Seminar, 2002 This work approaches Tibeto Burman comparative historical linguistics according to the classical Indo European model Articles are included on Old Zhangzhung early classical Newari Pyu Old Burmese and early Meithei Glossaries of several early Tibeto Burman languages are included Buchbesprechung : Austin Hale. Research on Tibeto-Burman Languages Roland Bieltmeier, 1984 Research in Education , 1971 Research on the Dialects of Myanmar Danian Wang, Xiangyang Cai, 2025-01-31 This book provides a detailed description and a cross dialectal comparison of the major dialects of Myanmar The fieldwork was carried out under very difficult conditions in Myanmar which makes this material all the more valuable Chapter 1 provides phonological and grammatical sketches of 8 major Burmese dialects while Chapter 2 describes in detail the particular features of their repertoire of initial consonants rhymes and tones and remarks on their systems of particles The Appendices are devoted to detailed lexicons of the dialects largely based on the first author s personal fieldwork Each dialect is exemplified with approximately 1800 forms Comprising by far the largest corpora of such data ever assembled in one place the research on tonal systems presented in this book contributes significantly to the tone study of the world s languages **The Sino-Tibetan Languages** Graham Thurgood, Randy J. LaPolla, 2016-12-08 There are more native

speakers of Sino Tibetan languages than of any other language family in the world Our records of these languages are among the oldest for any human language and the amount of active research on them has multiplied in the last few decades Now in its second edition and fully updated to include new research The Sino Tibetan Languages includes overview articles on individual languages with an emphasis on the less commonly described languages as well as descriptions and comments on the subgroups in which they occur There are overviews of the whole family on genetic classification and language contact syntax and morphology and also on word order typology There are also more detailed overview articles on the phonology morphosyntax and writing system of just the Sinitic side of the family Supplementing these overviews are articles on Shanghainese Cantonese and Mandarin dialects Tibeto Burman is reviewed by genetic or geographical sub group with overview articles on some of the major groups and areas and there are also detailed descriptions of 41 individual Tibeto Burman languages written by world experts in the field Designed for students and researchers of Asian languages The Sino Tibetan Languages is a detailed overview of the field This book is invaluable to language students experts requiring concise but thorough information on related languages and researchers working in historical typological and comparative linguistics

The Sino-Tibetan Languages Randy J. LaPolla, Graham Thurgood, 2006-05-17 There are more native speakers of Sino Tibetan languages than of any other language family in the world Records of these languages are among the oldest for any human language and the amount of active research on them both diachronic and synchronic has multiplied in the last few

decades This volume includes overview articles as well as descriptions of individual languages and comments on the subgroups in which they occur In addition to a number of modern languages there are descriptions of several ancient languages Medieval Tibeto-Burman Languages: PIATS 2003 : Tibetan studies : proceedings of the tenth Seminar of the International Association for Tibetan Studies, Oxford 2003 International Association for Tibetan Studies, International Association for Tibetan Studies. Seminar, 2006 Vol 4 While providing unique and detailed information on early Tibeto Burman languages and their contact and relationship to other languages this book at the same time sets out to establish a field of Tibeto Burman comparative historical linguistics based on the classical Indo European model The volume includes six papers on Tangut three on Tibetan and one each on the languages Mon Burmese Lepcha Pyu Nam and Yi Building a bridge between linguistic and literary research the range of studies treats phonology decipherment literature and religion

BIBLIOGRAPHIE linguistique de l'année 1982 H. Borkent, J.J. Beylsmit, Mark Janse, 1985-03-31 **Bhutan Country Study Guide Volume 1 Strategic Information and Developments** IBP, Inc, 2012-03-03 Bhutan Country Study Guide Volume 1 Strategic Information and Developments Sociohistorical Linguistics in Southeast Asia Picus Sizhi Ding, Jamin Pelkey, 2017 Sociohistorical Linguistics in Southeast Asia provides new analyses of regional Tibeto Burman languages and sub branches to demonstrate ways in which diachronic social and geographic aspects of language variation and language endangerment are necessary for more adequate descriptions of language systems *A Grammar of Gurung* Kristine A. Hildebrandt, 2025-09-22 This grammar is a detailed description of Gurung a Tibeto Burman language spoken in parts of Nepal India and Bhutan and by diaspora communities in Southeast Asia and beyond Although Gurung is a Bodish language of the Tibeto Burman family the speakers have been in intense and long term contact with Nepali and so the grammar and lexicon demonstrate interesting aspects of contact induced language change This grammar focuses on the variety of Gurung spoken in Manang District Nepal but it includes detailed comparison with available data on other varieties spoken in other regions of Nepal and in India The description is based on primary data collected during fieldwork conducted between 2004 and 2017 including both natural and elicited data Of particular interest in this description is the register based tone system which diverges from descriptions of tone for other related languages spoken in the region Also of interest in this language is the phenomenon of differential case marking The grammar provides new analyses and insights that are relevant to our understanding of the synchronic typology and areal relationships and also the diachronic changes within the western Tibeto Burman region **A Grammar of Bunan** Manuel Widmer, 2017-09-11 This book provides a comprehensive grammatical description of Bunan a Tibeto Burman language that is spoken by approximately 4 000 people in the North Indian Himalayas The grammar offers a systematic analysis of a wide range of grammatical phenomena ranging from phonetics and phonology to complex syntactic constructions Moreover it contains a wealth of historical annotations annotated texts and a Bunan English glossary **The World's Major Languages** Bernard Comrie, 2017-07-05 This volume features over fifty of the

