In pursuing modernization, **China will not tread the old path of war, colonization and plunder** taken by some countries. That brutal and blood-stained path of enrichment at the expense of others caused great suffering for the people of developing countries. **Dedicated to peace, development, cooperation and mutual benefit**, we will strive to safeguard world peace and development as we pursue our own development, and we will make greater contributions to world peace and development through our own development.

China Since the 'Gang of Four' Bill Brugger, 2018-09-18 This book first published in 1980 addresses the questions raised by the death of Mao Zedong and the arrest of the Gang of Four Was China reverting to a capitalist form of development and abandoning Mao's policies Was China's leadership remaining loyal to Mao's strategy but correcting damage done by the Gang of Four The essays in this book analyse these questions and illustrate differences in interpretation amongst the post Mao leadership Individual chapters deal with disagreements over political line the role of the CCP economic policy and industrial management policy towards the rural sector controversies over the role of art and literature the nature and function of the education system and the incorporation of China into the international economy

Science and Technology in Post-Mao China Denis Fred Simon, Merle Goldman, 2020-10-26 Along with the political and economic reforms that have characterized the post Mao era in China there has been a potentially revolutionary change in Chinese science and technology Here sixteen scholars examine various facets of the current science and technology scene comparing it with the past and

speculating about future trends Two chapters dealing with science under the Nationalists and under Mao are followed by a section of extensive analysis of reforms under Deng Xiaoping focusing on the organizational system the use of human resources and the emerging response to market forces Chapters dealing with changes in medical care agriculture and military research and development demonstrate how these reforms have affected specific areas during the Chinese shift away from Party orthodoxy and Maoist populism toward professional expertise as the guiding principle in science and technology Three further chapters deal with China's interface with the world at large in the process of technology transfer Both the introductory and concluding chapters describe the tension between the Chinese Communist Party structure with its inclinations toward strict vertical control and the scientific and technological community's need for a free flow of information across organizational disciplinary and national boundaries

Economic Transition and Political Legitimacy in Post-Mao China Feng Chen, Feng Chen, 1995-01-01 Tracing the role of ideas in Chinese economic reform from 1978 to the present this book explores the conversion of China's policymakers to capitalist economic thinking Chen argues that the reform process has created a gap between the legitimacy of the leadership which remains rooted in Marxist Leninist ideology and the practice of reform which has abandoned such ideological constraints Through a systematic survey of party documents and resolutions official publications leaders speeches academic journals and newspapers Chen shows how Chinese policymakers reconceptualized the ownership system and adjusted related policies Focusing on a number of economic policy issue areas such as state economy rural reform privatization and income distribution he analyzes in depth the implications of this gap for the current Chinese leadership and the future of China's political development

 ,1964 **Competing Economic Paradigms in China** Steven Mark Cohn,2017-09-05 When the Chinese economic reforms
 began in 1978 Marxist economics infused all the institutions of economic theory in China from academic departments and
 economics journals to government departments and economic think tanks By the year 2000 neoclassical economics
 dominated these institutions and organized most economic discussion This book explains how and why neoclassical economic
 theory replaced Marxist economic theory as the dominant economics paradigm in China It rejects the idea that the rise of
 neoclassical theory was a triumph of reason over ideology and instead using a sociology of knowledge approach links the rise
 of neoclassical economics to broad ideological currents and to the political economic projects that key social groups inside
 and outside China wanted to enable The book concludes with a discussion of the nature of economic theory and economics

 He,2023-09-18 Since the Opium War of 1840 China has pioneered a uniquely Chinese Path to modernization created a new
 model for human advancement and expanded the channels for developing countries to achieve modernization The formation
 and extension of the Chinese Path shows that modernization need not mean Westernization By reviewing the marvels that
 have taken place in the evolution of the Path the book reveals the inevitability of the formation of the Chinese Path highlights
 its uniqueness advantages and dynamics and its relevance for humanity s search for alternative ways to successfully
 modernize It provides both a diachronic account of the intrinsic vitality and a synchronic interpretation of the superiority of
 the Chinese Path despite the so many twists and turns China has gone through The message it delivers is loud and clear the
 Chinese Path which is completely different from the Western path to modernization is a sure path to realizing the
 rejuvenation and modernization of the Chinese nation and offers a Chinese approach to solving problems facing humankind
