## **Security Concerns Insights From The Isra:**

**Israel, Strategic Culture and the Conflict with Hamas** Niccolò Petrelli, 2017-10-12 This book offers a comprehensive overview of the impact of strategic culture on Israeli military operations against Hamas between 1987 and 2014. It has often been argued that Israeli policies and military operations against Hamas have proven tactically effective but strategically disastrous, allowing the Islamic Resistance Movement to grow from a small spin off of the Muslim Brotherhood into a powerful military and political actor in the Palestinian arena. This book argues contrary to this opinion that Israel was effective in its struggle against the Islamic Resistance Movement between 1987 and 2014 as the Jewish state ultimately managed to deny the majority of Hamas strategic aims and to preserve a position of relative strength. By relying on a synthesis of primary sources, interviews, memoirs, scholarly and professional military studies, and information gathered from the media, the study delivers a careful and comprehensive analysis of the conflict. It provides an historical outline of the development of the Israeli strategic culture and analyzes its impact on the process of military adaptation during the First Intifada, the Oslo Peace Process, the al Aqsa Intifada, and the Gaza wars. Finally, the book illuminates how the Israeli strategic culture moulded a distinctive way of war that, though marked by successes and failures, ultimately proved effective against Hamas. This book will be of much interest to students of strategic studies, Middle Eastern politics, counter insurgency, counter terrorism, and security studies in general.

**Israel and the Cyber Threat** Charles D. Freilich, Matthew S. Cohen, Gabi Siboni, 2023 In *Israel and the Cyber Threat*, Charles D. Freilich, Matthew S. Cohen, and Gabi Siboni provide a detailed and comprehensive overview of Israel's cyber strategy, tracing it from its origins to the present. They analyze Israel's defensive and offensive capabilities, both of which are prodigious, to offer insights into what other countries can learn from Israel's experience and actions. The most authoritative work to date on Israeli cyber strategy, this book provides an in-depth look at the major actions Israel has taken in cyberspace and places them in the broader context to help readers understand state behavior in cyberspace.

**Zionist Israel and the Question of Palestine** Tamar Amar-Dahl, 2016-11-07 After half a century of occupation and tremendous costs of the conflict, Israel is still struggling with the idea of a Palestinian state in what is often perceived as the Biblical Eretz Israel. Mapping Zionism, enemy images, peace and war policies, as well as democracy within the Jewish State, the present study offers original insights into Israel's role in this conflict. By analyzing Israeli history, politics, and security-oriented political culture as it has been evolving from 1948, this book reveals the ideological and political structures of a Zionist-oriented state and society. In doing so, it uncovers the abyss between the Zionist vision of Eretz Israel on the one hand and the aspiration to achieve normalization, peace, and security on the other. In view of this conflict-laden bi-national reality, the Palestinian question is identified as the Achilles heel of Jewish statehood in the Land of Israel. Thus, *Zionist Israel and the Question of Palestine* provides a fresh, innovative, critical, and yet accessible perspective on one of the most controversial issues in contemporary history.

