Selected from Coal Miner's Daughter Loretta Lynn, George Vecsey, 1990 Loretta Lynn's own life story She talks about many of the events and people that have influenced her life *Selected from Coal Miner's Daughter*, **Natural**

Selection Gary Giddins, 2006 Long recognized as America's most brilliant jazz writer the winner of many major awards including the prestigious National Book Critics Circle Award and author of a highly popular biography of Bing Crosby Gary Giddins has also produced a wide range of stimulating and original cultural criticism in other fields With *Natural Selection* he brings together the best of these previously uncollected essays including a few written expressly for this volume The range of topics is spellbinding Writing with insight humor and a famously deft touch he offers sharp edged perspectives on such diverse subjects as Federico Fellini and Jean Renoir Norman Mailer and Ralph Ellison Marlon Brando and Groucho Marx Duke Ellington and Bob Dylan horror and noir the cartoon version of *Animal Farm* and the comic book series *Classics Illustrated* Giddins brings to criticism an uncommon ability long demonstrated in his music writing to address in very few words an entire career so that we get an in depth portrait of the artist beyond the film book or recording under review For instance Giddins offers a stunning reappraisal of Doris Day who he terms the coolest and sexiest female singer of slow ballads in film history He argues eloquently for a reconsideration of the forgotten German language novelist Soma Morgenstern In a section on comedy he offers fresh perspectives on the three great silent film stars Chaplin Keaton and Lloyd while resurrecting the legendary Jack Benny and reevaluating the controversial Jerry Lewis There's also a memorable look at Bing Crosby's film career he calls Crosby's blockbuster *Going My Way* a neglected masterpiece and a close examination of Marcel Carne's beloved *Children of Paradise* Of course Giddins also supplies excellent commentary on jazz major and underrated figures and especially the uses of jazz in film A wonderful gathering of little known treasures *Natural Selection* will broaden the perception of Gary Giddins as one of our most important cultural critics *Accent in North*

American Film and Television Charles Boberg, 2021-12-16 Drawing on data from well known actors in popular films and TV shows this reference guide surveys the representation of accent in North American film and TV over eight decades It analyzes the speech of 180 film and television performances from the 1930s to today looking at how that speech has changed how it reflects the regional backgrounds gender and ethnic ancestry of the actors and how phonetic variation and change in the real world have been both portrayed in and possibly influenced by film and television speech It also clearly explains the technical concepts necessary for understanding the phonetic analysis of accents Providing new insights into the role of language in the expression of North American cultural identity this is essential reading for researchers and advanced students in linguistics film television and media studies and North American studies as well as the larger community interested in film and television *Make Way for August* Mamie Moore, 1991 A true story about August a pet guinea pig
