American Heroes: Profiles of Men and Women Who Shaped Early America Edmund S. Morgan,2010-05-10 A wise humane and beautifully written book Bret Stephens Wall Street Journal From the best selling author of Benjamin Franklin comes this remarkable work that will help redefine our notion of American heroism Americans have long been obsessed with their heroes but the men and women dramatically portrayed here are not celebrated for the typical banal reasons contained in Founding Fathers hagiography Effortlessly challenging those who persist in revering the American history status quo and its tropes and falsehoods Morgan now ninety three continues to believe that the past is just not the way it seems

21st-Century TV Dramas Amy M. Damico,Sara E. Quay,2016-02-12 In its exploration of some of the most influential popular or critically acclaimed television dramas since the year 2000 this book documents how modern

television dramas reflect our society through their complex narratives about prevailing economic political security and social issues Television dramas have changed since the turn of the 21st century for the good many would say as a result of changes in technology the rise of cable networks and increased creative freedom This book approaches the new golden age of television dramas by examining the programs that define the first 15 years of the new century through their complex narratives high production value star power popularity and enthusiastic fan culture After an introduction that sets the stage for the book s content thematic sections present concise chapters that explore key connections between television dramas and elements of 21st century culture The authors explore Downton Abbey as a distraction from contemporary class struggles patriarchy and the past in Game of Thrones and Mad Men and portrayals of the dark hero protagonist in The Sopranos Dexter and Breaking Bad as a few examples of the book s coverage With its multidisciplinary perspectives on a variety of themes terrorism race class gender family dynamics and sociopolitical and socioeconomic topics this book will be relevant across the social sciences and cultural and media studies courses

The Senator's Favorite Alex. McVeigh Mrs. Miller,2019-12-19 In *The Senator's Favorite* Alex McVeigh Miller employs a vivid narrative style characteristic of late 19th century American literature combining rich descriptions with intricate character development Set against the backdrop of political intrigue and societal norms of the Gilded Age the novel explores themes of love ambition and moral dilemmas through the lens of its heroine who navigates the treacherous waters of high society and familial expectations As a serialized fiction the book captures the pulse of contemporary readers reflecting their fascination with the intersection of personal aspirations and public roles within an evolving democratic landscape Alex McVeigh Miller emerged as a prominent voice in American fiction during a period marked by rapid social change With a background in journalism and a keen interest in the cultural dynamics of his age Miller s works often reveal his critical insights on social stratification and the complexities of human relationships His own experiences within a politically charged environment likely informed the development of Millie the titular character embodying the struggles faced by women in asserting their identities amidst patriarchal constraints This compelling novel is highly recommended for readers interested in rich historical narratives that intertwine romance and social commentary Miller s intricate storytelling and compelling characters will appeal not only to fans of classic American literature but also to those seeking a deeper understanding of the societal structures that continue to influence contemporary life

The B Word Maria San Filippo,2013-04-12 Often disguised in public discourse by terms like gay homoerotic homosocial or queer bisexuality is strangely absent from queer studies and virtually untreated in film and media criticism Maria San Filippo aims to explore the central role bisexuality plays in contemporary screen culture establishing its importance in representation marketing and spectatorship By examining a variety of media genres including art cinema sexploitation cinema and vampire films bromances and series television San Filippo discovers missed moments where bisexual readings of these texts reveal a more malleable notion of subjectivity and eroticism San Filippo s work moves

beyond the subject of heteronormativity and responds to compulsory monosexuality where it is not necessarily a couple's gender that is at issue but rather that an individual chooses one or the other. The B Word transcends dominant relational formation: gay, straight or otherwise and brings a discursive voice to the field of queer and film studies.

Making Crime Television Anita Lam, 2013-10-15 This book employs actor network theory in order to examine how representations of crime are produced for contemporary prime time television dramas. As a unique examination of the production of contemporary crime television dramas, particularly their writing process, *Making Crime Television: Producing Entertaining Representations of Crime for Television Broadcast* examines not only the semiotic relations between ideas about crime but the material conditions under which those meanings are formulated. Using ethnographic and interview data, Anita Lam considers how textual representations of crime are assembled by various people including writers, directors, technical consultants and network executives, technologies, screenwriting software and whiteboards and texts, newspaper articles and rival crime dramas. The emerging analysis does not project but instead concretely examines what and how television writers and producers know about crime, law and policing. An adequate understanding of the representation of crime, it is maintained, cannot be limited to a content analysis that treats the representation as a final product. Rather, a television representation of crime must be seen as the result of a particular assemblage of logics: people, creative ideas, commercial interests, legal requirements and broadcasting networks. A fascinating investigation into the relationship between television production, crime and the law, this book is an accessible and well researched resource for students and scholars of Law, Media and Criminology.

Las Lugosi's Dracula: The Cradle of Evil Las Lugosi, 2015-03-23 Las Lugosi's *Dracula* is a three part story about the most famous vampire the world has ever seen. It tells the story of how the vampire was born, going from a child hostage in the Ottoman Court to the height of his power and ultimately to his downfall and death. But the story is not just about Dracula. It is about the millions of people his existence has impacted and the countless lives he has ruined as he tried to conquer the world. But remember, just because Dracula has been successfully defeated, it does not mean he is gone forever. Just because he has been killed off for now, does not mean he will not return. He is, after all, undead.

Vivian Versus America Katie Coyle, 2014-09-04 For Vivian Apple, the end of the world was just the beginning. Seventeen year old Vivian Apple has just travelled across the country, fended off roving bands of indoctrinated teenagers, re-evaluated everything she ever thought was true and uncovered the dark secrets about the recent so-called Rapture and the Church of America. And now she must rescue her maybe boyfriend Peter from the Church before the world is supposedly due to end, which is in less than three months. It's been a busy apocalypse so far. Stranded in a city on the verge of complete panic and faced with a society in an ever increasing state of breakdown, Vivian and her friend Harp don't even know where to begin looking for Peter. But then a tip leads them to Los Angeles and the somewhat unlikely location of the Chateau Marmont hotel. Vivian must save the day or she'll lose everything worth living for a second time.
