**Metronome** Oliver Langmead, 2017-01-16 You and I we wear our wounds I wear my scars you wear your tattoos and we don't forget who we are It is for the entities known as Sleepwalkers to cross the doors between dreams and hunt the nightmares that haunt sleeping minds Theirs is a world of impossible vistas where reason is banished and only the imagination holds sway the connected worlds that all sleeping minds inhabit and the doors that lead between But tonight one Sleepwalker has gone rogue Abandoning her sworn oath to protect the dreamscapes she has devoted herself to another

cause threatening to unleash a nightmare older than man The only chance of stopping her lies with a man named Manderlay Once a feted musician William Manderlay is living his twilight years in an Edinburgh care home riddled with arthritis and filled with a longing for his youth for the open seas and for the lost use of his hands and the violin he has always treasured For too long now Manderlay s nights have been coloured by dark corrupted dreams dreams of leprous men in landscapes plucked from his memory of dark figures seeking him on city streets His comrades in the retirement home believe Manderlay is giving in to age and senility but the truth is much worse For in dreams maps are made from music and it just might be that one of William Manderlay s forgotten compositions holds the key to unleashing the nightmare that holds the world of dreams in balance The Sleepwalkers are zoning in on him He might be their saviour or his music might be their damnation From the acclaimed author of Dark Star comes a literary fantasy like no other *Nimrod* James R. Brady,2019-01-16 Tired of leading a shepherd s life Nimrod yearns to leave the small lives and tents of his village to seek out the excitement and glory found in the big city beyond Babel Although cautioned by the love of his life Semiramis that she will only wait so long for him to return Nimrod proceeds to go on a journey with his four best friends Jared Zag Fenchristo and Raya all of whom have honed their fighting skills to great heights with the bow arrow and sword Nimrod The Mighty Hunter chronicles the journey of the biblical character of Nimrod the rebellious king often associated with the Tower of Babel From the quiet serene surrounds of his village to the danger and fighting of the city read as Nimrod trains up the Babylonian army to protect Babel and discover how this so called gang of five embark on an energetic race for supremacy Training an ever increasing army to destroy surrounding towns Nimrod and Semiramis become engrossed in their newfound powers A cautionary tale of Noah s great grandson comes alive from the pages of the Bible in this captivating retelling of Nimrod s rise to power Experience how unbridled passions even with the purest intent can lead some men and women straight to hell Some but not all *Hello, Everybody!* Anthony Rudel,2008-04-01 A lively overview of this pre internet mass communication tool and the entrepreneurs and evangelists hucksters and opportunists who flocked to it Publishers Weekly Long before the Internet another young technology was transforming the way we connect with the world At the dawn of the twentieth century radio grew from an obscure hobby into a mass medium with the power to reach millions of people When amateur enthusiasts began sending fuzzy signals from their garages and rooftops radio broadcasting was born Sensing the medium s potential snake oil salesmen and preachers took to the air innovating styles of mass communication and entertainment while making bedlam of the airwaves Into this wild new frontier stepped a young secretary of commerce Herbert Hoover whose passion for organization transformed radio into an even more powerful political cultural and economic force When a charismatic bandleader named Rudy Vall e created the first on air variety show and America elected Franklin Delano Roosevelt who communicated with the public through his famous fireside chats radio had arrived With extensive knowledge humor and an eye for outsized characters forgotten by history Anthony Rudel tells the story of the boisterous years when radio took its

place in the nation's living room Entertaining and informative The Denver Post Rudel with extensive professional radio experience revels in the enterprising personalities who set up shop on this technological frontier And vividly re creates the anything goes atmosphere of the ether's early days Booklist
