Theatre Richard Drain,1995 A diverse selection of original texts on theatre by its most creative practitioners actors writers directors and designers Contributors include Jarry Ionescu Shaw Brecht Strindberg Stanislawski Lorca Brook Soyinka Boal Barba Edward Albee Barbara L. Horn,2003-12-30 This volume documents the life and works of the acclaimed playwright Edward Albee His first four plays were all produced Off Broadway from 1960 1961 creating buzz that he was an up and coming avant garde playwright But his most notable accomplishment came a year later with his first full length play Who s Afraid of Virginia Woolf His plays were linked with the philosophies of the European absurdists Beckett and Ionesco and the American traditional social criticism of Arthur Miller Tennessee Williams and Eugene O Neill Intended to serve as a quick reference guide and an exhaustive resource this collection includes play synopses and critical overviews production histories and credits and locator suggestions on unpublished archival material and lists of texts anthologies that have published Albee s material The two secondary bibliographies contained within are fully annotated chronologically and alphabetically with the year of publication presenting a fuller sense of Albee s playwriting career **Germany 1945-1949** Manfred

Malzahn,2002-11-01 The period 1945 1949 is generally acknowledged as a critical period for the German people and their collective history But it did not Manfred Malzahn argues lead inevitably to the construction of the Berlin Wall As in 1989 so in 1945 the German people were prepared to break away from established patterns to reassess if need be what it meant to be German Then as now Germans East and West wanted order and stability food shelter clothing and work Using numerous documents from the immediate post war years Malzahn rescues the period from the burden of selective hindsight and nostalgia that has obscured the contemporary situation The documents which have been fully annotated reflect life at all

levels from politics to fashion and contain both Allied and German viewpoints They are bound together by an emphasis on communication on Allied German interaction and on the Germans dialogue with their past and expressions of their aspirations
