Requiem For A German Past A Boyhood Among The Nazis:

Requiem for a German Past Jurgen Herbst, 1999 Jurgen Herbst's account of growing up in Nazi Germany from 1928 to 1948 is a boy's experience of anti-Semitism and militarism from the inside Herbst was a middle class boy in a Lutheran family that saw value in Prussian military ideals and a mythic German past His memoir is a compelling understated tale of moral Women Pioneers of Public Education J. Herbst, 2008-11-10 The book narrates the story of how the school founded by women pioneers of public education in a Rocky Mountain mining settlement became the centre and sustaining force of the town s community life from its beginning in the 1870s to the present day Music in World War II Pamela M. Potter, Christina L. Baade, Roberta Montemorra Marvin, 2020-10-06 A collection of essays examining the roles played by music in American and European society during the Second World War Global conflicts of the twentieth century fundamentally transformed not only national boundaries power relations and global economies but also the arts and culture of every nation involved An important unacknowledged aspect of these conflicts is that they have unique musical soundtracks Music in World War II explores how music and sound took on radically different dimensions in the United States and Europe before during and after World War II Additionally the collection examines the impact of radio and film as the disseminators of the war s musical soundtrack Contributors contend that the European and American soundtrack of World War II was largely one of escapism rather than the lofty solemn heroic and celebratory mode of war music in the past Furthermore they explore the variety of experiences of populations forced from their homes and interned in civilian and POW camps in Europe and the United States examining how music in these environments played a crucial role in maintaining ties to an idealized home and constructing politicized notions of national and ethnic identity This fascinating well constructed volume of essays builds understanding of the role and importance of music during periods of conflict and highlights the unique aspects of music during World War II A collection that offers deeply informed interdisciplinary and original views on a myriad of musical practices in Europe Great Britain and the United States during the period Gayle Magee co editor of Over Here Over There Transatlantic Conversations on the Music of World War I Hitler Youth Michael H. Kater, 2009-06-30 In modern times the recruitment of children into a political organization and ideology reached its boldest embodiment in the Hitler Youth founded in 1933 soon after the Nazi Party assumed power in Germany Determining that by age ten children's minds could be turned from play to politics the regime inducted nearly all German juveniles between the ages of ten and eighteen into its state run organization The result was a potent tool for bending young minds and hearts to the will of Adolf Hitler Baldur von Schirach headed a strict chain of command whose goal was to shift the adolescents sense of obedience from home and school to the racially defined Volk and the Third Reich Luring boys and girls into Hitler Youth ranks by offering them status uniforms and weekend hikes the Nazis turned campgrounds into premilitary training sites air guns into machine guns sing alongs into marching drills instruction into indoctrination and children into Nazis A few resisted for personal or political reasons but the

overwhelming majority enlisted Drawing on original reports letters diaries and memoirs Michael H Kater traces the history of the Hitler Youth examining the means degree and impact of conversion and the subsequent fate of young recruits Millions of Hitler Youth joined the armed forces thousands gleefully participated in the subjugation of foreign peoples and the obliteration of racial aliens Although young they committed crimes against humanity for which they cannot escape judgment Their story stands as a harsh reminder of the moral bankruptcy of regimes that make children complicit in crimes of the state

Kristallnacht James Deem, 2012-01-01 On November 10 1938 Francis Schott slept peacefully in his bed Suddenly a group of Nazis broke into his house and began to destroy it They wanted to demolish everything because Francis's family was Jewish For days violent attacks like this took place throughout Nazi Germany and came to be known as Kristallnacht the Night of Broken Glass The Nazis destroyed thousands of Jewish homes and businesses burned down hundreds of synagogues and murdered many people The brutal assault came to an end but it marked the beginning of something much worse the Holocaust Leaders in the Historical Study of American Education Wayne J.
