*Shot on Location* R. Barton Palmer, 2016-02-18 In the early days of filmmaking before many of Hollywood's elaborate sets

and soundstages had been built it was common for movies to be shot on location. Decades later Hollywood filmmakers rediscovered the practice of using real locations and documentary footage in their narrative features. Why did this happen? What caused this sudden change? Renowned film scholar R. Barton Palmer answers this question in *Shot on Location* by exploring the historical, ideological, economic, and technological developments that led Hollywood to head back outside in order to capture footage of real places. His groundbreaking research reveals that wartime newsreels had a massive influence on postwar Hollywood film, although there are key distinctions to be made between these movies and their closest contemporaries, Italian neorealist films. Considering how these practices were used in everything from war movies like *Twelve O'Clock High* to westerns like *The Searchers*, Palmer explores how the blurring of the formal boundaries between cinematic journalism and fiction lent a reality effect to otherwise implausible stories. *Shot on Location* describes how the period's greatest directors, from Alfred Hitchcock to Billy Wilder, increasingly moved beyond the confines of the studio. At the same time, the book acknowledges the collaborative nature of moviemaking, identifying key roles that screenwriters, art designers, location scouts, and editors played in incorporating actual geographical locales and social milieus within a fictional framework. Palmer thus offers a fascinating behind-the-scenes look at how Hollywood transformed the way we view real spaces.

**The Publisher** Alan Brinkley, 2011-04-05. Acclaimed historian Alan Brinkley gives us a sharply realized portrait of Henry Luce, arguably the most important publisher of the twentieth century. As the founder of *Time*, *Fortune*, and *Life* magazines, Luce changed the way we consume news and the way we understand our world. Born the son of missionaries, Henry Luce spent his childhood in rural China, yet he glimpsed a milieu of power altogether different at Hotchkiss and later at Yale. While working at a Baltimore newspaper, he and Brit Hadden conceived the idea of *Time*, a news magazine that would condense the week's events in a format accessible to increasingly busy members of the middle class. They launched it in 1923, and young Luce quickly became a publishing titan. In 1936, after *Time*'s unexpected success and Hadden's early death, Luce published the first issue of *Life*, to which millions soon subscribed. Brinkley shows how Luce reinvented the magazine industry in just a decade. The appeal of *Life* seemingly cut across the lines of race, class, and gender. Luce himself wielded influence hitherto unknown among journalists. By the early 1940s, he had come to see his magazines as vehicles to advocate for America's involvement in the escalating international crisis, in the process popularizing the phrase "World War II." In spite of Luce's great success, happiness eluded him. His second marriage to the glamorous playwright, politician, and diplomat Clare Boothe was a shambles. Luce spent his later years in isolation, consumed at times with conspiracy theories and peculiar vendettas. *The Publisher* tells a great American story of spectacular achievement, yet it never loses sight of the public and private costs at which that achievement came.

**Researching Newsreels** Ciara Chambers, Mats Jönsson, Roel Vande Winkel, 2018-09-14. This volume addresses the underscrutinised topic of cinema newsreels. These short, multi-themed newsfilms, usually accompanied by explanatory intertitles or voiceovers, were a central part of the filmgoing experience.

around the world from 1910 through the late 1960s and in many cases even later As the only source of moving image news available before the widespread advent of television newsreels are important social documents recording what the general public was told and shown about the events and personalities of the day Often disregarded as quirky or trivial they were heavily utilised as propaganda vehicles offering insights into the socio political norms reflected in cinema during the first half of the twentieth century The book presents a range of current research being undertaken in newsreel studies internationally and makes a case for a reconsideration of the importance of newsreels in the wider landscape of film history

**A Social History of the Media** Asa Briggs, Peter Burke, 2005-07-29 It will be an ideal text for students in history media and cultural studies and journalism but it will also appeal to a wide general readership

*Selling War* Nicholas John Cull, 1996-09-26 British propaganda brought America to the brink of war and left it to the Japanese and Hitler to finish the job So concludes Nicholas Cull in this absorbing study of how the United States was transformed from isolationism to belligerence in the years before the attack on Pearl Harbor From the moment it realized that all was lost without American aid the British Government employed a host of persuasive tactics to draw the US to its rescue With the help of talents as varied as those of matinee idol Leslie Howard Oxford philosopher Isaiah Berlin and society photographer Cecil Beaton no section of America remained untouched and no method from Secret Service intrigue to the publication of horrifying pictures of Nazi atrocities remained untried The British sought and won the support of key journalists and broadcasters including Edward R Murrow Dorothy Thompson and Walter Winchell Hollywood film makers also played a willing part Cull details these and other propaganda activities covering the entire range of the British effort A fascinating story of how a foreign country provoked America's involvement in its greatest war *Selling War* will appeal to all those interested in the modern cultural and political history of Britain and the United States
