Anderson, 2000 This book engages with and develops current debates about desire and sexual identification by focusing on a wide selection of contemporary literature film and theory These texts range from the novels of Alan Hollinghurst and Paul Magrs to the work of Pedro Almodovar RuPaul Derek Jarman and Camille Paglia as well as TV programs like Ellen and Shinjuku Boys and individual films such as Collard s Savage Nights The Ashgate Research Companion to Queer Theory Noreen Giffney, Michael O'Rourke, 2016-03-23 This interdisciplinary volume of thirty original essays engages with four key concerns of queer theoretical work identity discourse normativity and relationality. The terms gueer and theory are put under interrogation by a combination of distinguished and emerging scholars from a wide range of international locations in an effort to map the relations and disjunctions between them These contributors are especially attendant to the many theoretical discourses intersecting with queer theory including feminist theory LGBT studies postcolonial theory psychoanalysis disability studies Marxism poststructuralism critical race studies and posthumanism to name a few This Companion provides an up to the

minute snapshot of queer scholarship from the past two decades and identifies many current directions queer theorizing is taking while also signposting several fruitful avenues for future research This book is both an invaluable and authoritative resource for scholars and an indispensable teaching tool for use in the classroom Berlin Divided City, 1945-1989 Philip Broadbent, Sabine Hake, 2010 A great deal of attention continues to focus on Berlin's cultural and political landscape after the fall of the Berlin Wall but as yet no single volume looks at the divided city through an interdisciplinary analysis This volume examines how the city was conceived perceived and represented during the four decades preceding reunification and thereby offers a unique perspective on divided Berlin's identities German historians art historians architectural historians and literary and cultural studies scholars explore the divisions and antagonisms that defined East and West Berlin and by tracing the little studied similarities and extensive exchanges that occurred despite the presence of the Berlin Wall they present an indispensible study on the politics and culture of the Cold War Making a Scene Liz Millward, 2015-11-15 Starting in the mid 1960s Canadian lesbians started leaving their closets en masse to find each other and build community After decades of being pathologized or erased from public view lesbians were ready to make a scene both by bringing attention to themselves and by creating physical spaces and opportunities where they could meet to form relationships debate politics and forge their own culture Making a Scene documents the lesbian movement that emerged in Canada between 1964 and 1984 Not just a story of big city life it chronicles the range of spaces lesbians created across rural and urban Canada from physical locations such as lesbian and gay centres bookstores and private members clubs to ephemeral sites of encounter such as conferences festivals and Dykes in the Streets marches Enriched by interviews and excerpts from letters club meeting minutes diaries and more Making a Scene brings to life the exuberance and determination of these young women **Oueer Presences and Absences** Yvette Taylor, Michelle Addison, 2013-04-09 This book explores changes and continuations in lesbian gay bisexual transgender and queer lives identities and spatial practices in the 21st century from around the globe using a range of methods to connect pasts places and policies with contemporary times linking individual and social presences and absences affectively and materially Community, Space and Online Censorship Scott Beattie, 2016-05-23 Internet censorship is a controversial topic while the media periodically sounds alarms at the dangers of online life the uncontrollable nature of the internet makes any kind of pervasive regulatory control impossible This book compares the Australian solution a set of laws which have been criticized as being both draconian and ineffectual to major regulatory systems in the UK and US and understanding what drives them The impossibility of internet regulation opens deeper issues what do we mean by regulation and how do we judge the certainty and effectiveness of law These questions lead to an exploration of the theories of legal geography which provide tools to understand and evaluate regulatory practices The book will be a valuable guide for academics students and policy makers working in media and censorship law those from a civil liberties interest and people interested in internet theory generally Oral Histories of Older Gay Men in Hong Kong Travis S. K. Kong, 2019-08-15