**Israel and its Palestinian Citizens** Nadim N. Rouhana, Sahar S.

Huneidi,2017-02 This volume examines the status of the Palestinian citizens in Israel and explores ethnic privileging and the dynamics of social conflict **Israel's 70th Anniversary: Insights and Perspectives** Regina Polak,2020-09-07 The aim of the volume is to offer interdisciplinary insights unknown to many into the interior of the religious cultural and political laboratory that is Israel Europe can learn a lot from Israel The handling of religious diversity within the country the meaning of the Hebrew language the integration of more than a million Jewish immigrants the development of a dynamic economy a flourishing education and science system a rich culture in the field of literature and above all film and last but not least the lively constant and conflictual struggle for democracy Additionally the question of Israel related anti-Semitism is debated from the perspective of Jewish studies social sciences and Catholic theology **Cultural Diversity and the Empowerment of Minorities** Inke Du Bois,Nina Smidt,Sivan Spitzer Shohat,2007 Conflicts between different racial ethnic national and other social groups are becoming more and more salient One of the main sources of these internal conflicts is social and economic inequality in particular the increasing disparities between majority and minority groups Even societies that had been successful in dealing with external conflicts and making the transition from war to peace have realized that this does not automatically resolve internal conflicts On the contrary the resolution of external conflicts may even sharpen the internal ones This volume a joint publication of the University of Haifa and the International Center for Graduate Studies ICGS at the University of Hamburg addresses questions of how to deal with internal issues of social inequality and cultural diversity and at the same time how to build a shared civility among their different national ethnic religious and social groups How Israelis and Palestinians Negotiate Tamara Cofman Wittes,2005 Refreshing and revealing in equal measure this innovative volume conducts a critical self critical exploration of the impact of culture on the ill fated Oslo peace process The authors negotiators and scholars alike demolish stereotypes as they construct an unusually subtle and sophisticated understanding of how culture influences negotiating styles Culture they argue did not cause the Oslo breakdown but it did play an influential intervening role at several levels coloring the thinking of political leaders shaping domestic politics on both sides and affecting each side's evaluation of the other's beliefs and intentions After an overview by William Quandt of the history of the Oslo process and the impact of international factors such as U S mediation the volume presents a detailed analysis of first Palestinian and then Israeli negotiating styles between 1993 and 2001 Omar Dajani a former legal advisor to the Palestinian team explains how elements of Palestinian identity and national development have hobbled the Palestinians ability to negotiate effectively Aharon Klieman a distinguished Israeli analyst traces a long standing clash between diplomatic and security subcultures within the Israeli political elite and reveals how Israeli identity has helped create a negotiating style that opts for short term gains while undermining the prospects for a lasting agreement Drawing on these insights Tamara Wittes concludes the volume by offering not only a fresh appreciation of culture's influence on interethnic negotiations but also lessons for future negotiators in the Israeli Palestinian conflict Read the review from Foreign Affairs **The Oxford**

**The Israeli Military and Israel's Palestinian Policy** Yoram Peri, 2002 National Minority, Regional Majority Yitzhak Reiter, 2009-09-16 The struggle between Israelis and Palestinians has proven to be one of the most complex and intractable conflicts of our time persisting for more than a century despite the efforts of leaders worldwide In National Minority Regional Majority Yitzhak Reiter reexamines the relationship between the Jewish majority and the Palestinian Arab minority in Israel focusing on the unique dynamic at work there between a religiously and ethnically defined majority and a significant national minority With assurance and erudition Reiter explores the complicated factors that influence the ethnonational conflict Drawing extensively on the theory of interlocking conflicts the author chronicles the pattern of alternating tranquility and rebellion in Jewish Arab relations Reiter's meticulous research and nuanced analysis yield a sophisticated interpretation of

Israeli policy toward the Palestinians and offer a powerful approach toward conflict management Fighting for Rights Ronald R. Krebs, 2011-02-23 Leaders around the globe have long turned to the armed forces as a school for the nation Debates over who serves continue to arouse passion today because the military's participation policies are seen as shaping politics beyond the military specifically the politics of identity and citizenship Yet how and when do these policies transform patterns of citizenship Military service Ronald R. Krebs argues can play a critical role in bolstering minorities efforts to grasp full and unfettered rights Minority groups have at times effectively contrasted their people's battlefield sacrifices to the reality of inequity compelling state leaders to concede to their claims At the same time military service can shape when for what and how minorities have engaged in political activism in the quest for meaningful citizenship Employing a range of rich primary materials Krebs shows how the military's participation policies shaped Arab citizens struggles for first class citizenship in Israel from independence to the mid 1980s and African Americans quest for civil rights from World War I to the Korean War Fighting for Rights helps us make sense of contemporary debates over gays in the military and over the virtues and dangers of liberal and communitarian visions for society It suggests that rhetoric is more than just a weapon of the weak that it is essential to political exchange and that politics rests on a dual foundation of rationality and culture **The Invention and Decline of Israeliness** Baruch Kimmerling, 2005-12-13 This work reexamines Israel in terms of its origins as a haven for a persecuted people and its evolution into a multi cultural society The author suggests that the Israeli State has divided into seven major cultures **The Tribal Challenge** Havatzelet Yahel, 2024-10-07 Drawing on a wealth of ethnographic and historical sources Havatzelet Yahel offers an engaging and sometimes surprising history of Israel's policy toward Bedouin tribalism in the Negev desert in southern Israel The study opens with a detailed look at the 1940s and 1950s in the region which shaped the relationship between Israel and the Bedouin most notably Israel's effort to accommodate tribalism in collaboration with the sheikhs The story then shifts to the next stage in Israel's policymaking under the Military Administration in the 1960s and early 1970s Although various forces were at work to break down tribal life especially the hardship of prolonged droughts nevertheless the pro tribal policy won out in the end Today Israel's policy toward the Bedouin focuses more on traditional tribal norms rather than promoting democratic individuals values **Middle East Insight**, 1999 **Military, State, and Society in Israel** Dāniyyāḥ Mamān, Eyal Ben-Ari, Zeev Rosenhek, There have been many books on the place of war security or military service in Israeli society The Military State and Society in Israel makes contributions to the debate theoretical empirical and polemical that are related to the Israeli case and to wider debates about the place of war and the military in contemporary industrialized societies The Israeli case is important in the development of more macro approaches to the study of things military as war has played a central role in Israel's history and continues to do so The book encapsulates in a very explicit manner tensions in the relationships between the military state and society and stands at the core of contemporary debates between two fundamental approaches to the study of the

