

Alternative Politics, Political Alternatives, and Innovative Social Change in Nigeria

Being Text of a Keynote Address Delivered by HE Dr Kayode Fayemi, CON, at the Conference on Redesigning Democracy Held at the University of Oxford on Thursday 20 October, 2022.

Protocols

Let me first and foremost thank the organisers of this conference for the kind invitation extended to me to be part of the proceedings. In effect, this will be my first substantive engagement in the few days since I handed over the baton of leadership in Ekiti State and the Nigeria Governors' Forum. Although much more time is needed for me to process the totality of my experience for the purpose of informing our collective understanding of power and politics in contemporary Nigeria, and despite my urgent personal need for a quality holiday, I welcomed your invitation as an early opportunity to contribute to ongoing reflections about the need to rethink democracy generally and, more specifically, our framing of alternatives in the administration of public affairs in Nigeria and, indeed, around the world.

My point of departure is to suggest that while there is no doubt that alternatives are a necessary, and even an inevitable component, of any living political system, it is important that as scholars and practitioners, we strive also at all times to demystify them from the excessive air of drama and circumstance in which they tend to be wrapped in scholarly discourses. This is for the simple reason that alternatives exist and are mobilised everyday and at all levels as part of our experiences of governance. In other words, alternatives, understood generally as encompassing forward-looking vision and practice that depart from a dominant but problematic and/or contested norm, are an integral part of everyday politics - and, indeed, all spheres of human endeavour.

Although they are fired by an admixture of vision, passion, and necessity, and, in highly repressive political contexts, would require to be pursued with courage and sacrifice, alternatives are also played out simultaneously at multiple levels - micro, meso, and macro. Additionally, they are carried by different actors - big and small, formal and informal, and domestic and external. Alternatives also manifest and are

Seeing Beyond--personal, Social, and Political Alternatives ,1971 Catalog of Copyright Entries. Third Series Library of Congress. Copyright Office,1973 **Socialism the Active Utopia (Routledge Revivals)** Zygmunt Bauman,2009-11-18

Rather than contributing to the long standing discussion about the characteristics of the society that socialism proposes to establish this Routledge Revival initially published in 1976 aims to explore the impact of the living utopia of socialism on the development of modern society It begins with an analysis of the role of utopia in general and of the socialist utopia in particular Bauman considers the opposition between utopian and scientific social thought He presents socialism as the counter culture of capitalist society The book finally examines the reasons for the failure of socialism in its application to the peasant revolution in Russia It then explores some possible forms that the socialist utopia might take in the industrial societies of the late twentieth century Professor Bauman writes for those who want to understand the logic of the historical fate of socialism in the present century who are concerned about the validity and vitality of socialist ideas on the development of modern society and who are interested and perhaps confused by the cultural and ideological conflicts of the last few decades **Societal Directions and Alternatives** Michael Marien,1976 Planning Alternative World Futures Louis René Beres,Harry R. Targ,1975 Addresses the concept and design of alternative futures for such urgent world problems as international and national security systems populations diminishing natural resources environmental deterioration and the widening gap between rich and poor Cover 4 *Encyclopedia of Criminological Theory* Francis T. Cullen,Pamela Wilcox,2010-09-23 Consistently excellent The level and coverage of the content make this an invaluable reference for students studying criminology or taking criminal psychology modules at degree level and beyond Adam Tocock Reference Reviews In discussing a criminology topic lecturers and course textbooks often toss out names of theorists or make a sideways reference to a particular theory and move on as if assuming their student audience possesses the necessary background to appreciate and integrate the reference However university reference librarians can tell you this is often far from the case Students often approach them seeking a source to provide a quick overview of a particular theory or theorist with just the basics the who what where how and why if you will And reference librarians often find it difficult to guide these students to a quick one stop source In response SAGE Reference is publishing the two volume *Encyclopedia of Criminological Theory* available in both print and electronic formats This serves as a reference source for anyone interested in the roots of contemporary criminological theory Drawing together a team of international scholars it examines the global landscape of all the key theories and the theorists behind them presenting them in the context needed to understand their strengths and weaknesses In addition to interpretations of long established theories it also offers essays on cutting edge research as one might find in a handbook And like an unabridged dictionary it provides concise to the point definitions of key concepts ideas schools and figures Coverage will include contexts and concepts in criminological theory the social construction of crime

policy implications of theory diversity and intercultural contexts conflict theory rational choice theories conservative criminology feminist theory Ark II; Social Response to Environmental Imperatives Dennis Pirages, Paul R. Ehrlich, 1974