world's languages and language families The featured languages have been chosen based on the number of speakers their role as official languages and their cultural and historical importance Each language is looked at in depth and the chapters provide information on both grammatical features and on salient features of the language's history and cultural role This second edition has been updated and revised Two new languages Amharic and Javanese have been included This accessible volume will appeal to anyone with an interest in linguistics Key features Attention is paid to both grammatical and sociolinguistic features Attention is concentrated on the world's major languages Designed to be accessible to all readers with an interest in language

Bibliographie Linguistique de L'annee 1999 Mark Janse, Hella Olbertz, Sijmen Tol, 2003-11-30

Setting out the historical national and religious characteristics of the Italians as they impact on the integration within the European Union this study makes note of the two characteristics that have an adverse effect on Italian national identity cleavages between north and south and the dominant role of family It discusses how for Italians family loyalty is stronger than any other allegiance including feelings towards their country their nation or the EU Due to such subnational allegiances and values this book notes that Italian civic society is weaker and engagement at the grass roots is less robust than one finds in other democracies leaving politics in Italy largely in the hands of political parties The work concludes by noting that EU membership however provides no magic bullet for Italy it cannot change internal cleavages the Italian worldview and family values or the country's mafia dominated power matrix and as a result the underlying absence of fidelity to a shared polity Italian or European leave the country as ungovernable as ever

Trends in South Asian Linguistics Ghanshyam

Sharma, John J. Lowe, 2021-11-08 The field of South Asian linguistics has undergone considerable growth and advancement in recent years as a wider and more diverse range of languages have become subject to serious linguistic study and as advancements in theoretical linguistics are applied to the rich linguistic data of South Asia In this growth and diversity it can be difficult to retain a broad grasp on the current state of the art and to maintain a sense of the underlying unity of the field This volume brings together twenty articles by leading scholars in South Asian linguistics which showcase the cutting edge research currently being undertaken in the field and offer the reader a comprehensive introduction to the state of the art in South Asian linguistics The contributions to the volume focus primarily on syntax and semantics but also include important contributions on morphological and phonological questions The contributions also cover a wide range of languages from well studied Indo Aryan languages such as Sanskrit Hindi Bangla and Panjabi through Dravidian languages to endangered and understudied Tibeto Burman languages This collection is a must read for all scholars interested in current trends and advancements in South Asian linguistics

The Languages and Linguistics of Mainland Southeast Asia Paul

Sidwell, Mathias Jenny, 2021-08-23 The handbook will offer a survey of the field of linguistics in the early 21st century for the Southeast Asian Linguistic Area The last half century has seen a great increase in work on language contact work in genetic theoretical and descriptive linguistics and since the 1990s especially documentation of endangered languages The book will

provide an account of work in these areas focusing on the achievements of SEAsian linguistics as well as the challenges and unresolved issues and provide a survey of the relevant major publications and other available resources We will address Survey of the languages of the area organized along genetic lines with discussion of relevant political and cultural background issues Theoretical descriptive and typological issues Genetic classification and historical linguistics Areal and contact linguistics Other areas of interest such as sociolinguistics semantics writing systems etc Resources major monographs and monograph series dictionaries journals electronic data bases etc Grammar sketches of languages representative of the genetic and structural diversity of the region

Language Typology and Historical Contingency Balthasar Bickel, Lenore A. Grenoble, David A. Peterson, Alan Timberlake, 2013-12-15 What is the range of diversity in linguistic types what are the geographical distributions for the attested types and what explanations based on shared history or universals can account for these distributions This collection of articles by prominent scholars in typology seeks to address these issues from a wide range of theoretical perspectives utilizing cutting edge typological methodology The phenomena considered range from the phonological to the morphosyntactic the areal coverage ranges in scale from micro areal to worldwide and the types of historical contingency range from contact based to genealogical in nature Together the papers argue strongly for a view in which although they use distinct methodologies linguistic typology and historical linguistics are one and the same enterprise directed at discovering how languages came to be the way they are and how linguistic types came to be distributed geographically as they are

Expressive Morphology in the Languages of South Asia Jeffrey P. Williams, 2020-08-30 Expressive Morphology in the Languages of South Asia explores the intricacies of the grammars of several of the languages of the South Asian subcontinent Specifically the contributors to this volume examine grammatical resources for shaping elaborative rhyming and alliterative expressions conveying the emotions states conditions and perceptions of speakers These forms often referred to as expressives remain relatively undocumented until now It is clear from the evidence on contextualized language use that the grammatically artistic usage of these forms enriches and enlivens both every day and ritualized genres of discourse The contributors to this volume provide grammatical and sociolinguistic documentation through a typological introduction to the diversity of expressive forms in the languages of South Asia This book is suitable for students and researchers in South Asian Languages and language families of the following Dravidian Indo Aryan Iranian Sino Tibetan and Austro Asiatic
