an invaluable resource on this dynamic region of Europe **Eastern Europe, Asia, Oceania and Antarctica** R. Böhme, R. W. Anson, 2013-10-22 This volume completes the International Cartographic Association's trilogy which has been prepared to provide an Inventory of World Topographic Mapping and contains specific details relating to the current coverage of states located in Eastern Europe, Asia, Pacific and Antarctica. The geographical positions of countries described are illustrated by means of a series of accompanying reference maps. The information supplied for each country consists of a text including a brief history of the development of topographic mapping, geodetic data, map scales and series as well as extracts of maps and index sheets illustrating the present status of map coverage within that country. There is currently no other work employing the approach adopted in assembling this inventory. This work is a comprehensive and important reference and source book for information in the field of topographic mapping Eastern Europe Unmapped Irene Kacandes, Yuliya Komska, 2017-10-01 Arguably more than any other region, the area known as Eastern Europe has been defined by its location on the map. Yet its inhabitants, from statesmen to literati and from cultural economic elites to the poorest emigrants, have consistently forged or fathomed links to distant lands, populations and intellectual traditions. Through a series of inventive cultural and historical explorations, *Eastern Europe Unmapped* dispenses with scholars' long-time preoccupation with national and regional borders, instead raising provocative questions about the area's non-contiguous and frequently global or extraterritorial entanglements.
