Our Secret Constitution George P. Fletcher,2001-05-17 Americans hate and distrust their government At the same time Americans love and trust their government These contradictory attitudes are resolved by Fletcher's novel interpretation of constitutional history He argues that we have two constitutions still living side by side one that caters to freedom and fear the other that satisfied our needs for security and social justice The first constitution came into force in 1789 It stresses freedom voluntary association and republican elitism The second constitution begins with the Gettysburg Address and emphasizes equality organic nationhood and popular democracy These radical differences between our two constitutions explain our ambivalence and self contradictory attitudes toward government With September 11 the second constitution which Fletcher calls the Secret Constitution has become ascendant When America is under threat the nation cultivates its solidarity It overcomes its fear and looks to government for protection and the pursuit of social justice Lincoln's messages of a strong government and a nation that must long endure have never been more relevant to American politics Fletcher's argument has intriguing implications beyond the sweeping subject of this profoundly thought provoking book The Denver Post *Hiding in Plain Sight, 2nd Edition: Unmasking the Secret Combinations of the Last Days* Ken Bowers,2023-02-02 The world is full of evil men conspiring for total control Composed of religious financial and political committees this secret combination coordinates with other groups to accomplish its ultimate plan a one world government called the New World Order and a one world religion led by the Anti Christ But if this is true why do so few people know about it Why isn't it broadcast by the media for all the world to see One reason is that the media obscures the actions of this great conspiracy But the greatest reason is that the conspiracy is taking place right before our eyes staring at us so hard in the face that we can't

see it With new evidence from various experts on the subject this revised edition of Hiding in Plain Sight examines the combinations that seek to destroy us and exposes the reasoning they use to deceive us This is a must read for any Latter day Saint who wants to outsmart the enemy and win the war against Satan *Resources in Education* ,2000-10 **Los Angeles School Journal** ,1924
