Vanderbilt, 1999-01-01 Writer F Scott Fitzgerald's career itself is a metaphor for the vagaries of book publishing If Fitzgerald would have had his way we would today refer to The Great Gatsby as either Gold Hatted Gatsby Trimalchio in West Egg or The High Bouncing Lover A few years before Gatsby Fitzgerald had become a literary sensation at the age of 23 Helen Hooven Santmyer a contemporary of Fitzgerald's would not have a successful novel published until she was 88 and living in a nursing home In this book the author explores that mysterious place in publishing where art and commerce can either clash mesh or both Along the way a wide range of authors from the literary greats to today's commercial superstars editors agents and publishers share their thoughts insights and experiences What inspires writers John Steinbeck for example wrote every novel as if it were his last as if death were imminent Why are some books successful and appreciated while others fall into oblivion The answers are often elusive never absolute but the stories and anecdotes are always fascinating *Perry Mason and Philosophy* Heather L. Rivera, Robert Arp, 2020-09-08 In 1933 the crime writer Erle Stanley Gardner himself a practicing

lawyer unleashed the character Perry Mason in the novel *The Case of the Velvet Claws* Perry Mason entered into public consciousness as a new conception of the role of the defense lawyer so that millions of Americans came to expect every criminal trial to have its Perry Mason moment In the 1950s the Perry Mason TV show had a phenomenal success and Mason came to be identified with Raymond Burr Now Perry Mason has again been restored to life in the HBO series starring Matthew Rhys and John Lithgow Meanwhile the eighty two original Erle Stanley Gardner novels continue to sell thousands of copies each week Perry Mason gave America a new conception of the trial lawyer as someone who was always loyal to his client and always prepared to use dirty tricks such as misdirection and withholding of evidence to protect the innocent and secure the ends of Justice The Mason of the novels is less scrupulous than the Raymond Burr Mason and would sometimes be in danger of going to jail if the trial didn't turn out right which it always did largely because of Mason's cleverness The Perry Mason icon raises many philosophical issues explored by seventeen different philosophers in this book including Can we defend Paul Drake's claim *The Case of the Blonde Bonanza* that Mason is a paragon of righteous virtue despite his predilection for skating on thin legal ice Can complex murder cases be solved by facts alone or do we also need empathy The most convincing way to give a TV episode a surprise ending is by the guilty person suddenly confessing But in reality is a confession necessarily so convincing Does Perry Mason represent the Messiah How does the Raymond Burr Perry Mason compare with the more recent TV character Saul Goodman *Breaking Bad* and *Better Call Saul* Is it morally okay to mislead the police if this helps your client and your client is innocent How does Perry Mason help us understand the distinction between natural law and positive law Do the Perry Mason stories comply with Aristotle's recipe for a good work of fiction Does life imitate art when Perry Mason is cited in real life courtroom arguments How much trickery can be justified by loyalty to one's client Can evidence in murder trials be evaluated by probability theory Perry Mason is officially a lawyer and unofficially a detective But isn't he really a historian and a psychoanalyst Della Street is a competent legal secretary but is she something more Mason often says that Eye witness testimony is the worst kind of evidence and occasionally that

Circumstantial evidence is the best evidence we have Can these claims be defended      **Encyclopedia of Television** Horace Newcomb, 2014-02-03 The *Encyclopedia of Television* second edition is the first major reference work to provide description history analysis and information on more than 1100 subjects related to television in its international context For a full list of entries contributors and more visit the *Encyclopedia of Television* 2nd edition website      **Madame Bovary, C'est Moi!**

André Bernard, 2004 Explores the inspirations behind famous literary characters including the Roman emperor who first held the name of Rex Stout's Nero Wolfe the woman who was emulated by Tolstoy's Anna Karenina and J.R.R. Tolkien's hobbits