This is very personal and private but I ve told you everything Old Chan thus gives voice to the attitude expressed in all thirteen stories told in this intimate oral history of life at the margins of Hong Kong society stories punctuated by laughter joy happiness and pride as well as tears anger remorse shame and guilt Illustrated with photos letters and other images Oral Histories of Older Gay Men in Hong Kong Unspoken but Unforgotten gives voice to the complexities of a secretive past with unique hardships as these men came to terms with their sexuality adulthood and a colonial society The men talk with equal candour about how their sexuality remains a complication as they negotiate failing health ageing and their current role in society While fascinating as life histories these stories also add insight to the theoretical debates surrounding identity and masculinity coming out ageing and sexuality and power and resistance Confined within the heteronormative culture prescribed by government family and religion these men have lived the whole of their lives struggling to find their social role challenging the distinction between public and private and longing for a stable homosexual relationship and a liberating homosexual space in the face of deteriorating health and a youth obsessed gay community This book makes an original contribution Very few scholars anywhere have recorded the lives of older gay men The stories of the men in this collection are intrinsically interesting often poignant and make for a compelling read These life narratives really need to be preserved and made available to a wide audience they are valuable historical documents Stevi Jackson The University of York Kong s work demonstrates the potential and power of research to not only understand and describe phenomena but to effect change to make a difference Clearly this book has made a difference not only in the lives of the interviewees but much more broadly as through the book in its original language and the hopeful inclusive message the group epitomizes and shares Brian de Vries San Francisco State University Conspicuous Consumption in Africa Ilana van Wyk, Deborah Posel, 2019-05-01 A collection of essays examining cultures of consumption on the African continent From early department stores in Cape Town to gendered histories of sartorial success in urban Togo contestations over expense accounts at an apartheid state enterprise elite wealth and political corruption in Angola and Zambia the role of popular religion in the political intransigence of Jacob Zuma funerals of big men in Cameroon youth cultures of consumption in Niger and South Africa queer consumption in Cape Town middle class food consumption in Durban and the consumption of luxury handcrafted beads this collection of essays explores the ways in which conspicuous consumption is foregrounded in various African contexts and historical moments The essays in Conspicuous Consumption in Africa put Thorstein Veblen's concept under robust critical scrutiny delving into the pleasures stresses and challenges of consuming in its religious generational gendered and racialised aspects revealing conspicuous consumption as a layered set of practices textures and relations This volume shows how central and revealing conspicuous consumption can be to fathoming the history of Africa's projects of modernity and their global lineages and legacies In its grounded up close case studies it is likely to feed into current public debates on the nature and future of African societies South African society in particular **Sex, Time and Place** Simon Avery, Katherine M. Graham, 2016-10-06

Sex Time and Place extensively widens the scope of what we might mean by gueer London studies Incorporating multidisciplinary perspectives including social history cultural geography visual culture literary representation ethnography and social studies this collection asks new questions widens debates and opens new subject terrain Featuring essays from an international range of established scholars and emergent voices the collection is a timely contribution to this growing field Its essays cover topics such as activist and radical communities and groups AIDS and the city art and literature digital archives and technology drag and performativity lesbian Londons notions of bohemianism and deviancy sex reform and research and queer Black history Going further than the existing literature on Queer London which focuses principally on the experiences of white gay men in a limited time frame Sex Time and Place reflects the current state of this growing and important field of study It will be of great value to scholars students and general readers who have an interest in queer history London studies cultural geography visual cultures and literary criticism A Companion to Cultural Geography James Duncan, Nuala C. Iohnson, Richard H. Schein, 2008-04-15 A Companion to Cultural Geography brings together original contributions from 35 distinguished international scholars to provide a critical overview of this dynamic and influential field of study Provides accessible overviews of key themes debates and controversies from a variety of historical and theoretical vantage points Charts significant changes in cultural geography in the twentieth century as well as the principal approaches that currently animate work in the field A valuable resource not just for geographers but also those working in allied fields who wish to get a clear understanding of the contribution geography is making to cross disciplinary debates Generations of Youth Joe Alan Austin, Michael Nevin Willard, Michael Willard, 1998-06 Contains twenty six chronologically arranged essays in which social historians and American cultural studies scholars examine American youth and youth cultures over the course of the Queerying Planning Petra L. Doan, 2016-05-23 Current planning practices have largely neglected the twentieth century needs of the Lesbian Gay Bisexual and Transgender LGBT community for safe urban spaces in which to live work and play This volume fills the gap in the literature on the planning and development of queer spaces and highlights some of the resistance within the planning profession to incorporate gay and lesbian concerns into the planning mainstream Planning lags behind other disciplines concerned with queer urban issues In contrast the field of geography has developed a rich sub specialty in the geographies of sex and gender that examines spaces and the variety of non heteronormative populations that inhabit them This volume brings together both planners and geographers with experience in planning to examine some of the fundamental assumptions of urban planning as they relate to the LGBT community The first few chapters are substantial revisions and expansions of earlier influential work on planning for non conformist populations and the preservation of LGBT neighborhoods Subsequent chapters comprise original contributions that draw on the rich literature from queer theory planning theory and the geography of sexualities to explore the ways that nonconformist populations struggle with heteronormative expectations embedded in planning theory and procedures These chapters consider the intersection of

