education and learning in English cloisters and even uncovers evidence of a revival in Classical studies comparable to the continental Renaissance Lost Artefacts from Medieval England and France Katherine Baker, 2022 Contemporary descriptions of objects no longer extant examined to reconstruct these lost treasures Surviving accounts of the material culture of medieval Europe including buildings boats reliquaries wall paintings textiles ivory mirror cases book bindings and much more present a tantalising glimpse of medieval life hinting at the material richness of that era However students and scholars of the period will be all too familiar with the frustration of trying to piece together a picture of the past from a handful of fragments The material turn has put art architecture and other artefacts at the forefront of historical and cultural studies and the resulting spotlight on the material culture of the past has been illuminating for researchers in many fields Nevertheless the loss of so much of the physical remnants of the Middle Ages continues to thwart our understanding of the period and much of the knowledge we often take for granted is based on a series of arbitrary survivals The twelve essays in this book draw on a wide array of sources and disciplines to explore how textual records from the chronicles of John of Worcester and Matthew Paris and inventories of monastic treasures and noble women to Beowulf and early English riddles when combined with archaeological and art historical evidence can expand our awareness of artistic and cultural environments Touching on a broad range of issues around how we imaginatively reconstruct the medieval past and a variety of objects both precious and ephemeral this volume will be of fundamental interest to medieval scholars whatever their disciplinary field Contributors Katherine Baker Marian Bleeke Deirdre Carter Laura Cleaver Judith Collard Joshua Davies Kathryn Gerry Karl Kinsella Katherine A Rush Katherine Weikert Beth Whalley Victoria Yuskaitis **"Take Hold of the Robe of a Jew": Herbert of Bosham's Christian Hebraism** Deborah Goodwin, 2006-03-01 This engaging meticulously documented study explores the complex sometimes conflicting motives of Christian hebraists It locates Herbert of Bosham's twelfth century Psalms commentary at the nexus of the intellectual and social movements of his day and elucidates the complex situations that contributed to Christians divergent perspectives on the Jews Was the twelfth century a rare period of collaboration between Christian and Jewish exegetes or did anti-Semitism originate in the texts of the era's Christian polemicists Modern scholars have been divided on these questions This study of Herbert's commentary which relied on the Hebrew commentary of R Solomon ben Isaac of Troyes articulates a more nuanced integrated approach to medieval Jewish Christian relations and provides transcriptions from the unpublished manuscript *Text, Image, Message* Leslie D. Ross, 1994-05-30 Ross provides a broad survey of pictures and texts concerning saints from the Early Christian through the late Gothic period Both Western

and Byzantine material is included Beginning with the earliest pictures of and stories about saints the book traces the evolution of hagiographic imagery primarily in manuscript contexts Because of its cross disciplinary nature it will be of interest to audiences interested in Early Christian Byzantine and Western medieval culture religion society politics and art No other book to date is organized similarly in providing detailed descriptions for the identification of medieval manuscripts with hagiographic texts and illustrations *Routledge Revivals: Medieval England (1998)* Paul E. Szarmach, M. Teresa Tavormina, Joel T. Rosenthal, 2017-07-05 First published in 1998 this valuable reference work offers concise expert answers to questions on all aspects of life and culture in Medieval England including art architecture law literature kings women music commerce technology warfare and religion This wide ranging text encompasses English social cultural and political life from the Anglo Saxon invasions in the fifth century to the turn of the sixteenth century as well as its ties to the Celtic world of Wales Scotland and Ireland the French and Anglo Norman world of the Continent and the Viking and Scandinavian world of the North Sea A range of topics are discussed from Sedulius to Skelton from Wulfstan of York to Reginald Pecock from Pictish art to Gothic sculpture and from the Vikings to the Black Death A subject and name index makes it easy to locate information and bibliographies direct users to essential primary and secondary sources as well as key scholarship With more than 700 entries by over 300 international scholars this work provides a detailed portrait of the English Middle Ages and will be of great value to students and scholars studying Medieval history in England and Europe as well as non specialist readers