**Justice Denoted** Terry White, 2003-09-30 White provides the most comprehensive scholarly compilation of fictional work of legal suspense in existence Primarily a bibliography of novels it also annotates plays scripts for film and television novelizations and short story collections about lawyers and the law The idea behind the principal of selection is to disdain

labels that reduce the variety of the legal thriller to a subgenre of mystery fiction. Novels that range from suspense thrillers through science fiction to the philosophical novel are included if justice is thematically important. It is therefore an eclectic reference source beyond a compilation of books about lawyers as protagonists. Its biographical and scholarly information about authors major and minor and their novels or works is traditionally encyclopedic and objective regardless of whether the work has been genre defined or worse deified as a classic or denigrated as a bestseller. Many novels included are long out of print but historically interesting for their contribution to the lineage of the courtroom drama showing that the history of the legal thriller is one of the major branches of modern literature since the Age of Reason. The criterion of justice denoted moves beyond the fact of lawyers and courtrooms to select seminal novels like Robert Travers *Anatomy of a Murder* as well as the romantic potboiler. Among the more than 2 000 works are the Perry Mason novels of Erle Stanley Gardner, John Mortimer's Rumpole series along with a staple of fiction by major authors of the genre like John Lescroart, Lisa Scottoline, Margaret Maron, Scott Turow and John Grisham. There are also individual works by Shakespeare, Goethe, Kafka, Camus and Twain delineating humanity's obsession with the law as its shining prop of civilization and alternative *le noir* of the common individual caught up in its maw. The appendices include comments by lawyer novelist Michael A. Kahn, a historical introduction to the legal thriller, craft notes by writers and prominent trial lawyers responding to author and lawyer questionnaires, bibliography of critical sources and articles, series characters and the legal terminology found in courtroom dramas and novels. An essential reference tool for scholars, researchers as well as the occasional reader of legal thrillers.

Added to it are indexes of many magazines of related nature. This includes magazines that are primarily oriented to boys, book collecting, the paperbacks and the pulp magazine hero characters since these all have a place in the mystery and detective genre. **Lives of the Novelists** John Sutherland, 2011-10-27. Arranged in chronological order, the novelist's lives are opinionated, informative, frequently funny and often shocking. Professor Sutherland's authors come from all over the world; their writings illustrate every kind of fiction from gothic penny dreadfuls and pornography to fantasy, romance and high literature. The book shows the changing forms of the genre and how the aspirations of authors to divert and sometimes to educate their readers has in some respects radically changed over the centuries and in others such as their interest in sex and relationships remained remarkably constant. **Fiction Writer's Market**, 1982. **Fiction Writer's Market, 1982-83** Jean M. Fredette, John Brady, 1982. *Masters of Mystery and Detective Fiction* J. Randolph Cox, 1989. For more than a century the mystery and detective story has been among the most popular forms of fiction in bookstores and libraries.

Some writers Edgar Allan Poe or Dashiell Hammett for example have attracted a considerable body of critical response others have been the focus of less scrutiny This bibliography is intended for the student general reader or mystery buff who needs some basic information about the mystery genre and its representative authors Selective rather than exhaustive it serves as an introduction Entries on the life and work of seventy five writers from Margery Allingham Raymond Chandler and Amanda Cross to P D James John D MacDonald Edgar Allan Poe Ellery Queen and Georges Simenon appear 100 Masters of Mystery and Detective Fiction: Margery Allingham Fiona Kelleghan, 2001 This collection surveys 100 of the writers who have made the most lasting contribution to the genre Most articles are 2 500 words with longer articles on such major figures as Raymond Chandler Dashiell Hammett Ellery Queen and Rex Stout Handy ready reference listings are designed to accommodate the unique characteristics of mystery and detective fiction including author's pseudonyms types of plots principal series and principal series characters and even a glossary of terms peculiar to the genre Reference elements include a complete up to date list of authors works a glossary of mystery and detective fiction terms annotated bibliographies a time line an index of series characters and a list of authors by plot type