relations between the military society and the state the armed forces and society school and the state making and war perspective Contemporary Israel is the site of debates about many of the fundamental assumptions that have undergirded the Jewish nation state the ethnic character of nationhood and statehood the role of the Jewish diaspora vis vis Israel the legitimacy of Jewish ethnic pluralism the meaning of the Holocaust privatization of social life and the spread of consumerism and weakening of the centralized state as the agent of social transformation affecting housing language health technology production dress and child rearing One important consequence of these internal conflicts and struggles has been a significant erosion in the almost sacred status once enjoyed by state institutions and especially the military among the majority of Jewish population Theoretical and Comparative Perspectives situates Israel in its wider theoretical and comparative context and shows how the study of Israel contributes to the theoretical understanding of contemporary changes in civil military relations The Politics of Civil Military Relations concentrates on current changes in Israeli politics the character of the conflict with the Palestinians and the place of military in society The State and War Making Creating Citizens Soldiers and Men and Women indicates how war and the military are not only instruments for state making but are also important factors in the formation of individual identities The Notion of National Security Institutions and Concepts raises the basic question of whether the institutional mechanisms and the strategic conceptions crystallized during the first 50 years of Israel s existence are still relevant in a changing post cold war world The Armed Forces as Organization Continuity and Change focuses on the lines of continuity and trends of change in several aspects of the Israeli Defense Forces internal organizational structure Studies based on Israeli cases data and scholarship have been central to the development of expertise in such fields as applied psychology and psychotherapy This volume contributes to these areas of study and will be of central importance to professionals interested in civil military

**Israeli Counter-Insurgency and the Intifadas** Sergio Catignani, 2008-01-24 This volume analyzes the conduct of the Israel

Defence Forces IDF counter insurgency operations during the two major Palestinian uprisings 1987 1993 and 2000 2005 in the Territories of the West Bank and Gaza Strip It employs primary and secondary resources to produce a comprehensive analysis on whether or not the IDF has been able to adapt its conventional conduct of warfare to the realities of the Israeli Palestinian low intensity conflict and achieve any sort of victory over the Palestinian insurgents Sergio Catignani provides new insights into how conventional armies struggle with contemporary insurgency by looking in particular at the strategic operational tactical and ethical dilemmas of the IDF over the last two decades By examining the way in which the IDF and the Israeli security doctrine were formed and developed over time he explores the extent to which Israeli security assumptions civil military relations the organizational culture command and control structure and conduct of the IDF have affected its adaptation to the contemporary Israeli Palestinian low intensity conflict Israeli Counter Insurgency and the Intifadas will be of much interest to students of low intensity conflict and counter insurgency the Israeli army the Middle Eastern conflict and strategic studies in general *Insight Turkey Sayı:01/2020 - The Ordeal of The Century* ,2020-04-01

