The Persian Gulf and the West Charles Kupchan, 2011-02-25 This volume provides a broadly comparative and historical re examination of the fundamental strategic dilemmas that confront the Western world in the Persian Gulf region This systematic study of how the West has defined and dealt with its security interests in this region reveals three central strategic dilemmas strategy versus capability globalism versus regionalism and unilateralism versus collectivism The first part of the book focuses on US policy with particular emphasis on the Iranian Revolution and the Soviet invasion of Afghanistan The author explains why there has been a persistent gap between American perceptions of the Middle East and the political and strategic realities of the region The second part of the book examines the frustrated efforts of NATO members to form a cooperative response to their collective interests in the region *Security in the Persian Gulf: Sources of inter-state conflict* , 1981 **Security in the Persian Gulf: Sources of inter-state conflict** , 1981 **Security in the Persian Gulf Region** Fatemeh Shayan, 2017-01-09 This book examines changes in the Persian Gulf security complex following the United States US invasion of Iraq in 2003 focusing on threats to the collective identities of two religious sects Shia and Sunni Although there is a growing body of literature examining security in the Persian Gulf little focus has been given to the theoretical and methodological aspects of the problem In this volume Shayan analyses the causes behind the security changes which occurred in the region since 2003 and demonstrates how regional security dynamics are interlinked to perceived sectarian threats on the Shia and Sunni religious identities This text is essential reading for political scientists policy makers and scholars of international relations *The Changing Security Dynamics of the Persian Gulf* Kristian Coates Ulrichsen, 2018-02-01 The contradictory trends of the post Arab Spring landscape form both the backdrop to and the focus of this volume on the changing security dynamics of the Persian Gulf defined as the six GCC states plus Iraq and Iran The political and economic upheaval triggered by the uprisings of 2011 and the rapid emergence of the Islamic State of Iraq and Syria in 2014 have underscored the vulnerability of regional states to an intersection of domestic pressures and external shocks The initial phase of the uprisings has given way to a series of messy and uncertain transitions that have left societies deeply fractured and ignited violence both within and across states The bulk of the protests with the notable exception of Bahrain occurred outside the Gulf region but Persian Gulf states were at the forefront of the political economic and security response across the Middle East This volume provides a timely and comparative study of how security in the Persian Gulf has evolved and adapted to the growing uncertainty of the post 2011 regional landscape **Security and Territoriality in the Persian Gulf** Pirouz Mojtahed-Zadeh, 2003 **The Persian Gulf Crisis** , 1991 *The Persian Gulf and the West* Charles A.
