Marcel Duchamp:

Marcel Duchamp Dawn Ades, Neil Cox, David Hopkins, 1999 Genius anti artist charlatan guru impostor Since 1914 Marcel Duchamp has been called all these No artist of the 20th century has aroused more passion and controversy nor exerted a greater influence on art whose very nature Duchamp challenged and redefined as concept rather than product by questioning its traditionally privileged optical nature At the same time he never ceased to be engaged openly or secretly in provocative activities and works which transformed traditional artmaking procedures Thirty years of research have gone into this accessible text on a complex artist Written with the enthusiastic support of Duchamp's widow this is one of the most original and important books ever written on this enigmatic artist and challenges received ideas misunderstanding and misinformation *Marcel Duchamp and Max Ernst* David Hopkins, 1998 David Hopkins analyses the extensive network of shared concerns and images in the work of Marcel Duchamp and Max Ernst the greatest names associated with Dada and Surrealist art This book covers a broad period from c 1912 to the mid 1940s during which the emergence of Dada and Surrealism in Europe and the United States challenged earlier movements such as Cubism and Expressionism creating scope for the expression of the unconscious fears and desires of artists acutely sensitive to the troubled nature of their times Examining Duchamp's and Ernst's subversion and manipulation of religious and hermetic beliefs such as Catholicism Rosicrucianism and Masonry David Hopkins demonstrates the ways in which these esoteric concerns intersect with themes of peculiarly contemporary relevance including the social construction of gender and notions of ordering and taxonomy This detailed comparison of components of Duchamp's and Ernst's work reveals fascinating structural patterns enabling the reader to discover an entirely new way of understanding the mechanisms underlying Dada and Surrealist iconography

The Complete Works of Marcel Duchamp Arturo Schwarz, 1969 **Marcel Duchamp (Second) (World of Art)** Dawn Ades, Neil Cox, David Hopkins, 2021-04-13 A revised and expanded edition of one of the most original books ever written on the enigmatic artist Marcel Duchamp Genius anti artist charlatan guru impostor Since he arrived on the scene in 1914 Marcel Duchamp has been called all of these Almost no other artist of the twentieth century has inspired more passion and controversy nor exerted a greater influence on art At the same time Duchamp continually challenged the very nature of art and strove to redefine it as conceptual rather than as product by questioning why the medium was mostly a retinal experience Always the provocateur Duchamp never ceased to be engaged openly or secretly in activities and works that transformed traditional artmaking Through his works like *Fountain* *Bicycle Wheel* *L H O O Q* and *Nude Descending a Staircase No 2* Duchamp played with the idea of what art can be opening new possibilities for future generations This revised entry in the *World of Art* series written by three leading experts on twentieth century art and published with support of

