**The Avant-Garde and the Margin** Sanja Bahun-Radunovic, V.G. Julie Rajan, 2009-03-26 The collection of essays *The Avant garde and the Margin* New Territories of the Modernist Avant garde refigures the critical and historical picture of the modernist avant garde by introducing a variety of less commonly discussed geo artistic sites and dynamics The contributors explore the multifaceted relations established between the avant garde centers France Germany England and others and their counterparts in the cultural periphery Greece India Japan Poland Quebec Romania and the former Yugoslavia as well as the unique artistic and literary dialogues which these encounters engendered The primary concern of the anthology is the set of relations established between the center and the margin the redefinition of which was pivotal for the formulation of the modernist avant garde aesthetic project itself While enriching the kaleidoscopic picture of modernism the essays in this collection also offer new methodological approaches to this polychrome cultural image In this way the collection avoids the pitfalls of both the traditional diffusionist Eurocentric model of the world and the more recent over relativization of the positions of the margin and the center In their stead the anthology proposes a hermeneutics of encounter that is simultaneously spatial and historical aware of its limits but convinced of its own necessity

**Expo 67 and Its World** Craig Moyes, Steven Palmer, 2022-06-17 In 1967 Montreal hosted *Man and His World* *Terre des hommes* By far the most successful cultural event ever produced in Canada it was embraced by the public at the same time as intellectuals from Marshall McLuhan to Umberto Eco hailed it as a new type of exhibition for a new global age Because it was held where and when it was on a man made archipelago in the St Lawrence River seven years into Quebec's Quiet Revolution Expo 67 also provided a prism through which the idea of the nation could be refracted and recast in original ways Misunderstood by some scholars as an expensive exercise in official patriotism while maligned by Quebec intellectuals as a crypto federalist distraction from the real business of national independence the fair nevertheless showcased Montreal as the de facto capital of a suddenly modern Quebec engaging with a late modern world Expo 67 and *Its World* proposes a reappraisal of the 1967 Montreal International and Universal Exhibition across a range of political social and cultural spaces from the dispossession

of Indigenous Peoples and what was then known as the Third World through the aspirations of Montreal Quebec and Canada to the increasingly global ambit of youth culture medicine film and finance A new approach to understanding Expo 67 the collection challenges assumptions about the significance of the event to Canadian Qu b cois and First Nations history
