is available at <http://www.ScholarlyEditions.com> *Soft Computing in Management and Business Economics* Anna M. Gil-Lafuente, Jaime Gil-Lafuente, José M. Merigó-Lindahl, 2012-07-13 This book is a collection of selected papers presented at the Annual Meeting of the European Academy of Management and Business Economics AEDEM held at the Faculty of Economics and Business of the University of Barcelona 05-07 June 2012. This edition of the conference has been presented with the slogan "Creating new opportunities in an uncertain environment". There are different ways for assessing uncertainty in management but this book mainly focused on soft computing theories and their role in assessing uncertainty in a complex world. The present book gives a comprehensive overview of general management topics and discusses some of the most recent developments in all the areas of business and management including management, marketing, business statistics, innovation and technology, finance, sports and tourism. This book might be of great interest for anyone working in the area of management and business economics and might be especially useful for scientists and graduate students doing research in these fields. Pension Fund Risk Management Marco Micocci, Greg N. Gregoriou, Giovanni Batista Masala, 2010-01-25 As pension fund systems decrease and dependency ratios increase, risk management is becoming more complex in public and private pension plans. *Pension Fund Risk Management: Financial and Actuarial Modeling* sheds new light on the current state of pension fund risk management and provides new technical tools for addressing pension risk from an integr