Duchamp's widow is one of the most original books written on this enigmatic artist. Featuring a new chapter and preface as well as updates throughout from specialist scholars who are active in their fields, this is the definitive introduction to Duchamp. Thoroughly illustrated, this volume combines thirty years of research by the authors and challenges history's presumptions, misunderstandings, and pieces of misinformation about Marcel Duchamp and his legacy. **Marcel Duchamp** Octavio Paz, 1970 **Salt Seller** Marcel Duchamp, 1973 **The Private Worlds of Marcel Duchamp** Jerrold E. Seigel, Professor Jerrold Seigel, 1995-01-01 This is an examination of the work of Marcel Duchamp and of the important place that it has in the foundations of 20th century art and culture. **Marcel Duchamp** Marcel Duchamp, **Marcel Duchamp in Perspective** Joseph Masheck, 1974 Writings on one of the most influential artists of the 20th century by some of its most celebrated writers and artists: Jasper Johns, Octavio Paz, John Cage, and more. **Marcel Duchamp and the Art of Life** Jacquelynn Baas, 2019-11-19 A groundbreaking reading of Duchamp's work as informed by Asian esoterism, energetic spiritual practices identifying creative energy with the erotic impulse. Considered by many to be the most important artist of the twentieth century, the object of intensive critical scrutiny and extensive theorizing, Marcel Duchamp remains an enigma. He may be the most intellectual artist of all time, and yet toward the end of his life he said, "If you wish, my art would be that of living: each second, each breath is a work which is inscribed nowhere, which is neither visual nor cerebral." In *Marcel Duchamp and the Art of Life*, Jacquelynn Baas offers a groundbreaking new reading of Duchamp, arguing in particular that his work may have been informed by Asian esoterism, energetic spiritual practices that identify creative energy with the erotic impulse. Duchamp drew on a wide range of sources for his art, from science and mathematics to alchemy. Largely overlooked until now, have been Asian spiritual practices including Indo-Tibetan tantra. Baas presents evidence that Duchamp's version of artistic realization was grounded in a western interpretation of Asian mind training and body energetics designed to transform erotic energy into mental and spiritual liberation. She offers close readings of many Duchamp works, beginning and ending with his final work, the mysterious, shockingly explicit *tant donn s 1 la chute d'eau 2 le gaz dclairage*. Given 1 The Waterfall 2 The Illuminating Gas. Generously illustrated with many images in color, *Marcel Duchamp and the Art of Life* speculates that Duchamp viewed art making as part of an esoteric continuum grounded in Eros. It asks us to unlearn what we think we know about both art and life in order to be open to experience. [Duchamp's Last Day](#) Donald Shambroom, 2018-11-20 Published on the fiftieth anniversary of Marcel Duchamp's death, *Duchamp's Last Day* offers a radical reading of the artist's final hours. Just moments after Duchamp died, his closest friend, Man Ray, took a photograph of him. His face is wan, his eyes are closed; he appears calm. Taking this image as a point of departure, Donald Shambroom begins to examine the surrounding context: the dinner with Man Ray and another friend, Robert Lebel; the night Duchamp died; the conversations about his own death at that dinner and elsewhere; and the larger question of whether this radical artist's death can be read as an extension of his work. Shambroom's in-depth research into this final night and his analysis of the photograph feeds into larger questions about the

very nature of artworks and authorship which Duchamp raised in his lifetime In the case of this mysterious and once long lost photograph who is the author Man Ray or Duchamp Is it an artwork or merely a record Has the artist himself turned into one of his own readymades A fascinating essay that is both intimate and steeped in art history Duchamp's Last Day is filled with intricate details from decades of research into this peculiar encounter between art life and death Shambroom's book is a wonderful study of one of the greatest artists of the twentieth century *Drawing on Art* Dalia Judovitz, Marcel Duchamp, 2010 This volume explores the central importance of appropriation collaboration influence and play in French artist Marcel Duchamp's 1887-1968 work and in Dada and Surrealism in general to show how the concept of art itself became the critical fuel and springboard for questioning art's fundamental premises Duchamp was a French artist whose work is most often associated with the Dadaist and Surrealist movements The author maintains that rather than simply negating art Duchamp's readymades Duchamp's readymades are ordinary manufactured objects that the artist selected and modified as an antidote to what he called retinal art and later works including films and conceptual pieces demonstrating the impossibility of defining art in the first place Through his readymades Duchamp explicitly critiqued the commodification of art and inaugurated a profound shift from valuing art for its visual appearance to understanding the significance of its mode of public presentation *Marcel Duchamp* Marcel Duchamp, Jennifer Gough-Cooper, Jacques Caumont, 1993 This remarkable book with its more than 1300 illustrations covers 70 years of Duchamp's artistic production and traces his elusive personae across that same span *Infinite Regress* David Joselit, 2001-02-23 In *Infinite Regress* David Joselit considers the plurality of identities and practices within Duchamp's life and art between 1910 and 1941 conducting a synthetic reading of his early and middle career There is not one Marcel Duchamp but several Within his oeuvre Duchamp practiced a variety of modernist idioms and invented an array of contradictory personas artist and art dealer conceptualist and craftsman chess champion and dreamer dandy and recluse In *Infinite Regress* David Joselit considers the plurality of identities and practices within Duchamp's life and art between 1910 and 1941 conducting a synthetic reading of his early and middle career Taking into account underacknowledged works and focusing on the conjunction of the machine and the commodity in Duchamp's art Joselit notes a consistent opposition between the material world and various forms of measurement inscription and quantification Challenging conventional accounts he describes the readymade strategy not merely as a rejection of painting but as a means of producing new models of the modern self *Spellbound by Marcel* Ruth Brandon, 2022-03-01 In 1913 Marcel Duchamp's *Nude Descending a Staircase* exploded through the American art world This is the story of how he followed the painting to New York two years later enchanted the Arensberg salon and almost incidentally changed art forever In 1915 a group of French artists fled war-torn Europe for New York In the few months between their arrival and America's entry into the war in April 1917 they pushed back the boundaries of the possible in both life and art The vortex of this transformation was the apartment at 33 West 67th Street owned by Walter and Louise Arensberg where artists and poets