The Israeli Palestinian question has been at the heart of Middle Eastern politics for the last 80 years Although the Palestinian s land has been one of the main subjects of international politics since the beginning of the 20th century it was the unusual creation of the Israeli state in 1948 that led to many regional crises Since then the Israeli state has been the instigator of many regional wars continuous expansionism discrimination and violation of international law and basic human rights Millions of Palestinians were forced to leave their country and those who preferred to stay were deprived of their rights A special type of apartheid has been implemented by the Israeli state All regional states and most global powers have been involved with this problem which is not only between the aggressive Israeli nationalism and the defensive Palestinian nationalism but also a conflict between the Israeli state and the Arab countries a civilizational dispute between a pro Israeli coalition and Muslim countries and a war that symbolizes the struggle between the oppressor and the oppressed A number of international organizations have passed different resolutions offering solutions to the problem Among them is the Islamic Cooperation Organization which was established following the many attacks against sacred places notably the city of al Quds and al Aqsa Mosque in Palestine The international community represented by the United Nations UN has been calling on the Israeli state for decades to withdraw from the occupied Palestinian territories and to abide by the international rules and principles As the UN resolutions international law and international public opinion expect and Palestinians also aspire for Israel must withdraw from the occupied territories namely East Jerusalem the West Bank and the Gaza Strip and recognize an independent Palestinian state as part of a two state solution However global powers especially the United States have not allowed the UN to force the Israeli state to move out from the occupied territories and to restore peace in the region In other words the Palestinian people and Muslim nations have long witnessed the continuous Israeli fait accompli the never ending Palestinian suffering the weakness of the Muslim Middle Eastern countries and the indifference of the global powers Israel

continues to violate not only the rights of self determination but also basic human rights for Palestinians As one of the indications of this inhumane policy the Gaza Strip has been under continuous Israeli blockade and attacks since 2006 Israel has been attacking the Gaza Strip and the West Bank intermittently to expand its territories in order to establish new illegal Jewish settlements and squash any hope for Palestinian statehood Israel s large scale attacks against the Gaza Strip in 2008 2012 2014 2018 and 2019 have made conditions in Palestine unlivable The latest attack in 2019 stopped with yet another cease fire however the fate of the most recent cease fire is not different from the previous ones Israel has never fulfilled its promises and cynically considers the cease fire as a temporary process allowing time to prepare for a new wave of violence At a time when there is no will or strength in the Arab world to resist against any anti Palestinian and anti Arab development the current Israeli and U S government is trying to legalize the years of Israeli atrocities crimes against humanity and violations of human rights Most steps taken by these two governments contradict with and violate international norms and rules First the Israeli parliament adopted a law that is known as the basic law or the nation state act in 2018 According to this law the right to exercise national self determination in the state of Israel is unique to the Jewish people and thereby it denies Palestinian people any national rights or existence Second U S President Donald Trump s unilateral recognition of the united Jerusalem as the capital of Israel and the transfer of the U S embassy from Tel Aviv to Jerusalem is a pivotal point in the history of the Middle East for both regional and global actors This decision with significant implications for the Middle Eastern politics is not only about the transfer of the Israeli capital from Tel Aviv to Jerusalem but also about the halt of the Middle Eastern peace process Furthermore it implicitly means that the U S supports the expulsion of Palestinians from their homeland and the prevention of the establishment of a Palestinian state In other words the U S has contradicted its traditional policy and has abandoned the long time advocated two state solution Third contrary to basic rules of international law and a number of UN resolutions the U S government announced that they do not consider the illegal Israeli settlements in the occupied territories as inconsistent with international law The U S also stopped funding the United Nations Palestinian Refugee Agency UNRWA and closed down the Washington D C office of the Palestinian Liberation Organization PLO a body internationally recognized as the representative of the Palestinian people With all these steps the U S government demonstrated that it fully and unconditionally supports the Israeli state Fourth Trump has declared a so called Middle East peace plan in January 28 2020 after meeting with Israeli Prime Minister Benjamin Netanyahu and opposition leader Benny Gantz in Washington D C The U S government has ignored and violated all decisions made and resolutions passed by the UN regarding the issue according to which the Israeli state is an occupier of the Palestinian land and violator of international rules and norms Bearing in mind all these illegal steps it can be said that the U S shares the responsibility with Israel for the violation of Palestinian rights Achieving peace between the Israeli state and the Palestinian people appears to be unachievable because the Israeli side does not take any Palestinian demands into consideration All steps taken so far have

