**Media Bias?** Tawnya J. Adkins Covert, Philo C. Wasburn, 2009-01-01 Media Bias addresses the question To what extent can mainstream news media be characterized as conservative or liberal The study involves a systematic comparative analysis of the coverage given to major domestic social issues from 1975 to 2000 by two mainstream newsmagazines Newsweek and Time and two explicitly partisan publications the conservative National Review and the liberal Progressive Working from the idea that some biased accounts of social issues can perform several positive functions for the maintenance and vitality of political democracy Adkins Covert and Wasburn offer a new methodology for analyzing bias empirically one that is capable of producing valid and reliable findings They begin by defining the meaning of bias and discuss possible methods of measuring media bias empirically and systematically By comparing each publication's coverage on poverty crime the environment and gender issues in which the line between the conservative and liberal positions are clearly delineated the authors consider both the positive and negative consequences of media bias and how the bias plays out within a media conscious democratic society

Hate Crimes and Ethnoviolence Howard J Ehrlich, 2018-04-17 Over the past twenty years Howard J Ehrlich conducted the first national surveys of ethnoviolence helped design the protocol for identifying hate crimes and has served as the director of The Prejudice Institute This collection of essays is the result of his unparalleled research in this vital area of study Ehrlich introduces the ten dimensions of America's social heritage that are necessary for a complete understanding of prejudice and coherently explains the complex differences between ethnoviolence and hate crimes Through analysis of network television news programs and in depth interviews with newspaper editors and reporters Ehrlich explores how our mainstream media maintains racial and ethnic stereotypes Case studies the Oklahoma City bombing Rodney King riots Columbine High School shootings and Hurricane Katrina show how traumatic events are manipulated by political elites and the news media to shape intergroup relations Ehrlich concludes with a personal and

political look at the concentration of power in the United States and the increasing incidence of political ignorance as a tool of oppression     Qualitative Media Analysis David L. Altheide, Christopher J. Schneider, 2013 Qualitative Media Analysis

Victims Still Robert Elias, 1993-04-19 The 1980s saw official crime policy in the United States shifting its focus from crime and criminals to victimization and victims In this thought provoking book Robert Elias evaluates the effectiveness of this shift in policy and argues that victims have been politically manipulated for official objectives From a thorough examination of victim legislation get tough crime policies media crime coverage the victim movement and the wars on crime and drugs Elias concludes that little victim support has actually occurred and that victimization is in fact escalating He argues for a change in the structural sources of crime and proposes a new culture that could lead to substantially less crime

**The Communicative Architecture of Policing** Cian Ó Concubhair, 2025-08-05 The Communicative Architecture of Policing is a ground breaking study of police communications and police media relations in the social media era It is based on nearly a decade of research on police media relations including two years of extended observational study in local newsrooms and police communications departments and dozens of interviews with police communicators chief police officers and journalists This book is the first to undertake a deep ethnography of both police communications and local news media in a single policing area It also provides an innovative theoretical reappraisal of the mechanics of police media power relations grounded in ideas of legitimacy mass communications and local governing power The book describes the lived experiences of journalists through the collapse of the local news media in England declines wrought in large part by the advent of social media It also describes a crisis of confidence in local journalism and its perceived institutional status in the local community By contrast the book charts the emergence of an empowered professional police communicator class in policing and its distinctive cultural features rooted in the mass communications potential of social media The book weaves together these empirical insights by developing novel approaches to police legitimacy theory and institutional power relations This book will be of interest to students scholars and practitioners in the fields of criminology media studies communication studies journalism and policing     *Ill Effects* Martin Barker, Julian Petley, 2013-08-21 Ill Effects is a radical re examination of the

whole media effects debate It questions not only whether the media is capable of directly influencing people s views and actions but also whether the idea of effects is the most useful way of conceptualising the relationship between the media and audiences Ill Effects looks at the reasons why the media are routinely blamed for horrific events such as the murders of James Bulger and Suzanne Capper and the Hungerford massacre as well as for perceived trends such as the alleged death of the family and the rise of yob culture The authors concern goes beyond individual cases they discuss the development and current state of play of research into media effects the remarkable power of common sense notions of media effects and the way in which the effects issue has become embroiled in debates about freedom of expression and censorship They suggest how audiences really respond to media texts and argue that there is an urgent need for informed and interdisciplinary

approaches to the study of the media Martin Barker University of the West of England UK Julian Petley Brunel University UK Pat Holland David Buckingham The Anneberg School for Communication UK David Mi

**Criminal Visions** Paul Mason, 2012-12-06 Media representations of law and order are matters of keen public interest and have been the subject of intense debate amongst those with an interest in the media crime and criminal justice Despite being an increasingly high profile subject few publications address this subject head on This book aims to meet this need by bringing together an important range of papers from leading researchers in the field addressing issues of fictional factual and hybrid representations in the media the so called docu dramas and faction

