Seelenmord Ursula Wirtz,1989 **Sexuelle Gewalt gegen Kinder** Patrick Schoden,2008 **Trauma and art** Rut,Gaetano Benedetti,Gottfried Waser,2004-01-01 This extraordinary book documents the therapeutic journey taken by Rut a childhood victim of sexual abuse from her suppressed childhood pain to her artistic expression of the trauma Her pictorial work created during her psychotherapy enables her in her speechlessness and depression to recapture the story of her childhood and in dialogues with her psychotherapist to integrate it into her everyday life Rut s pictures and texts give direct evidence of the trauma of sexual abuse they make it perceptible arouse empathy demonstrate its psychological consequences and at the same time show a way to work through the trauma In the second part of the book the two co authors both psychotherapists discuss the creative process and pictorial work in an art therapeutic and scientific setting thus establishing a theoretical background This book delineates part of Rut s psychological healing process and is of great interest to professionals and students in psychology psychotherapy psychiatry and medicine as well as art therapy education social work and spiritual counseling **Chicago 92: The Transcendent Function - Individual and Collective Aspects** Mary Ann Mattoon,1993 With an all encompassing theme The Transcendent Function Individual and Collective Aspects The Twelfth International Congress for Analytical Psychology was convened in Chicago on 23 August 1992 A wide range of papers and presentations elucidated diverse approaches to the roles played by symbols in analysis their relationships to one another and their beholders and possibilities for transcendence **Trauma and Beyond** Ursula Wirtz,2020-06-08 In this seminal work on the clinical archetypal and spiritual dimension of trauma the author offers a compelling vision of the transformative potential of suffering and the dialectic of Dying and Becoming Wirtz outlines a healing path from fragmentation to integration and illuminates the resilience of the human spirit in the face of severe trauma Trauma and Beyond will be essential reading and a valuable resource for counsellors therapists and Jungian analysts who are challenged in their practice with individual and collective traumata **A Feminist Companion to Wisdom and Psalms** Athalya Brenner,Carole Fontaine,1998-11-01 Provides feminist approaches to the Psalms and Wisdom Literature from leading scholars of the Hebrew Bible and feminist hermeneutics **Rape** Mithu Sanyal,2019-05-14 A bold honest and unflinching look at the way we talk and think about rape Thanks to Title IX cases MeToo and Times Up the issue of rape seems to be constantly in the news But our thinking on the subject has a long history one that cultural critic Mithu Sanyal elegantly reconstructs She narrates a history spanning from Lucretia whose legendary rape and suicide was said to be the downfall of the last Roman king to second wave feminism Tarzan and Roman Polanski Sanyal demonstrates that the way we understand rape is remarkably and alarmingly consistent across the ages even though the world has changed beyond recognition It is high time for a new and informed debate about sexual violence sexual boundaries and consent Mithu Sanyal shows that our comprehension of rape is closely connected to our understanding of sex sexuality and gender Why is it that we expect victims to be irreparably

damaged When we think of rapists why do we think of strangers rather than uncles husbands priests or boyfriends And in the era of MeToo what should justice look like Rape From Lucretia to MeToo examines the role of race and the recurrent image of the black rapist the omission of male victims and what we mean when we talk about rape culture Sanyal takes on every received opinion we have about rape arguing with liberals conservatives and feminists alike Aggression, Time, and Understanding Frank M. Staemmler, 2016-02-04 Aggression Time and Understanding is the first book of Staemmler's writings to be published in English In the early sections of this book Staemmler supported by his Buddhist wife Barbara comprehensively explores and questions the traditional Gestalt therapy theory of aggression and proposes a new approach to working with anger and hostility Further sections include in depth examinations of the topics of time the Here and Now and Regressive Processes and understanding Dialogue and Interpretation and Cultivated Uncertainty From Staemmler's critical gaze Dan Bloom observes concepts emerge as refreshed re formed and revitalized constructs so we can continue to develop the theory and practice of contemporary Gestalt therapy Der rechtliche Schutz für Inzestopfer und Hilfestellungen durch die Soziale Arbeit Almut Göcke, **Paul at the Crossroads of Cultures** Kathy Ehrensperger, 2013-09-12 Based on recent studies in intercultural communication Kathy Ehrensperger applies the paradigm of multilingualism which includes the recognition of cultural distinctiveness to the study of Paul Paul's role as apostle to the nations is seen as the role of a go between as that of cultural translator This role requires that he is fully embedded in his own tradition but must also be able to appreciate and understand aspects of gentile culture Paul is viewed as involved in a process in which the meaning of the Christ event is being negotiated in the space between cultures with their diverse cultural coding systems and cultural encyclopaedias It is argued that this is not a process of imposing Jewish culture on gentiles at the expense of gentile identity nor is it a process of eradication of Jewish identity Rather Paul's theologizing in the space between implies the task of negotiating the meaning of the Christ event in relation to and in appreciation of both Jewish and gentile identity **The way of trauma. Trusting the course of change** Tatiana Neves, Barbora Janeckova, Yvonna Lucká, 2024-02-01 Trauma has been part of human history since the beginning of time Many approaches have been used to understand and work with traumatized clients but it is only recently that the importance of the body in this work has begun to be acknowledged The Biosynthetic Psychotherapy is a somatic approach that sees trauma from an embryological perspective and uses this basis to work on all dimensions of the individual whether physical psychological emotional or spiritual in order to recover the contact with the Essence In this book we try to integrate the most recent finds and standpoints on trauma through a bodily outlook We enriched it with case studies and practical exercises The focus of the Biosynthetic Psychotherapy is not on the devastating aspects of trauma but rather on restoring the harmony and integrity of the Self for a safe journey towards healing The body knows the way it just needs to be reminded of it **ISAPZURICH: A Journey** Isabelle Meier, Murray Stein, Paul Brutsche, Deborah Egger, 2015-05-09 The book contains contributions for the 10th anniversary of ISAPZURICH the
