Mathematics Children Use and Understand Wilbur H. Dutton, Ann Dutton, 1991 Teaching Young Children

Mathematics Sydney L. Schwartz, 2005-09-30 Children learn mathematics most effectively in contexts that are meaningful to them Realizing the potential of these contexts for fostering young children s mathematical learning while nurturing and challenging them requires knowledge of mathematics as well as of child development Avoiding the debates surrounding hands on learning vs direct instruction the author focuses on the value of different contexts for learning and illustrates ways to genuinely engage children as active learners The work is rich with examples of children s interactions with each other and with adults as they utilize and extend their understanding of mathematics Examples and guidelines for developing lessons and activities will be useful to educators and parents Chapters explore how we underestimate young children s mathematical capabilities how appropriate sequencing of learning and building on prior knowledge will enhance understanding what teachers including parent teachers need to know and high stakes testing This is a work that brings together the connections between knowing the basics and constructing knowledge in accessible and practical ways Guide to Math Materials

Phyllis J. Perry, 1997-02-15 Now it s easy to locate the materials you need to implement the new NCTM math standards Organized by such math topics as problem solving estimation number sense and numeration and geometry and spatial relationships this book shows users where to find manipulatives and materials such as attribute blocks pattern blocks clocks scales multilink cubes and prisms calculators and sorting toys It also lists specialized math books computer software and a host of other learning materials e g activity cards puzzles posters games reproducibles The author briefly describes each product cites grade level when given and explains possible applications Products of exceptional quality and value are highlighted and the addresses of publishers and suppliers are given A real time saver Grades K 4 Teaching Children Mathematics ,2002 Handbook of Child Development and Early Education Oscar A.
