Reportage Scotland History In The Making:

Reportage Scotland Louise Yeoman,2000 **Connecting Scotland's History** Anna Groundwater,2025-05-30 What was happening elsewhere in the world when Robert the Bruce was outlawed and Mary Queen of Scots lost her head When Genghis Khan was on the warpath and Ivan the Terrible was the Russian czar what was happening in Scotland Find the answers to these questions in 2 000 years of Scottish history presented alongside what was happening in the rest of the world By placing events in Scotland in relation to those elsewhere we can see what is different or distinctive about Scotland's experience Simultaneously we can also see where movements in Scottish history were part of wider cultural or political change in Europe and beyond John Knox's fiery sermons of the 1560s were connected into a wider Protestant Reformation but they also represented a singularly Scottish version of a European phenomenon Connecting Scotland's History also gives us a history of many Scotlands We see the hybrid nature of a country where multiple peoples have come together in a distinctively Scottish mixture From the Gaels Picts and Norse people to more recent influxes from England Ireland continental Europe and beyond Scotland's history tells us of internal connections as well as connections between Scotland and the wider world How the Scots Took Over London David Stenhouse,2012-11-02 From Fleet Street to the world of medicine from the City of London to the corridors of power in Whitehall Scots have exerted a determining influence on key areas of British life since the Union of the Parliaments in 1707 Now that Scots dominate Westminster and run their own parliament in Edinburgh is the tartan takeover complete Through revealing interviews with some of the most successful Scots in London including Kirsty Wark Sheena Macdonald Tam Dalyell Norman Lamont and William Dalrymple On the Make shows how citizens of the poorest part of the United Kingdom have gained unprecedented influence over British politics the media and commerce But success has not always led to popularity While ambitious Celts have always encountered resentment from the English Scots at home also often view their successful brothers and sisters down south as selfish careerists who have abandoned their country for the lure of English gold With English commentators beginning to question the power of the Scots as never before this hard hitting book takes a challenging look at exactly how much power lies in Scottish hands in today's devolved United Kingdom On the Trail of William Wallace David. R. Ross,1999 The film Braveheart was a great inspiration to people all over the world This is the true story of Braveheart William Wallace Scotland's great liberator Ross chronicles his effect on the landscape of Scotland as we know it today This book will hold the attention of the casual reader and entice the more knowledgeable historian *The Scottish Witch-Hunt in Context* Julian Goodare,2002-09-21 This book is a collection of essays on Scottish witchcraft and witch hunting which covers the whole period of the Scottish witch hunt from the mid 16th century to the early 18th It particularly emphasizes the later stages since scholars are now as keen to explain why witch hunting declined as why it occurred There are studies of particular witchcraft panics including a reassessment of the role of King James VI The book thus covers a wide range of topics concerned with

Violence and the Writing of History in the Medieval Francophone World Noah D. Guynn, Zrinka Stahuljak, 2013 An examination of medieval historical writings through the prism of violence The concept of medieval historiography as usable past is here challenged and reassessed The contributors shared

claim is that the value of medieval historiographical texts lies not only in the factual information the texts contain but also in the methods and styles they use to represent and interpret the past and make it ideologically productive Violence is used as the key term that best demonstrates the making of historical meaning in the Middle Ages through the transformation of acts of physical aggression and destruction into a memorable and usable past The twelve chapters assembled here explore a wide range of texts emanating from throughout the francophone world They cover a range of genres chansons de geste histories chronicles travel writing and lyric poetry and range from the late eleventh to the fifteenth century Through examination of topics as varied as rhetoric imagery humor gender sexuality trauma subversion and community formation each chapter strives to demonstrate how knowledge of the medieval past can be enhanced by approaching medieval modes of historical representation and consciousness on their own terms and by acknowledging and resisting the desire to subject them to modern conceptions of historical intelligibility Noah D Guynn is Associate Professor of French at the University of California Davis Zrinka Stahuljak is Associate Professor of French and Comparative Literature at the University of California Los Angeles Contributors Noah D Guynn Zrinka Stahuljak James Andrew Cowell Jeff Rider Leah Shopkow Matthew Fisher Karen Sullivan David Rollo Deborah McGrady Rosalind Brown Grant Simon Gaunt
