

The background of the book cover is a painting. On the left, there is a textured orange wall. To the right, a window looks out onto a lush green landscape with trees and a path. A large, dark, irregular shape, resembling a cat's silhouette, is positioned in the foreground, partially obscuring the window and the wall. The title and subtitle are written in white text on this dark shape.

Jim Craddock

Seduction Of Silence Journal Of A Reluctant Widow:

Seduction of Silence Helen Lewison,1999 I have read books about widowhood and attended bereavement groups and I have found many people who once upon a time pledged until death do us part How odd that these words that meant so little long ago come back to haunt us I had no idea death was so final that death separated us as if a knife severed something very real into two separate entities one to remain here and the other to disappear from the face of the earth In some strange ways I have grown There seems to be an inner core that lay dormant all my life and is now starting to sprout I find that I am more at peace with myself than I thought was possible Yes it is a kindness I seem to give myself in recognition that alone I have moved forward along the path I am standing taller than I would have thought possible This life I have been given still has real value My hope now is to be able to share this value with friends Brimstone Seduction Barbara J. Hancock,2016-10-01

BETWEEN DESTINY AND DESIRE Damnation is John Severne s inheritance and stalking the accursed his legacy Kat D Arcy has her own ill starred birthright The strange gift that runs along her maternal line dooms her to a life trapped between daemons and those who pursue them But Severne is unlike any daemon hunter she s ever known The Brimstone in his blood arouses every fiber of her being For Severne Kat is the key to his salvation until she becomes much more than that As the ultimate danger closes in on them both Severne must decide if he can abuse Kat s trust and betray his own heart **The**

Seduction of Culture in German History Wolf Lepenies,2009-01-10 During the Allied bombing of Germany Hitler was more distressed by the loss of cultural treasures than by the leveling of homes Remarkably his propagandists broadcast this fact convinced that it would reveal not his callousness but his sensitivity the destruction had failed to crush his artist s spirit It is impossible to begin to make sense of this thinking without understanding what Wolf Lepenies calls The Seduction of Culture in German History This fascinating and unusual book tells the story of an arguably catastrophic German habit that of valuing cultural achievement above all else and envisioning it as a noble substitute for politics Lepenies examines how this tendency has affected German history from the late eighteenth century to today He argues that the German preference for art over politics is essential to understanding the peculiar nature of Nazism including its aesthetic appeal to many Germans and others and the fact that Hitler and many in his circle were failed artists and intellectuals who seem to have practiced their politics as a substitute form of art In a series of historical intellectual literary and artistic vignettes told in an essayistic style full of compelling aphorisms this wide ranging book pays special attention to Goethe and Thomas Mann and also contains brilliant discussions of such diverse figures as Novalis Walt Whitman Leo Strauss and Allan Bloom The Seduction of Culture in German History is concerned not only with Germany but with how the German obsession with culture sense of cultural superiority and scorn of politics have affected its relations with other countries France and the United States in particular Gender Transgressions Karen J. Taylor,2015-12-22 This collection comprising nine critical essays from prominent and emerging medievalists seeks to explore the different ways in which French authors of the Middle Ages

transgress normative social and cultural gender codes in their literary works Offering fresh approaches to texts that have long been subjected to polarized critical analyses the essays challenge traditional interpretations of gender roles in Old French literature especially in the thematic areas of sexual deviation and transgression This corpus emerges as possessing multiple shades and subtleties of meaning long buried or ignored by conventional approaches to these texts This is a conclusion much more in accord with what we know about the ability of the medieval imagination to grasp multiple meaning from a single word or act The collection provides many examples of this multi layering of transgressive meaning Through the detailed studies of gender transgressions such as incest cross dressing rape and homoeroticism the reader will come to understand the many facets of the literary expression of sexuality in selected Old French texts products of a society that was at least as diverse and complex as our own These studies will be of particular value to those interested in Old French and gender studies by dint of accessible analyses of texts both familiar and arcane The provocative subject matter makes the studies original and eminently readable

Jill E. Marshall,2017-09-15 In First Corinthians Paul makes two conflicting statements about women s speech He crafts a difficult argument about whether men and women should cover their heads while praying or propheying 11 2 16 and instructs women to be silent in the assembly 14 34 35 These two statements bracket an extended discussion about inspired modes of speech prophecy and prayer in tongues From these exegetical observations Jill E Marshall argues that gender is a central issue throughout 1 Corinthians 11 14 and the religious speaking practices that prompted Paul s response She situates Paul s arguments about prayer and prophecy within their ancient Mediterranean cultural context using literary and archaeological evidence and examines the differences in how ancient writers described prophetic speech when voiced by a man or a woman
