Matthew Arnold C. Machann,1998-03-18 Matthew Arnold the foremost Victorian man of letters forged a unique literary career first as an important post Romantic poet and then as a prose writer who profoundly influenced the formation of modern literary and cultural studies Machann challenges the popular image of Arnold as an elitist intellectual and shows how his poetry and prose grew out of his personal life and his passionate engagement with the world emphasizing the journal publications that drove his career as a literary social and religious critic Matthew Arnold Clinton Machann,1998-03-15 Nearly everyone agrees that Arnold is a central figure in Victorian literature yet his place in literary history is difficult to define Tracing Arnold s literary development through his life helps us to understand the peculiar nature of his accomplishments Clinton Machann examines the evolution of Arnold s writings and casts new light on the forces that shaped the career of this extraordinary man of letters **Matthew Arnold, a Life** Park Honan,1981 A detailed biography of the Victorian poet literary and social critic and essayist **A Gift Imprisoned** Ian Hamilton,1999-02-17 Acclaimed biographer Ian Hamilton explores the life of poet and social prophet Matthew Arnold an impassioned lyric poet who became Victorian England s best known educational reformer and literary critic Matthew Arnold (Esprios Classics) George Saintsbury,2019-11-25 Mr Matthew Arnold like other good men of our times disliked the idea of being made the subject of a regular biography and the only official and authoritative sources of information as to the details of his life are the Letters published by his family under the editorship of Mr G W E Russell 2 vols London 1895 To these therefore it seems to be a duty to confine oneself as far as such details are concerned save as regards a very few additional facts which are public property

Mazzeno,2014-03-06 Victorian literature s fascination with the past its examination of social injustice and its struggle to deal with the dichotomy between scientific discoveries and religious faith continue to

fascinate scholars and contemporary readers During the past hundred years traditional formalist and humanist criticism has been augmented by new critical approaches including feminism and gender studies psychological criticism cultural studies and others In *Twenty First Century Perspectives on Victorian Literature* twelve scholars offer new assessments of Victorian poetry novels and nonfiction Their essays examine several major authors and works and introduce discussions of many others that have received less scholarly attention in the past General reviews of the current status of Victorian literature in the academic world are followed by essays on such writers as Charles Dickens Alfred Tennyson Thomas Hardy and the Brontë sisters These are balanced by essays that focus on writing by women the development of the social problem novel and the continuity of Victorian writers with their Romantic forebears Most importantly the contributors to this volume approach Victorian literature from a decidedly contemporary scholarly angle and write for a wide audience of specialists and non specialists alike Their essays offer readers an idea of how critical commentary in recent years has influenced and in some cases changed radically our understanding of and approach to literary study in general and the Victorian period in particular Hence scholars teachers and students will find the volume a useful survey of contemporary commentary not just on Victorian literature but also on the period as a whole

**The Fascist Painting: What is Cultural Capital?** Phil Beadle, 2020-09-25 The Fascist Painting is a serious rich and deeply intelligent piece of work that will radically alter the way we view culture in schools and will be a key text for anyone designing a curriculum The Ofsted Inspection Framework states that cultural capital is The essential knowledge that pupils need to be educated citizens and that schools should be introducing students to the best that has been thought and said and helping to engender an

appreciation of human creativity and achievement They are now considering the extent to which schools are equipping pupils with the knowledge and cultural capital they need to succeed in life But what does this term mean And how are schools to respond to this In this densely argued and wide ranging text Phil Beadle answers those questions and many more by using the work of Pierre Bourdieu to prompt a discussion of how we improve the provision of cultural capital in our schools Where does the best that has been thought and said come from Why is the government importing the unexamined language of the private school into the state sector What is the real purpose behind character education Does sport as is reputed teach resilience and why would anyone think it was appropriate to teach children a quality they already have Is cultural capital just ruling class culture Chiefly does using a term originated by a French intellectual and radical sociologist to instate the culture of the rich as being superior prove anything other more than a complete absence of thought or have they accidentally given us a radical tool to change education for the better

*A Secular Age* Charles Taylor, 2007-09-20 The place of religion in society has changed profoundly in the last few centuries particularly in the West In what will be a defining book for our time Taylor takes up the question of what these changes mean and what precisely happens when a society becomes one in which faith is only one human possibility among others