been unilateral and against the interests of the Palestinians The Deal of the Century is no exception it is also a unilateral intervention to the question Effectively it is a dictation to the Palestinian Israeli problem which ignores the realities on the ground The timing of the Deal of the Century has to do with the current situation in the Arab world As a matter of fact today there is no political Arab world since almost all heavyweight nationalist Arab states are in chaos politically unstable or vulnerable The United Arab Emirates and Saudi Arabia who claim the leadership of the Arab world are closely associated with the Trump Administration and the Israeli state These two Arab states and the current Egyptian government support Israel rather than the Palestinians and blame Palestinian political groups instead of the Israeli state for the ongoing situation These states condemn the retaliatory actions conducted by the Palestinians and remain silent about the inhumane treatment they suffer at the hands of the Israeli war machine Consequently there is no strong Arab state to defend the rights of Palestinians For decades Arab regimes have exploited the issue for domestic political legitimacy Arab regimes who were afraid of their peoples tried to satisfy their demands by exaggerating the Israeli threat Nowadays it appears that their fear of external powers is greater which is why they capitulate to the demands of countries such as Israel and the U S and accordingly use the Palestinian issue in negotiations to their own benefit However Trump s proclamation of the Deal of the Century caused fierce reaction from public opinion worldwide especially from the Arab streets and Muslim communities The Trump Administration miscalculated the civilian reaction This time it will be difficult to convince the Arab public since it is much more aware than before about their regimes foreign policy behavior Trump s declaration which contributed to the reunification of the Arab and Muslim peoples satisfies only radical Christians and Zionist Jews As long as the blockade on the Palestinian lands continues the region will be subject to new waves of violence Considering the unstable international system ultra nationalist and xenophobic Western politics chaotic regional atmosphere and Israeli domestic politics it is not expected that the Israeli government will ease the blockade and give some rights to the Palestinians Global powers such as the U S and the European Union not only close their eyes to the Israeli atrocities but also support its unequal and limitless violence Even the UN has begun to warn the two sides about the escalation of violence thus undervaluing the Israeli brutality by equating it with the small retaliatory actions of the Palestinians Therefore it can be said that there is currently no deterrent power in the world that is preventing Israeli aggression Only a significant change in the regional and global balance of power will bring considerable changes in Israeli policies towards the region This new issue of Insight Turkey highlights different subjects regarding the Israeli Palestinian issue Some of the leading and well known intellectuals and academicians from Palestine Israel Turkey Europe and the United States contributed to this issue focusing of different dimensions of the problem From a religious perspective more particularly in Islam the status and significance of Bayt al Maqdis the city of al Quds which is one of the main themes of the problem must be acknowledged Ikrim Sa eed Sabri s commentary explains the significance of Bayt al Maqdis by addressing the close bonds namely the bonds of creed worship civilization and culture and

