Reproductive Endocrinology And Infertility

C. Ng, F.H.M. Tsakok, S.-L. Tan, K.-H. Chan

Reproductive Endocrinology And Infertility:

Reproductive Endocrinology and Infertility Dr. Vivian Lewis, 2024-11-01 *Reproductive Endocrinology and Infertility* provides an overview of the most frequently encountered clinical challenges faced by medical students and residents Part I begins with chapters on reproductive hormonal physiology and development to provide a basis for understanding the management of the most common reproductive clinical problems that confront obstetrician gynecologists and other practitioners in women's health Several of the chapters including obesity premenstrual syndrome menopause and imaging provide a cross disciplinary approach to endocrine related problems common among reproductive aged women Part II includes chapters on the evaluation of infertility as well as surgical and medical approaches to treating infertility in men and women The chapter on alternative medicine provides a basis for understanding the increasingly popular use of therapies such as acupuncture and herbal treatments The last chapter discusses the influence of environmental factors on fertility an important field that is often ignored in the traditional approach to infertility This text is meant to be used as a portable reference with readily accessible information including a summary of key points in each chapter All of the contributors are involved in residency training programs and understand the kinds of patient management questions that are encountered in a busy practice Our goal with this book is to provide information that will support solid patient management and hopefully pique the appetite to learn more

Reproductive Endocrinology and Infertility Dan I. Lebovic, Molly B. Moravsek, Robert N. Taylor, 2025-08-28 Comprehensive in scope yet compact enough to carry with you for quick reference *Reproductive Endocrinology and Infertility Handbook for Clinicians* 3rd Edition is a practical must have resource for all medical professionals who deal with disorders of reproduction Written and edited by Drs Dan I Lebovic Molly Moravsek and Robert N Taylor it offers more than 500 pages of detailed tables flowcharts figures and helpful hints covering the full range of topics from amenorrhea to assisted reproductive technology Carefully and thoroughly referenced and designed for ease of use this classic manual brings you fully up to date with all that's new in this complex field

Reproductive Endocrinology and Infertility Douglas T. Carrell, C. Matthew Peterson, 2010-03-23 Management of the modern reproductive endocrinology and infertility clinic has become very complex In addition to the medical and scientific aspects it is crucial that the modern director be aware of incongruent fields such as marketing accounting management and regulatory issues *Reproductive Endocrinology and Infertility Integrating Modern Clinical and Laboratory Practice* was developed to assist the practicing reproductive endocrinologist and or laboratory director by providing an overview of relevant scientific medical and management issues in a single volume Experts in all pertinent areas present concise practical evidence based summaries of relevant topics producing a key resource for physicians and scientists engaged in this exciting field of medicine As novel technologies continue to amplify *Reproductive Endocrinology and Infertility Integrating Modern Clinical and Laboratory Practice* offers insight into development and imparts extra confidence to practitioners in handling the many demands