met nightly to talk eat drink discuss each others work play chess plan balls organise magazines and exhibitions and fall in and out of love At the center of all this activity stood the mysterious figure of Marcel Duchamp always approachable always unreadable His exhibit of a urinal which he called Fountain briefly shocked the New York art world before falling like its perpetrator into obscurity Many people of both sexes were in love with Duchamp Henri Pierre Roch and Beatrice Wood were among them they were also briefly and for her life changingly in love with each other Both kept daily diaries which give an intimate picture of the events of those years Or rather two pictures for the views they offer including of their own love affair are stunningly divergent Spellbound by Marcel follows Duchamp Roch and Beatrice as they traverse the twentieth century Roch became the author of Jules and Jim made into a classic film by Fran ois Truffaut Beatrice became a celebrated ceramicist Duchamp fell into chess playing obscurity until decades later he became famous for a second time as Fountain was elected the twentieth century s most influential artwork Marcel Duchamp Marcel Duchamp, John and Mable Ringling Museum of Art, 1983 *Marcel Duchamp* Staatsgalerie Stuttgart, Susanne M.I. Kaufmann, 2019-02-05 Celebrating Marcel Duchamp s revolutionary contributions to modern art this innovative exploration of the Stuttgart Duchamp Collection and the Archive of Serge Stauffer offers new insights into both artists philosophies As the inventor of the Readymade and a founder of conceptual art Marcel Duchamp s work is still provoking important discussions about what defines art Accompanying the first exhibition of the important Stuttgart Duchamp Collection this book also presents the work of the Swiss artist and educator Serge Stauffer and his renowned research on Duchamp s art and writings The series of 100 questions Stauffer wrote to the French artist in 1960 and Duchamp s answers provide important insights into Duchamp s intellectual and creative practice and bear witness to the depth of Stauffer s exceptional research This book opens with an introduction to the relationship between Duchamp and Stauffer It features brilliant reproductions of Duchamp s most renowned works including Bottlerack the painting study for Chocolate Grinder No 2 and the window object La Bagarre d Austerlitz A biographical essay on both Duchamp and Stauffer provides important background to understanding the exceptional relationship between both artists The Exiles of Marcel Duchamp T. J. Demos, 2007 Marcel Duchamp was a famous expatriate a wanderer living and working in Paris New York and Buenos Aires and escaping from them in turn But exile argues T J Demos in this innovative reading is more than a fact in Duchamp s biography Exile in the artist s own words a spirit of expatriation infuses Duchamp s entire artistic practice Indeed a profound sense of dislocation from geographical situation national identity and cultural conventions deeply informs the mobile objects and disjunctive spaces of Duchamp s readymades and experimental exhibition installations Duchamp s readymade constructions his installations for surrealist exhibitions in Paris and New York and his portable museum the suggestively named La bo i te en valise Demos writes all manifest define and exploit the terms of exile in multiple ways Created while the artist was living variously in New York Buenos Aires and occupied France during the global catastrophes of war and fascism these works express the anguish of displacement and celebrate the freedom of

geopolitical homelessness The portable museum a suitcase containing miniature reproductions of Duchamp's work for example represented a complex meditation both critical and joyful on modern art's tendency toward itinerancy whereas Duchamp's 1942 installation design entangling a New York gallery in a mile of string announced the dislocated status that many exiled surrealists wished to forget Demos connects Duchamp's condition of exile to forms of displacement within photographic practice and modern museum exhibitions theorized extensively at the time by Walter Benjamin André Malraux and Frederick Kiesler He claims that in the period of fascism's elevation of the home as the site of national imagination Duchamp's antinational identity became a form of resistance just as his artistic practice represented a complex response to capitalism's increasing institutionalization and marketing of art Duchamp's exile writes Demos defines a new ethics of independent life in the modern age of nationalism and advanced capitalism offering a precursor to our own globalized world of nomadic subjects and dispersed experience Pictorial Nominalism Thierry De Duve, 2005-10-01 Reveals the invention of the readymade as a critical point in contemporary art
