Zohara Meyerhoff

Hieronimus,2017-10-24 Explores the powers and wisdom of sacred White Spirit Animals Looks in depth at the lessons of the major White Spirit Animals the White Bear White Lion White Elephant White Wolf and White Buffalo Explains how to use shamanic dreaming and trans species telepathy to communicate with these great spiritual teachers Reveals how White Spirit Animals are calling humanity to restore balance respect reverence and honor to protect our animal kin ourselves and the earth Beautiful rarities of nature all white animals are held sacred by many indigenous cultures and offer deep wisdom to all who will listen In addition to the White Buffalo there are other revered white animals such as the White Wolf White Lion White Elephant and White Bear Each of these White Spirit Animals belongs to a species at the apex of their ecosystem meaning the environment in which they live will unravel without them Speaking through ancient and modern prophecy and the many humans who communicate with them these White Spirit Animals are urgently calling to humanity to restore balance and protect our animal kin ourselves and the earth Combining sacred elder lore science and her own telepathic dreams Zohara Hieronimus looks at the special role played by White Spirit Animals in spiritual traditions and prophecy around the globe where they are seen as guardians of animal wisdom each with a special purpose and gift She reveals how they have collaborated with humanity since the last ice age inspiring spiritual practices and conferring shamanistic powers and are considered the stewards of the great spiritual transformations that occur during transitional times Sharing the waking vision of White Spirit Animals that called her to write this book and their message of CPR for the earth conservation preservation and restoration she explains how to use shamanic dreaming and trans species telepathy to communicate with these great spiritual teachers Exploring each one of the major White Spirit Animals White Buffalo White Lion White Elephant White Wolf and White Spirit Bear and the cultures in which they are honored the author shows for example how the White

Buffalo is called a harbinger of peace and abundance by many Native American tribes and the White Bear the great earth healer teaches us about nurturance and patience As a bridge between the spiritual and physical worlds between humans and animals White Spirit Animals are calling us to open our hearts to the wild to the sacredness of the wind the water the earth and dream a new world into being to heal our own personal and collective wounds and restore the earth to balance The Final Empire Wm. H. Kötke, 2007-11 In spite of its tough message there is much compassion and humanity in The Final Empire Right away as you begin to read this work you sense increasingly the grand perspective in Kötke's words He is not speaking of anarchy He is offering vital common sense It's just that his meaning is so unavoidably political And so much against what we have been taught all our lives The materialistic values of civilization teach us that the accumulation of wealth is progress The material wealth of the civilization is derived from the death of the earth the soils the forests the fish stocks the free resources of flora and fauna The ultimate end of this is for all human species to live in giant parasitical cities of cement and metal while surrounded by deserts of exhausted soils The simple polar opposites are the richness and wealth of the natural life of earth versus the material wealth of people living out their lives in artificial environments This amounts to a direct challenge to humankind A demand for radical change A re-envisioning of our part in the community of life and the precepts of individuality And Mr Kötke provides a strong argument for this case He traces the environmental scars of civilization through the ages Empire after empire desertification of the top soil winds its way around the globe in an erosive helix from China to India to Mesopotamia to Italy to North America As radical as it may seem at first glance The Final Empire is a necessary and sensible primer for the recovery of the planet It blends a critical statistical analysis of our deteriorating environment with a positivism of hope for a post empire age and a new whole human relation to the living community of Earth Dan Armstrong Author of the Novels *Prairie Fire* and *Taming the Dragon* *Acorns: Windows High-Tide Foghat* Joshua Morris, 2013-01-23 *Acorns* delineates the future of humanity as a reunification of intellect with the Deep Self Having chosen to focus upon ego established securely by the time of Christ much more beta brain wave development will destroy our species and others which process has already begun We create our own realities through beliefs intents and desires and we were in and out of probabilities constantly Feelings follow beliefs not the other way around *Conceiving Healthy Babies* Dawn Combs, 2014-09-01 Find balance and enhance fertility with whole food and whole plants Healthy babies don't just happen The lifestyle of the prospective parents is a crucial factor in promoting fertility and ensuring a successful pregnancy But the average North American diet is saturated with processed foods and environmental toxins are rampant we must take responsibility for what we put into and onto our bodies to create optimum conditions for the childbearing year Drawing on the author's own personal triumph over infertility *Conceiving Healthy Babies* is a unique herbal guide geared to helping couples achieve balance in preconception pregnancy lactation and beyond Its individualized approach to fertility explains the importance of Understanding accepting and celebrating our own bodies Basing our diets on organic nutrient dense foods that

have been traditionally prepared Using whole plants in their original form for their medicinal benefits Packed with detailed information on hundreds of different herbs with a focus on their roles in building healthy babies this comprehensive manual is a roadmap to wellbeing The reference guide is rounded out by complete information on herbal use before during and post pregnancy and special attention is paid to supporting nursing and lactation Whether you are have experienced challenges in conceiving or just want to ensure that your pregnancy is as natural and uncomplicated as possible Conceiving Healthy Babies is an indispensable guide Dawn Combs is an ethnobotanist and herbalist who apprenticed with Rosemary Gladstar After resolving her own infertility diagnosis through whole foods and natural herbal remedies she chose to specialize in helping women rebalance their bodies for fertility

Other Ways of Knowing John Broomfield, 1997-06 Our environment and our civilization are in crisis But the wisdom to chart a new course is available to us from unexpected sources including the sacred traditions of our ancestors From the Polynesian technique of remote viewing to the formative causation theory of Rupert Sheldrake Other Ways of Knowing examines perceptions and practices that challenge the narrow perspective of the West

An Agenda for Sustainable Development Research Walter Leal Filho, Amanda Lange Salvia, Claudio Ruy Portela de Vasconcelos, 2024-09-20 This book involves establishing a set of priorities and a roadmap that can guide scholarly and practical efforts towards sustainability goals It encourages collaboration across disciplines to address complex sustainability issues that span social economic and environmental domains It also supports the development of robust methodologies for conducting research including quantitative qualitative and mixed methods approaches But despite the importance of and the need for an agenda for sustainable development research many efforts are isolated and thematically disconnected Also it is difficult to find information on how sustainability research is being undertaken and on the wide range of methods being used Against this backdrop and in order to facilitate a broad discussion on the contribution of sustainable development research this book is being produced The book gathers inputs from universities and research organisations working on matters related to sustainable development research in a variety of contexts It also provides a platform for the dissemination of information on the latest initiatives paving the way for technology transfer and networking Furthermore the book intends to provide a fertile basis upon which universities research centres and practitioners may cooperate more closely in this key area Last but not least a further aim of the book is to present methodological approaches and experiences deriving from case studies and projects which aim to show how sustainability research may be implementing across a range of disciplines Thanks to its scope and interdisciplinarity this books makes an excellent reading to everyone interested on sustainability research