planning and a range of populations including transgendered and gender variant individuals Subsequent chapters examine the ways that variations in the scale of urban and regional governance influence local politics around the implementation of more equitable policies at the city level In addition several chapters critically examine the implications of using the tolerance component of Richard Florida's creative cities arguments. The final section consists of two chapters that explore the ways that urban planning regimes have been used to regulate sexually oriented businesses and the way this regulation of sexualized spaces has implications on the heteronormativity of plans and planners. In summary these chapters interrogate planning practice and pose questions for academic and professional planners about the ways that the queer community and its needs for spaces have shifted What do those changes mean for the practice of planning 40 years after the North American Stonewall rebellion and looking forward to the next 40 years. To what extent does existing planning practice constrain the evolution of queer communities or seek to commercialize such spaces to the benefit of large developers and the detriment of marginalized members of the community How might planning practice change to provide more direct support to the evolution of queer people and the spaces in which they live This volume draws on these insights as well as the experiences of the various authors to lay out possible future directions for the field of planning to create truly inclusive urban areas

Theory and Methods Chris Philo, 2017-05-15 This volume tackles the complex terrain of theory and methods seeking to exemplify the major philosophical social theoretic and methodological developments some with clear political and ethical implications that have traversed human geography since the era of the 1960s when spatial science came to the fore Coverage includes Marxist and humanistic geographies and their many variations over the years as well as ongoing debates about agency structure and the concepts of time space place and scale Feminist and other positioned geographies alongside poststructuralist and posthumanist geographies are all evidenced as well as writings that push against the very limits of what human geography has embraced over these fifty plus years The volume combines readings that are well known and widely accepted as classic with readings that while less familiar are valuable in how they illustrate different possibilities for theory and method within the discipline The volume also includes a substantial introduction by the editor contextualising the readings and in the process providing a new interpretation of the last half century of change within the thoughts and practices of human geography The Wiley-Blackwell Encyclopedia of Urban and Regional Studies Anthony M. Orum, 2019-04-15 Provides comprehensive coverage of major topics in urban and regional studies Under the guidance of Editor in Chief Anthony Orum this definitive reference work covers central and emergent topics in the field through an examination of urban and regional conditions and variation across the world It also provides authoritative entries on the main conceptual tools used by anthropologists sociologists geographers and political scientists in the study of cities and regions Among such concepts are those of place and space geographical regions the nature of power and politics in cities urban culture and many others The Wiley Blackwell Encyclopedia of Urban and Regional Studies captures the character of complex

urban and regional dynamics across the globe including timely entries on Latin America Africa India and China At the same time it contains illuminating entries on some of the current concepts that seek to grasp the essence of the global world today such as those of Friedmann and Sassen on global cities It also includes discussions of recent economic writings on cities and regions such as those of Richard Florida Comprised of over 450 entries on the most important topics and from a range of theoretical perspectives Features authoritative entries on topics ranging from gender and the city to biographical profiles of figures like Frank Lloyd Wright Takes a global perspective with entries providing coverage of Latin America and Africa India and China and the US and Europe Includes biographies of central figures in urban and regional studies such as Doreen Massey Peter Hall Neil Smith and Henri Lefebvre The Wiley Blackwell Encyclopedia of Urban and Regional Studies is an indispensable reference for students and researchers in urban and regional studies urban sociology urban geography and urban anthropology Conflict and Counterpoint in Lesbian, Gay, and Feminist Studies J.
