The Maple Leaf Forever Barry D. Rowland, J. Douglas MacFarlane, 1987-01-01 *Fighting with the Empire* Steve Marti, William John Pratt, 2019-04-01 Canadians often characterize their military history as a march toward nationhood but in the first eighty years of Confederation they were fighting for the British Empire From 1867 to 1947 war or threat of war forced Canadians to define and redefine their relationship to Britain and to one another As French Canadians Indigenous peoples and those with roots in Continental Europe and beyond mobilized in support of imperial war efforts their participation challenged the imagined homogeneity of Canada as a British nation From soldiers overseas to workers on the home front and from the cultural ties of imperial pageantry to the bonds of race and class *Fighting with the Empire* examines the paradox of a national contribution to an imperial war effort This insightful collection of connected case studies explores the middle ground between narratives that celebrate the emergence of a nation through warfare and those that equate Canadian nationalism with British imperialism *The Information Front* Timothy Balzer, 2011 In wartime capturing the hearts and minds of the citizenry is arguably as important as victory on the battlefield *The Information Front* explores the Canadian military's use of public relations units to manage news during the Second World War These specialized units were responsible for providing sufficient and positive news coverage to Canadians at home This fascinating study traces the transformation of an emergent PR organization into an efficient publicity machine It also scrutinizes news coverage and PR activities during major Canadian operations at Dieppe Sicily and Normandy to reveal how the military used censorship and propaganda to rally support for the war effort *Fight to the Finish* Tim Cook, 2015-09-29 Winner of the 2016 Ottawa Book Award The magisterial second volume of Tim Cook's definitive account of Canadians fighting in the Second World War Historian Tim Cook displays his trademark storytelling ability in the second volume of his masterful account of Canadians in World War II Cook combines an extraordinary grasp of military strategy with a deep empathy for the soldiers on the ground at sea and in the air Whether it's a minute by minute account of a gruelling artillery battle vicious infighting among generals the scene inside a medical unit or the small details of a soldier's daily life Cook creates a compelling narrative He recounts in mesmerizing detail how the Canadian forces figured in the Allied bombing of Germany the D Day landing at Juno beach the taking of Caen and the drive south Featuring dozens of black and white photographs and moving excerpts from letters and diaries of servicemen *Fight to the Finish* is a memorable account of Canadians who fought abroad and of the home front that was changed forever **The Rise of the Canadian Newspaper** George Fetherling, 1990 This lively readable survey describes how Canadian newspapers were born as a tool of government gradually became a tool of various political parties and freed themselves only after their popularity had been surpassed by television and other media A valuable account of social history this book traces the rise of Canadian newspapers from the Colonial Reform Press and their crucial political role through the western expansion and development of professional staff and reporters to the birth of independent papers
