Research Frontiers In Politics Governm:

Research Frontiers in Politics and Government Stephen Kemp Bailey,1973-03-26 **Research Frontiers in Politics and Government** ,1964 **Research frontiers in politics and government** ,1973 *Research Frontiers in Politics and Government [by] Stephen K. Bailey [and Others].* ,1955 *Research Frontiers in Politics and Government* Stephen Kemp Bailey,Herbert Alexander Simon,Robert Alan Dahl,Richard C.. Snyder,1955 Research Frontiers in Politics and Government [by] Stephen K. Bailey [and Others]. ,1955 **The Descent of Political Theory** John G. Gunnell,1993-12

This provocative work reveals the origins and development of political theory as it is presently understood and misunderstood Tracing the evolution of the field from the nineteenth century to the present John G Gunnell shows how current controversies like those over liberalism or the relationship of theory to practice are actually the unresolved legacy of a forgotten past By uncovering this past Gunnell exposes the forces that animate and structure political theory today Gunnell reconstructs the evolution of the field by locating it within the broader development of political science and American social science in general During the behavioral revolution that swept political science in the 1950s the relationship between political theory and political science changed dramatically relegating theory to the margins of an increasingly empirical discipline Gunnell demonstrates that the estrangement of political theory is rooted in a much older quarrel the authority of knowledge versus political theory is rooted in a much older quarrel the authority of knowledge versus political authority academic versus public discourse By disclosing the origin of this dispute he opens the way for a clearer understanding of the basis and purpose of political theory As critical as it is revelatory this thoughtful book should be read by any one interested in the history of political theory or science or in the relationship of social science to political practice in the United States **American Political Scientists** Glenn H. Utter,Charles Lockhart,2002-10-30 This dictionary offers the only comprehensive collection of profiles of American political scientists each of whom contributed significantly to the intellectual development of American political science from its beginnings in the late 19th century to the present This second edition includes 22 new and 110 revised entries reflecting new scholarship that emerged during the 1990s Numerous experts helped the editors develop this consensus group of the 193 political scientists who have made the most important theoretical contributions over the years with attention to varied approaches and the different subfields Alphabetically arranged entries focus on the main ideas and major works by each scholar listing list the most important publications by and about the individual There are numerous cross references to show how the work of one scholar has influenced another in the discipline Appendices list the political scientists by degree granting institutions and by major fields A short bibliography points to important general readings about the profession A general index makes this major reference easily accessible for broad interdisciplinary research **The Politics of Policy in Local Government** John Dearlove,2011-02-03 Originally published in 1973 this book is a review of the established literature on local government and the mainstream studies of public policy in political science The American

Science of Politics Prof. Bernard Crick, Bernard Crick, 2006-10-19 Originally published between 1943 and 1969 the volumes in the International Library of Sociology Political Sociology set were written against a backdrop of rapid and radical political change Covering topics as wide ranging as European federalism democracy and dictatorship and voting these titles are as relevant today as when they were first published

The Process of Politics Jorgen Rasmussen, 2017-07-12 The successful teaching of an introductory course in comparative politics or comparative government as any instructor will agree involves the presentation of information organized around a coherent framework Therefore to be effective a textbook must provide an articulate methodical structure that not only clarifies basic information but also makes it relevant and vital for the student The Process of Politics is just such a book carefully chosen material intellectual coherence and stylistic clarity are the prime characteristics of this core volume in comparative politics Here the significant data of comparative research are tied in with the continuing study of political systems Throughout a wealth of substantive material illustrates the author's theoretical perspective so that while concentrating on existing cross national relations and behavior patterns the student discovers both the unique qualities of a given political system and the shared patterns common to all political systems The Process of Politics can be adapted to any preferred method of instruction For example with a country by country approach it can be used as an introduction to the overall field and the findings it presents can serve as models against which politics in each country may be compared Similarly instructors who choose the functional approach can use the book to introduce the primary governmental functions as they are performed in various political settings The Process of Politics stimulates the student's interest in the comparative approach by emphasizing the characteristics of sound research examining the potentialities and deficiencies of structural functionalism and demonstrating the need for greater integration of research in this exciting and rapidly growing area

