A Haiku Journey Bashō Matsuo, 1974 **Water-resources Investigations Report**, 1999 Bashō's Haiku Matsuo Bashō, 2012-02-01 2005 CHOICE Outstanding Academic Title Basho's Haiku offers the most comprehensive translation yet of the poetry of Japanese writer Matsuo Bashō 1644 1694 who is credited with perfecting and popularizing the haiku form of poetry One of the most widely read Japanese writers both within his own country and worldwide Bashō is

especially beloved by those who appreciate nature and those who practice Zen Buddhism Born into the samurai class Bash rejected that world after the death of his master and became a wandering poet and teacher During his travels across Japan he became a lay Zen monk and studied history and classical poetry His poems contained a mystical quality and expressed universal themes through simple images from the natural world David Landis Barnhill's brilliant book strives for literal translations of Bash's work arranged chronologically in order to show Bash's development as a writer Avoiding wordy and explanatory translations Barnhill captures the brevity and vitality of the original Japanese letting the images suggest the depth of meaning involved Barnhill also presents an overview of haiku poetry and analyzes the significance of nature in this literary form while suggesting the importance of Bash to contemporary American literature and environmental thought

various global developments demonstrating the form's complex and sometimes contradictory manifestations from the twentieth century to the present. The sixteen chapters are carefully organized into categories that reflect the salient areas of practice and study: Haiku in Transit, Haiku and Social Consciousness, Haiku and Experimentation, and The Future of Global Haiku. An insightful introduction surveys haiku's influence beyond Japan and frames the collection historically and culturally, questioning commonly held assumptions about haiku and laying the groundwork for new ways of seeing the form. Haiku's elusiveness, its resistance to definition, is partly what keeps it so relevant today, and this book traces the many ways in which this global verse form has evolved. The Routledge Global Haiku Reader ushers haiku into the twenty-first century in a critically minded and historically informed manner for a new generation of readers and writers and will appeal to students and researchers in Asian studies, literary studies, comparative literature, creative writing, and cultural studies.

Sharing Our Horizon Xenia Tran, 2018-09-30 The poems and photographs capture daily moments in the lives of two adopted whippets, Eivor and Pearl, who love spending time in nature. They walk in forests and glens, climb mountains, and run along quiet beaches in the Scottish Highlands and on the Moray coast.

Coming Into Contact Ann A. Merrill, Ian Marshall, Daniel J. Philippon, Adam W. Sweeting, 2010-01-25 A snapshot of ecocriticism in action. *Coming into Contact* collects sixteen previously unpublished essays that explore some of the most promising new directions in the study of literature and the environment. They look to previously unexamined or underexamined aspects of literature's relationship to the environment, including swamps, internment camps, Asian American environments, the urbanized Northeast, and lynching sites. The authors relate environmental discourse to practice, including the teaching of green design in composition classes, the restoration of damaged landscapes, the persuasive strategies of environmental activists, the practice of urban architecture, and the impact of human technologies on nature. The essays also put ecocriticism into greater contact with the natural sciences, including elements of evolutionary biology, biological taxonomy, and geology. Engaging both ecocritical theory and practice, these authors more closely align ecocriticism with the physical environment, with the wide range of texts and cultural practices that concern it, and with the growing scholarly conversation that surrounds this concern.