**The Role of the Media in Criminal Justice Policy** Natalia Antolak-Saper, 2022-09-09 This book provides a socio legal examination of the media s influence on the development and implementation of criminal justice policy This impact is often assumed And especially in the wake of high profile crimes the press is routinely observed calling for sentences to be harsher and for governments to be tougher on crime But how do we know that there is a connection To answer this question the book draws on a case study of the media reporting of the rape and murder of Jill Meagher in Melbourne Australia as well as other well known cases including those of James Bulger Sarah Payne Stephen Lawrence and Michael Brown among others Deploying a socio legal framework to examine how the media s often powerful and emotive narratives play a crucial role in the development and implementation of law the book provides a deep and critical reflection on its influence The book concludes with a number of suggestions for media reform both to moderate the media s influence and to incorporate a broader range of viewpoints This multi disciplinary book will appeal to scholars and students in sociolegal studies criminology and criminal law as well as those working in relevant areas in sociology and media studies

**The Digital Courtroom** Lisa Flower, 2025-05-29 The digitalisation of courtrooms brings both opportunities and challenges to the judicial process shaping our understandings of trials and their participants in a myriad of at times unexpected ways and transforming how we participate in attend engage with and consume trials While digital tools offer potential benefits they can also impact core aspects of judicial integrity such as the conduct of legal proceedings and participants experiences as well as introducing additional layers of complexity sometimes problematic in how trials are portrayed in popular culture By exploring these developments the book highlights the importance of a thoughtful approach to digital integration one that carefully considers its implications for procedural fairness public trust and the perceived legitimacy of the legal system The author examines the social construction of courts in the digital age arguing that digitalisation is not merely transforming the tools of justice but also redefining the very essence of the justice experience and reshaping our perceptions of trials and their participants The work will be a valuable resource for scholars and students in the social sciences law and all those interested in digitalisation and society

**Prime Time Prisons on U.S. TV** Bill Yousman, 2009 In the current era of rampant incarceration and an ever expanding prison industrial complex this crucial book breaks down the distorted and sensationalistic version of imprisonment found on U S television Examining local and national

television news broadcast network crime dramas and the cable television prison drama *Oz* the book provides a comprehensive analysis of the stories and images of incarceration most widely seen by viewers in the U S and around the world The textual analysis is augmented by interviews with individuals who have spent time in U S prisons and jails their insights provide important context while encouraging readers to critically reflect on their own responses to television images of imprisonment Appropriate for both undergraduates and postgraduates *Prime Time Prisons on U S TV* is useful for courses in media criticism media literacy popular culture television studies and criminology

***Pulling Newspapers Apart*** Bob Franklin, 2008-03-07 *Pulling Newspapers Apart* Analysing Print Journalism explores contemporary UK national and local newspapers at a significant and pivotal moment in their development when some pundits are busily if mistakenly announcing their demise The book offers a detailed examination of features which previous studies have tended to neglect such as editorial formats aspects of newspaper design newspaper contents as well as the content of newspapers which is not generated by in house journalists

**Media Control** Robert E. Gutsche, Jr., 2017-04-20 *Media Control* News as an Institution of Power and Social Control challenges traditional and even some radical perceptions of how the news works While it s clear that journalists don t operate objectively reporters don t just cover news but they make it *Media Control* goes a step further by arguing that the cultural institution of news approaches and presents everyday information from particular and dominant cultural positions that benefit the power elite From analysing how the press operate as police agents by conducting surveillance and instituting social order through its coverage of crime and police action to bolstering private business and neoliberal principles by covering the news through notions of boosterism *Media Control* presents the news through a cultural lens Robert E Gutsche Jr introduces or advances readers applications of critical race theory and cultural studies scholarship to explore cultural meanings within news coverage of police action the criminal justice system and embedding into the news democratic values that are later used by the power elite to oppress and repress portions of the citizenry *Media Control* helps the reader explicate how the power elite use the press and the veil of the Fourth Estate to further white ideologies and American Imperialism

**Murder, Medicine and Motherhood** Emma Cunliffe, 2011-05-27 Since the early 1990s unexplained infant death has been reformulated as a criminal justice problem within many western societies This shift has produced wrongful convictions in more than one jurisdiction This book uses a detailed case study of the murder trial and appeals of Kathleen Folbigg to examine the pragmatics of proof beyond a reasonable doubt It explores how legal process medical knowledge and expectations of motherhood work together when a mother is charged with killing infants who have died in mysterious circumstances The author argues that Folbigg who remains in prison was wrongly convicted The book also employs Folbigg s trial and appeals to consider what lessons courts have learned from prior wrongful convictions such as those of Sally Clark and Angela Cannings The author s research demonstrates that the Folbigg court was misled about the state of medical knowledge regarding infant death and that the case proceeded on the incorrect

assumption that behavioural and scientific evidence provided independent proofs of guilt Individual chapters critically assess the relationships between medical research and expert testimony the operation of unexamined cultural assumptions about good mothering and the manner in which contested cases are reported by the press as overwhelming

**Sport and the Media** Matthew Nicholson, 2007-03-14 Sport and the Media managing the sport media nexus is a unique text which combines an analysis of the sport media industry with practical sport media management skills The book is designed to equip students within sport management and related courses who need to understand the nature and scope of the sport media nexus as well as develop the skills to manage the media promotion and coverage of sport organisations This books covers topics including Historical development of sport and the media Current commercial and contextual relationships between the media and sport industries How audiences and advertisers drive the media coverage of sport Ways in which the media industry generally and the sport industry more specifically are structured to produce content news products How the media represents sport in order to sell it This book will help students to acquire a working knowledge of sport related media that will help their studies and their progression towards a career in this sector It is also a useful guide for teachers of the subject and practioners already working in the industry