The Logic of Party Democracy Alan J. Ware, 2015-12-22 *Research Frontiers in Politics and Government. Brookings Lectures, 1955. [By] Stephen K. Barley, Alfred de Grazia [and Others], Etc* RESEARCH FRONTIERS., Stephen Kemp Bailey, 1955

Poverty and Politics Sidney Baldwin, 2018-11-15 This book is more than a case study of the Farm Security Administration It not only deals with the history of farm politics but also provides a fresh perspective and gives depth of understanding to issues such as the role of farm organizations the behavior of many prominent people of the time and problems of antipoverty programs generally A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value

The Cambridge History of Twentieth-Century Political Thought Terence Ball, Richard Bellamy, 2003-08-14 Table of contents

Hearings, Reports and Prints of the Senate Committee on Government Operations United States. Congress. Senate. Committee on Government Operations, 1967

African Politics and Society in the 21st Century Tyodzua Atim, 2013 After more than one hundred years of statehood most

African countries are still facing serious challenges of political instability low growth underdevelopment and stagnation These challenges have created a dysfunctional African society and destroyed the heroic and proud myth of resilience and hard work associated with a typical African The book has analyzed the trends and dynamics of the breakdown of family and institutional values which have necessitated the classification of most African states as failed While the book is of the opinion that in as much as the relationship between Africa and the West has contributed to the continent s current predicaments Africa s problems are predominantly self induced and are traced from the stereotypical culture of lack of idealism The book has empirically demonstrated that this culture has hindered initiative and promoted mediocrity deceit and tyranny on the part of African leadership while the politics of exclusion has promoted the culture of self resignation and fratricidal conflicts on the continent The book has also proved that the current wave of democratization in Africa particularly the electoral process as dramatized rituals that seek to legitimate the authority of the ruling class

Political Science William J. Crotty,1991 In this volume the study of legislatures has traditionally been a central preoccupation of political scientists Legislatures provide good laboratories for testing theories and methodologies of significance in the discipline and more broadly for contributing to an understanding of how representative government works

Man, the State, and War Kenneth N. Waltz,2001-09-26 What are the causes of war To answer this question Professor Waltz examines the ideas of major thinkers throughout the history of Western civilization He explores works both by classic political philosophers such as St Augustine Hobbes Kant and Rousseau and by modern psychologists and anthropologists to discover ideas intended to explain war among states and related prescriptions for peace

Theory and Politics / Theorie und Politik Carl Joachim Friedrich,2012-12-06 Die Soziologie wissenschaftlichen Ruhms ist weitgehend unerforscht Ein Versuch ihn mit behavioristischen Methoden f r die Politikwissenschaft zu analysieren den Somit und Tanenhaus unternahmen z hlt zu den Faktoren die wissenschaftlichen Ruhm bedingen originelle Ideen Beitr ge zur Systematisierung Anregung wissenschaftlicher Forschung Publikation vielge brauchter Lehrb cher und organisatorische F higkeiten Carl Joachim Friedrich wurde bei dieser Analyse obwohl ihr gelegentlich ein behaviori stisches bias nachgesagt wurde von einem grossen Prozentsatz der inter viewten Politikwissenschaftler sehr h ufig zu den bedeutendsten Gelehrten seines Faches gez hlt Einmalig war die Dauer der wissenschaftlichen Hoch sch tzung die er in einer Zeit einer immer kurzlebiger werdenden wissen schaftlichen Reputation genoss Friedrich war neben Lasswell einer der wenigen die sowohl vor 1945 als auch nach 1945 unter den 15 bedeutendsten Politikwissenschaftlern genannt wurden Es wird schwer sein unter den f nf Voraussetzungen wissenschaftlicher Reputation einen einzelnen Grund f r die Bedeutung C J Friedrichs herauszustellen Neue Ideen entwickelte Friedrich so umstritten manche vor allem in der Totalitarismusforschung gewesen sein m gen besonders in der Erfor schung des Konstitutionalismus des F deralismus und des Totalitarismus Seine bekanntesten Beitr ge zur Systematisierung der Forschungsergebnisse sind die Werke Constitutional Government and Democracy 1937 ff und Man and His Government 1963
