**The God Effect is Real** Sujith Ittan, 2025-07-14 Something is really wrong with our reality It appears that our minds are being manipulated Synchronicities and the collective unconscious are clues about the mind manipulation mechanism This mechanism is the God effect according to the author The God effect implies that there is an intelligent entity controlling our minds Who is this intelligent entity manipulating our minds A God must be responsible for the God effect How exactly is this God manipulating our minds in this reality that is based on the principles of materialism that we know so well through our sciences We are unable to account for the God effect within the paradigm of materialism Are we in a reality based on idealism where consciousness is fundamental and an intelligent God exists in this context Or are we living inside a computer simulation What is the nature of our minds In order to account for God we have to question our understanding of our reality and we have to ask if we are truly in control of our minds thoughts and actions This is a gist of the God mind and reality problem that the author tries to discuss in this book In his first book the author wondered if a simulation accounts for the God effect In this book he wonders if idealism with consciousness first principles and an intelligent God solves the problem

**Caleb's Eye: a Spy's Journey Through Genesis** Carroll W. Boswell, 2011-07-19 This book is a commentary in the form of a journal It is meant to be something like a diary kept by a tourist or a spy of his travels in a strange land recording questions and observations and opinions on everything he sees for other travelers on the same road It could be also called a dialogue because the author records the conversation that he has with Genesis as he moves along and the conversation he has with himself in the privacy of his motel room In both ways it is the account of a journey with the idea that it may be of some use to others traveling the same road The author is writing as an amateur to other amateurs He is not a professional theologian nor a biblical scholar and while his intent is to think as deeply and truly as he

can he is not doing so as a professional There are several advantages that an amateur may have over a professional in a case like this First the amateur can be much bolder in what he questions and in the answers he considers The professional always has something on the line always something at risk namely his reputation He cannot venture far off the beaten path without being in some danger of losing his respectability The amateur on the other hand has little respectability to lose and little reputation to risk What Dr Boswell would not be able to risk in mathematical writing he can be quite at liberty to risk in this project It can be exhilarating Secondly the amateur has a much friendlier connection with the average reader The amateur is something of an equal with the average reader though presumably with something to say worth the hearing Since they are introduced as equals the reader can feel safer less threatened more entitled to join in the conversation that the author is trying to create With a professional author there is always the sense of obligation that one should not argue back with the scholar only another scholar has the credentials to join in their conversation and the rest of us must sort it all out as best we can But with this book there is no need of restraint anyone can be drawn in to the discussion anyone can feel entitled to disagree with impunity It can be exhilarating This book is not meant to be a Bible made simple book It is written by someone who loves to think and is written for others who love to think It is written by someone who is not timid about difficult questions and is written for others who have no fear of such things But most of all it is a book written for the pure joy of the thing and for those who might share that joy

**Treatise on the Heathen Superstitions that Today Live Among the Indians Native to this New Spain, 1629** Hernando Ruiz de Alarcón, 1984 The Treatise of Hernando Ruiz de Alarcón is one of the most important surviving documents of early colonial Mexico It was written in 1629 as an aid to Roman Catholic churchmen in their efforts to root out the vestiges of pre Columbian Aztec religious beliefs and practices For the student of Aztec religion and culture is a valuable source of information Hernando Ruiz de Alarcón was born in Taxco Guerrero Mexico in the latter part of the sixteenth century He attended the University of Mexico and later took holy orders Sometime after he was assigned to the parish of Atenango he began writing the Treatise for his fellow priests and church superiors to use as a guide in suppressing native heresy With great care and attention to detail Ruiz de Alarcón collected and recorded Aztec religious practices and incantations that had survived a century of Spanish domination sometimes in his zeal extracting information from his informants through force and guile He wrote down the incantations in Nahuatl and translated them into Spanish for his readers He recorded rites for such everyday activities as woodcutting traveling hunting fishing farming harvesting fortune telling lovemaking and the curing of many diseases from toothache to scorpion stings Although Ruiz de Alarcón was scornful of native medical practices we know now that in many aspects of medicine the Aztec curers were far ahead of their European counterparts