history which are firm ties that link Muslims to Bayt al Maqdis and the land of Palestine The resolution of the Israeli Palestinian conflict has faced many different obstacles since the United Nations resolved to partition Palestine into two separate states Jewish and Arab Galia Golan addresses these obstacles between Israel and Palestine as well as possibilities for peace primarily the pragmatic 1988 PLO decision to create a new state next to the state of Israel in the West Bank and Gaza with a capital in East Jerusalem She discusses the possibilities of achieving a political peaceful co existence in Palestine and finds it quite challenging The commentary written by Victor Kattan examines the legality of the Israeli settlements and occupations in the West Bank based on the perspective of international law and U S foreign policy He analyzes the motives of the International Criminal Court ICC decision to initiate an investigation into the alleged war crimes committed in Palestine by the Israeli state which include Israel s settlement activities in the West Bank and East Jerusalem Is the two state solution to the Israeli Palestinian conflict achievable is the question that Ian Lustic seeks to answer In his opinion this solution is a pretty picture of the future that only good people can imagine Meanwhile it remains just that a picture because there is a lack of effort to conduct negotiations between the Israeli state and the Palestinian people This lack of effort is mainly related to the nature of negotiations which have become highly provocative in recent years The influx of immigrant Jewish communities from different countries to Israel has disenfranchised the Palestinians from their land Although Israel claims that it offers democratic rights for all its citizens in reality Palestinians have nothing Ran Greenstein conceptualizes this situation by comparing the Israeli policies with the practice of apartheid in South Africa He identifies the policies practiced by Israel as apartheid of a special type and a crime against humanity To reveal how the status of the original Palestinian population has been ignored Elia Zureik highlights the Israeli practices of governance in Palestine and how the Zionist movement and later the Israeli state have worked to kill the dream of the Palestinian people for their own state This has been achieved through passing racially biased laws that discriminate against the native population and using violence when enforcing those laws especially after the Israeli state codified its new citizenship law that defines Israel as the state of the Jewish people Ayfer Erdo an and Lourdes Habash question the continuity of the U S policy making towards the Israeli Palestinian conflict especially under the Trump Administration The results show that there hasn t been a radical change throughout the administrations however the U S position in the conflict has become more transparent with a sharper pro Israel tilt during the Trump Administration Hamas has a dual role in the political and military struggle against the Israeli state on one hand and Fatah in Palestinian politics on the other Although Hamas has had many achievements since its establishment in the late 1980s it has also failed in many aspects To understand why Nasuh Uslu and brahim Karata evaluate this dualist struggle of Hamas in Palestine The authors conclude that since Hamas has been otherized by many international actors the Palestinian Authority PA and some international actors contributed more to this struggle However Hamas is still expected to fulfill the needs of Palestinians In addition to these eight articles focusing on the Israeli Palestinian issue there

are some insightful pieces on a range of topics regarding Turkey and international politics. The transformation of international education with a Turkey-centric perspective strengthens Turkey's cultural diplomacy and soft power. This transformation is led by different sub-governmental and non-governmental organizations. One of the leading actors is the Turkish Maarif Foundation. In their commentary, Birol Akgün and Mehmet Zkan contextualize the foundation's foreign and domestic policy and outline a vision through evaluating activities over the past three years. The principle of the more corrupt the country, the less democratic it is likely to be, can be measured in the Balkan countries. Sabrina P. Ramet, in her article, addresses problems that the Balkan countries are facing, such as corruption, unemployment, and poverty. With regard to the events of the Gulf Crisis, Farhan Mujahid Chak deconstructs the reasons and motives behind the quartet's blockade on Qatar. To do so, he employs post-colonialism variables, assuming that the preponderance of the U.S. military power in the Gulf Cooperation Council produces competing projects in the Middle East. He underlines three conflicting ideal types: subservient, resisting, increasing, and pivoting from engagement to resisting the American hegemony. The article written by Nur K. Prasad takes us back to the events of when the public protests engulfed most Arab regimes in 2011. However, she focuses on how the democratization processes in the MENA region led to the empowerment of the Islamist actors after decades of political exclusion. Hence, within a domestic and regional context shaping the politics of Islamist parties, K. Prasad explores different trajectories of two countries in the region: the inclusion of Islamists in the case of Tunisia and their exclusion in the case of Jordan. In the last piece of this issue, Krizza Janica Mahinay analyzes the shift of the Moro National Liberation Movement (MNLF) in the discourse on Malaysia and the ramifications of this new discourse within the Philippine state. She elaborates this shift through the lens of power relations and foreign policy, taking into account the struggle for legitimacy within the Philippines. Through a wide range of commentaries and articles, this issue of *Insight Turkey* aims to bring to its readers a comprehensive framework on the current situation of the Israeli-Palestinian question. Whether there will be a deal to this problem remains a difficult question to be answered. Currently, one thing is clear: the plan declared by the Trump Administration, which was welcomed by Israel and some of its Arab allies such as the United Arab Emirates and Saudi Arabia, assures the Palestinian people the continuation of their century-long ordeal.