Political Science and the Study of the Future Albert Somit, 1974 *Contemporary Critiques of Political Economy* Ananta Kumar Giri, 2024-01-23 This book analyzes contemporary critiques of political economy and highlights the challenges to rethinking contemporary discourses and practices It carries out a multipronged critical and transformative dialogue involving political economy moral economy moral sociology moral anthropology and spiritual ecology The authors discuss diverse themes such as the relationship between consciousness and society the dialogue between Karl Marx and Carl Gustav Jung a critical sociology of morality and property relations moral and political economy of the Indigenous peoples and a critique of modern civilization economic evaluation as well as alternative traditions of thinking in Marx Thoreau Gandhi J C Kumarappa Rammanohar Lohia B R Ambedkar and Jayaprakash Narain A unique transdisciplinary text the book brings together authors and approaches from both the Global North and South It will be indispensable to students research scholars and teachers of humanities and social sciences in such fields as economics sociology philosophy cultural studies and development studies

Comparative Political Culture in the Age of Globalization Hwa Yol Jung, 2002-01-01 With its specific focus on Asia this anthology constitutes an excursion into the realm of transversality or the state of postethnicity which the book argues has come to characterize the global culture of our times Hwa Yol Jung brings together prominent contemporary thinkers including Thich Nhat Hanh Edward Said and Judith Butler to address this fundamental and important aspect of comparative political theory The book is divided into three parts Part One demythologizes Eurocentrism deconstructing the privilege of modern Europe as the world's cultural scientific religious and moral capital Part Two traces the rise of Asian thought and the process of East West cultural hybridization while Part Three introduces the concept of the global citizen Jung's anthology reveals a postmodern multiculturalism whose new philosophical matrix transgresses the existing cultural and intellectual typology to offer new understanding of today's pluralistic world *The Routledge Companion to Alternative and Community Media* Chris Atton, 2015-05-15 The Routledge Companion to Alternative and Community Media provides an authoritative and comprehensive examination of the diverse forms practices and philosophies of alternative and community media across the world The volume offers a multiplicity of perspectives to examine the reasons why alternative and community media arise how they develop in particular ways and in particular places and how they can enrich our understanding of the broader media landscape and its place in society The 50 chapters present a range of theoretical and methodological positions and arguments to demonstrate the dynamic challenging and innovative thinking around the subject locating media theory and practice within the broader concerns of democracy citizenship social exclusion race class and gender In addition to research

from the UK the US Canada Europe and Australia the Companion also includes studies from Colombia Haiti India South Korea and Zimbabwe enabling international comparisons to be made and also allowing for the problematisation of traditional often Western approaches to media studies By considering media practices across a range of cultures and communities this collection is an ideal companion to the key issues and debates within alternative and community media *Readings in Health Care Ethics - Second Edition* Elisabeth (Boetzkes) Gedge, Wilfrid J. Waluchow, 2012-03-14 *Readings in Health Care Ethics* provides a wide ranging selection of important and engaging contributions to the field of health care ethics The second edition adds a chapter on health care in Canada and the introduction has been expanded to include discussion of a new direction in feminist naturalized ethics The book presupposes no prior knowledge only an interest in the bioethical issues that are shaping our world The Wiley Blackwell Encyclopedia of Consumption and Consumer Studies Daniel Thomas Cook, J. Michael Ryan, 2015-03-02 With entries detailing key concepts persons and approaches The Wiley Blackwell Encyclopedia of Consumption and Consumer Studies provides definitive coverage of a field that has grown dramatically in scope and popularity around the world over the last two decades Includes over 200 A Z entries varying in length from 500 to 5 000 words with a list of suggested readings for each entry and cross references as well as a lexicon by category and a timeline Brings together the latest research and theories in the field from international contributors across a range of disciplines from sociology cultural studies and advertising to anthropology business and consumer behavior Available online with interactive cross referencing links and powerful searching capabilities within the work and across Wiley's comprehensive online reference collection or as a single volume in print www.consumptionandconsumerstudies.com

