**Games of Inheritance** Yitzhak Lewis, 2025-05-13 Games of Inheritance explores the thought of Argentine author and public intellectual Jorge Luis Borges 1899 1986 on questions of authorship and literary tradition The book focuses on Borges's engagement with Jewish literary and intellectual traditions highlighting the role of this engagement in developing and expressing his views on these questions The book argues that the primary relevance of Borges's persistent reference to the Judaic is not for understanding his attitude toward Jews and Judaism but for understanding his position in contemporary Argentinian debates about nationalism and literature empire and postcolonialism and populism and aesthetics

By broadening the frame of Borges and the Judaic this book shifts the scholarly focus to the poetic utility of Borges's engagement with Jewish literary and intellectual traditions This allows a better understanding of the nuance of his views on the issues that most animate his oeuvre authorship and writing literature and tradition *Samuel R. Tibbetts, 2021-10-18 This is a critical study of the great British man of letters G.K. Chesterton devoted to the novels, stories, and essays that explore the darker fringes of his wild imagination. Everything is different in the dark, wrote Chesterton, perhaps you don't know how terrible a truth that is. Chesterton's use of the theme of gargoyles provides the thematic structure of the book. It covers the detective stories of Father Brown and others, the locked rooms and miracle crimes in his writing, his status as a science fiction writer, and the riddles and paradoxes of three works: *Job*, *The Man Who Was Thursday*, and the play *The Surprise*. This volume also includes an interlude about Chesterton and Jorge Luis Borges and a robust appendix including interviews about the formation of Ignatius Press's Collected Chesterton. **Literary Philosophers** Jorge J. E. Gracia, Carolyn Korsmeyer, Rodolphe Gasché, 2002 First published in 2002, Routledge is an imprint of Taylor & Francis, an informal company. **First Pages** Giancarlo Maiorino, 2010-11 *Titology*, a term first coined in 1977 by literary critic Harry Levin, is the field of literary studies that focuses on the significance of a title in establishing the thematic developments of the pages that follow. While the term has been used in the literary community for thirty years, this book presents for the first time a thoroughly developed theoretical discussion on the significance of the title as a foundation for scholarly criticism. Though Maiorino acknowledges that many titles are superficial and indexical, there exists a separate and more complex class of titles that do much more than simply decorate a book's spine. To prove this argument, Maiorino analyzes a wide range of examples from the modern era through high modernism to postmodernism, with writings spanning the globe from Spain and France to Germany and America. By examining works such as *Essais*, *The Waste Land*, *Ulysses*, and *Don Quixote*, *First Pages* proves the power of the title to connect the reader to the thematic, cultural, and literary context of the writing as a whole. Much like a facade to a building, the title page serves as the frontispiece of literature, a sign that offers perspective and demands interpretation. **Radical** Xiaolu Guo, 2023-09-12 Xiaolu Guo has been lauded as a voice speaking with full freedom. *Wall Street Journal* has made her one of the most acclaimed Chinese-born writers of her generation. She is the National Book Critics Circle Award-winning author of *Nine Continents* and a *Granta* Best Young British Novelist. Her new memoir *Radical* is an exploration of a city, an electrically honest rendering of what it means to be an outsider and the sojourn that upended her sense of self as a woman, partner, mother, and artist. The world can seem strange and lonely when you step away from your family and everything you have built for yourself. Yet beauty may also appear. In the autumn of 2019, Guo traveled to New York to take up her position as a visiting professor for a year, leaving her child and partner behind in London. What she experienced, however, amidst excursions throughout the city and time spent on her own, was solitude and a destabilizing of self. Her encounter with American culture and people threatened her sense of identity and threw her into a crisis of meaning, desire, obligation, and selfhood. *Radicals* or *bushous* are the building blocks of Chinese characters; they are the root from which all words get their meaning. In this feminist lexicon, as she threads together her search for creative and

personal freedom Guo illuminates the integral role language plays in forming our sense of self Radical is an individual and etymological journey and an ardent love letter It is an expression of one artist s fascination with Western culture and her nostalgia for Eastern landscapes and an attempt to describe the space in between **Children's Writers' & Artists'**
