

Balance

BY DORIANNE LAUX

I'm remembering again, the day
we stood on the porch and you smoked
while the old man told you
about his basement full of wine,
his bad heart and the doctor's warning,
how he held the dusty bottle out to you,
glad, he said, to give it away
to someone who appreciated
its value and spirit, the years
it took to settle into its richness
and worth. I'm watching again,
each cell alive, as you reach
for the wine, your forearm exposed
below the rolled sleeve, the fine hairs
that sweep along the muscle, glowing,
lifting a little in the afternoon breeze.
I'm memorizing the shape of the moment:
your hand and the small bones
lengthening beneath the skin
as it tightens in the gripping,
in the receiving of the gift, the exact
texture and color of your skin,
and the old man's face, reduced
to its essence. That,
and the brief second
when both of you had a hand on the bottle—
the thing not yet given,
not yet taken, but held
between you, stoppered, full.
And my body is flooded again
with an elemental joy,
holding onto it against another day
in the unknowable future when I'm given
terrible news, some dark burden
I'll be forced to carry. I know
this is useless, and can't possibly work,
but I'm saving that moment, for balance.

Lindow,2012-11-15 Dancing the Tao Le Guin and Moral Development takes an original approach to Ursula K Le Guin s work speculative fiction poetry and children s literature by considering her Taoist upbringing and then looking through the lens of moral development theorists such as Carol Gilligan and Mary Field Belenky and psychologists such as Lenore Terr and Jennifer J Freyd It is the most comprehensive approach to Le Guin s moral thinking to date A particular emphasis is put on Le Guin s depiction of physical and sexual child abuse and its long term aftereffects such as post traumatic stress disorder The focus throughout the book is on how morality develops through self awareness and voice how moral decisions are made and how Le Guin challenges readers to reconsider their own moral thinking This book covers all of Le Guin s major works such as The Left Hand of Darkness The Dispossessed the Earthsea Series Always Coming Home The Telling and Lavinia and it also looks in depth at work that is rarely discussed such as Le Guin s early work her poetry and her picture books Unlocking the Poetry of W. B. Yeats Daniel Tompsett,2018-06-13 Unlocking the Poetry of W B Yeats undertakes a thorough re reading of Yeats oeuvre as an extended meditation on the image and theme of the heart as it is evident within the poetry It places the heart at the centre of a complex web of Yeatsian preoccupations and associations from the biographical to the poetic and philosophical to the mythological and mystical In particular the book seeks to unlock Yeats mystifying aesthetic vision via his understanding of the ancient Egyptian Weighing of the Heart ceremony The work provides a chronological narrative arc that looks to use the theme of the heart as it recurs in the poetry in order to circumvent and overcome more established frameworks Its purpose is to offer refreshing ways of conceptualizing and building alternatives to more deeply entrenched but not entirely satisfactory arguments that have been offered since Yeats death in 1939 while demonstrating the centrality of the occult to Yeats art **Speak to Me Words** Dean Rader,Janice Gould,2003-11 Although American Indian poetry is widely read and discussed few resources have been available that focus on it critically This book is the first collection of essays on the genre bringing poetry out from under the shadow of fiction in the study of Native American literature Highlighting various aspects of poetry written by American Indians since the 1960s it is a wide ranging collection that balances the insights of Natives and non Natives men and women old and new voices **Poetic Obligation** Matthew G. Jenkins,2008-04 Since at least the time of Plato s Republic the relationship between poetry and ethics has been troubled Through the prism of what has been called the new ethical criticism inspired by the work of Emmanuel Levinas G Matthew Jenkins considers the works of Objectivists Black Mountain poets and Language poets in light of their full potential to reshape this ancient relationship American experimental poetry is usually read in either political or moral terms Poetic

Obligation by contrast considers the poems of Louis Zukofsky Charles Reznikoff George Oppen Edward Dorn Robert Duncan Susan Howe and Lyn Hejinian in terms of the philosophical notion of ethical obligation to the Other in language Jenkins's historical trajectory enables him to consider the full breadth of ethical topics that have driven theoretical debate since the end of World War II This original approach establishes an ethical lineage in the works of twentieth century experimental poets creating a way to reconcile the breach between poetry and the issue of ethics in literature at large With implications for a host of social issues including ethnicity and immigration economic inequities and human rights Jenkins's imaginative reconciliation of poetry and ethics will provide stimulating reading for teachers and scholars of American literature as well as advocates and devotees of poetry in general Poetic Obligation marshals ample evidence that poetry matters and continues to speak to the important issues of our day