Honoring Identities Donna L. Miller, 2021-02-15 *Honoring Identities* argues that creating culturally responsive learning communities is a process which begins with building community cultivating certain student and teacher dispositions nurturing social justice leveraging the power of talk and dialogic exchange using Cultural Identity Literature CIL to build bridges and to normalize difference and fostering a culture of civil discourse *Honoring Identities* provides both theory and practice to advance the important mission of building culturally responsive mindsets and to ensure that all students feel like they have a place at the learning table CIL reflects and honors the lives of all young people and GREEN APPLE questions focus their reading on key facets of identity multiplying the effectiveness of the reading experience GREEN APPLE questions also provide a lens for anyone else wishing to select CIL The questions not only illuminate different perspectives of a text but make readers aware that individual experiences color the reading of a text **The Political Power of Economic Ideas** Peter A. Hall, 2020-11-10 John Maynard Keynes once observed that the ideas of economists and political philosophers both when they are right and when they are wrong are more powerful than is commonly understood The contributors to this volume take that assertion seriously In a full scale study of the impact of Keynesian doctrines across nations their essays trace the reception accorded Keynesian ideas initially during the 1930s and then in the years after World War II in a wide

range of nations including Britain the United States France Germany Italy Japan and Scandinavia The contributors review the latest historical evidence to explain why some nations embraced Keynesian policies while others did not At a time of growing interest in comparative public policy making they examine the central issue of how and why particular ideas acquire influence over policy and politics Based on three years of collaborative research for the Social Science Research Council the volume takes up central themes in contemporary economics political science and history The contributors are Christopher S Allen Marcello de Cecco Peter Alexis Gourevitch Eleanor M Hadley Peter A Hall Albert O Hirschman Harold James Bradford A Lee Jukka Pekkarinen Pierre Rosanvallon Walter S Salant Margaret Weir and Donald Winch **Oregon Law Review**

,1982 Vol 1 14 include the proceedings of the Oregon Bar Association previously issued separately as Proceedings of the Oregon Bar Association at its annual meeting **The Social Brain** Sal Restivo,2023-01-09 The Social Brain Sociological Foundations introduces the concept of the social brain including a detailed conceptual model of the social brain networked in the world The idea that our brains are social has its roots in nineteenth century social thought and primate research initiated in the 1950s It was introduced into the neuroscience literature in 1990 as a challenge to the traditional view of the isolated bio medical brain a view that still dominates the scientific media and public imaginations Sal Restivo s foundational thesis is that humans arrive on the evolutionary stage always already and everywhere social We have social selves social brains and social genes He argues the I is a grammatical illusion reflecting the myth of individualism The unique feature of this book is the amount of space devoted to constructing the sociological scaffolding needed to understand what the author means by the social self the social mind and the social brain The approach leads to new ways of thinking about socialization consciousness and creativity as networked phenomena The result is a novel way of integrating the social self the biological self and the neurological self and erasing the classical boundaries between brain mind and body Handbook of Alternative Theories of Political Economy Stilwell, Frank,Primrose, David,Thornton, Tim B.,2022-05-13 This Research Handbook advances entrepreneurship theory in new ways by integrating and contributing to contemporary theories of practice Leading theorists and entrepreneurship experts who are part of the growing Entrepreneurship as Practice EaP research community expertly propose methodologies theories and empirical insights into the constitution and consequences of entrepreneuring practices

Liminality and Critical Event Studies Ian R. Lamond,Jonathan Moss,2020-03-28 This book explores and challenges the concept and experience of liminality as applied to critical perspectives in the study of events It will be of interest to researchers in event studies social and discursive psychology cultural and political sociology and social movement studies In addition it will provide interested general readers with new ways of thinking and reflecting on events Contributing authors undertake a discussion of the borders boundaries and areas of contestation between the established social anthropological concept of liminality and the emerging field of critical event studies By drawing these two perspectives closer together the collection considers tensions and resonances between them and uses those connections to enhance our understanding of