Hal Turner FBI informant Manly P Hall Fritz Springmeier Albert Pike Anton LaVey David Icke And More By the author of The New World Order Facts Fiction      DNA of the Gods Chris H. Hardy, 2014-03-21 An in depth study of humanity s Anunnaki origins and the Anunnaki battle for an intelligent versus enslaved humanity Explains the genetic engineering of humanity by an Anunnaki scientist Ninmah Shows how the concepts of sin and the inferiority of women arose from Enlil s will to keep humanity underdeveloped clashing with Enki s and Ninmah s plan to make us equal in intelligence Reveals how humanity s long history of conflict was shaped by the battle between Enki and his brother Enlil Further developing the revolutionary work of Zecharia Sitchin Chris Hardy shows that the gods of ancient myth visitors from the planet Nibiru created us using their own divine DNA first through DNA extraction from their own ribs marrow and later by direct relations with early human females Drawing upon multiple sacred texts Hardy details the genetic engineering of humanity by Anunnaki scientist Ninmah with the help of Enki and Hermes She reveals how Ninmah s first female human creation Tiamat Eve contained more alien DNA than the earlier male one Adamu and how the biblical Noah represents the perfection of her work Examining the war between Anunnaki brothers Enki and Enlil Hardy reveals how the concepts of sin and the inferiority of women were born out of Enlil s attempts to enslave and then wipe out humanity repeatedly thwarted by Enki and Ninmah The author further explains how the sacred sexuality taught to humans still seen in Tantric practice became suppressed millennia later by the patriarchal concept of original sin and how innocent Eve took the blame for the expulsion from Eden and fall from Grace Showing that the god who created us was not the same god who expelled us from Eden Hardy explains that there will be no apocalypse because the Good Evil duality has never truly existed it has been only enemy gods fighting and implicating humanity in the wake of their own competition for power With a full psychological understanding of how the ancient gods have shaped humanity s ongoing history of conflict we can move beyond the framework of my Good versus your Evil imposed by Enlil and begin to steer our own planetary destiny      Questions of Faith Peter Berger, 2015-11-04 Leading religious and cultural commentator Peter Berger explores how and what we can believe in modern times Deals clearly with questions such as Does God exist What was so special about Jesus How can one be Christian in a pluralistic society Structured around key phrases from the Apostles Creed Draws on the Christian theological tradition and the work of other relevant thinkers such as Freud and Simone Weil The author takes the position of an open minded sceptic exploring his own beliefs      Hosea Francis Landy, 1995-10-01 This reading of Hosea explores the book from a feminist psychoanalytical and poetic perspective What is God doing with a prostitute How does the theme of prostitution relate to the abjection of the woman as the other and the fantasy of sexual ecstasy precisely because she escapes patriarchal order Where is the prophet situated in the dialectic of rage and desire that both seduces and condemns Israel His voice is both masculine and feminine and poetically embodies the sensuality of wayward Israel The ambiguity of voice is also that of the prophet s role which is both to nurture Israel as on its Exodus from Egypt and to be the trap that destroys it The problematic of voice and prophetic function is evident in the vivid

dissection of Israel's social institutions whose disintegration is inversely related to the centrality of the discussion in the structure of the book and in the violent swings from despair to impossible hope The focus on immediate and uncontrollable entropy manifest in extended tangled metaphors that occupies the centre of the book is framed in the outer chapters by intertextual references to Israel's primordial vision and the romantic distantiation of the Song of Songs in which the erotic and poetic contradictions of the book find their perhaps ironic resolution Clones of God Michael Inuit,2017-01-22 Reader you may wonder Is this a science fiction story with human clones Or is this a spiritual novel related to God It is both Two ETs come to Earth for a vacation They analyze and they worry about what is happening on our planet They don't understand why the elite control the lives of people They don't comprehend why ordinary Humans so feebly react to that But the beginning of the 21st century was a time of Great Awakening The pivotal moment was the subtle split of Earth's magnetic field It allowed the creation of two densities two worlds Follow the thrilling events that lead to that moment Read the story of people who softly act and change their worldview Read about Humans as spiritual beings in a material world Those two ETs teach them to have a dialogue with the Divine Self Within They help Humans to be aware like themselves of being clones of God Then they can be empowered and change the world for good With those two ETs and enlightened Humans embark on this odyssey
