

Lower Your Blood Pressure And Live Longer

Gary S. Moak

Lower Your Blood Pressure And Live Longer:

Live Longer--control Your Blood Pressure Max L. Feinman, Josleen Wilson, 1977 [Live Longer, Live Better](#) Peter H. Gott, 2004-09-30 Dr Peter Gott combines the empathy of an old fashioned family doctor with the outspoken fervor of a patients rights advocate in this comprehensive guide that is a turn to resource for those with health concerns Dr Gott responds to readers medical questions with sensitivity and accuracy and is praised for his knowledge of medicine and his warm compassionate style

The Most Effective Ways to Live Longer, Revised Jonny Bowden, Beth Traylor, 2019-03-26 You can be more productive healthier and happier longer Living a long life isn t about measuring the number of years lived but how we live them Jonny Bowden s and Dr Beth Traylor s recommendations will keep you strong healthy energetic and active so you can get the most out of each day and do the things you always dreamed of every decade of your life These methods all backed by the latest research and scientific studies are easy yet work anti aging miracles There s no better time to start than now The Most Effective Ways to Live Longer provides a roadmap to a longer healthier life advocating key strategies for the food we should eat the supplements we should take and the lifestyle adjustments we should make that will help keep us going stronger longer With these strategies you can win the battle against aging You ll learn how to Combat oxidative damage caused by free radicals from the environment and your own body wearing you down from the inside out Fight inflammation the silent killer that is a factor in just about every degenerative disease Avoid glycation a process that is implicated in many of the diseases of aging Reduce stress which can cause more damage to your overall wellbeing than you think More and more studies are proving that we can strongly influence how long and how well we live This fully revised and updated edition offers the smartest program for living a longer healthier better life

[Long Live the 12 Rules to Live Long](#) Jordan River, 2022-04-18 As we stumble out of lockdowns many are searching for healthier ways to live their lives Love Live author Jordan River shows how natural values are a way forward in a post pandemic world We re standing on the threshold of a new way of living so why not build a more sustainable and compassionate world It s time to revolutionize our lifestyles just by becoming the most authentic version of yourself Long Live exposes the lifestyle challenges and problems that face us in this age obsessed with noise speed and perpetual activity River s message rings out with a truth that is challenging and unmistakably attractive What you become is infinitely more important than what you do or what you have Are you ready to meet the best version of yourself Love Live is a brilliant and clear eyed rejection of the chaotic lifestyle that has captured the world written with common sense humor and extraordinary insight This book is destined to change lives The problem is on our plate and so is the answer It s time to take a stand and move This book will show you how

60 Ways to Lower Your Blood Pressure Robert D. Lesslie, 2016-01-01 *The Most Effective Ways to Live Longer* Jonny Bowden, 2010-01-01 Author Jonny Bowden looks at what he calls The Four Horsemen of Aging free radicals inflammation glycation and stress and shows how they can harm your health and shorten your life Bowden then unveils an arsenal of anti aging strategies culled from

cutting edge research and lessons learned from the longest lived people on the planet He examines how the major organs such as the heart and the brain age and how you can prevent damage to these vital parts of the body In total readers learn what they can eat do and take to feel great avoid illness and live a long life **Action Plan for High Blood Pressure** Jon

G. Divine,2005 Gain strength flexibility and stamina Jacket **Six Ageless Principles for Long Life Success** Andrew L.

Oliver,2002-01-27 In Six Ageless Principles for Long Life Success author Andrew L Oliver presents a holistic integrated principle centered approach for living longer aging slower and looking younger With penetrating insights and practical examples Oliver reveals a step by step approach for creating habits of spiritual recreation enriching relationships successful thinking self investment physical fitness and perpetual beauty principles that give us the ability to live a long life filled with health wealth and happiness **Beat Depression to Stay Healthier and Live Longer** Gary S. Moak,2016-02-04 Clinical

depression is a serious medical illness that not only can turn a happy retirement into a time of misery but also leads to a wide range of health problems Depression increases the rate of disease such as stroke heart disease and Alzheimer s disease and worsens the course of others such as diabetes chronic lung disease and cancer It also contributes to avoidable disability and premature death Beat Depression to Stay Healthier and Live Longer alerts readers to this untold story It challenges beliefs that depression is normal in old age because old age is depressing instead helping readers see that depression is a serious brain disease often related to changes in the brain associated with the aging process Gary S Moak clearly and compassionately explains depression as a physically destructive state in which a brain on overdrive runs the body ragged accelerating age related wear and tear Depression is not a harmless condition older adults can live with and Dr Moak addresses the impact of depression on specific geriatric health problems Case stories taken from the author s experience practicing geriatric psychiatry for thirty years are used to illustrate the physically and mentally harmful effects of depression and the road to recovering well The book is a call to action It encourages readers to seek treatment for depression offering hope that older adults can get their lives back before it is too late It provides practical guidance and advice for patients and family members about working with healthcare professionals to ensure that sufferers receive effective treatment for their depression and appropriate medical care for their physical needs By shedding light on the impact of depression on physical health Dr Moak spotlights the importance of recognizing the signs and symptoms of depression and brings much needed attention to a subject that is so often overlooked **Live Longer (52 Brilliant Ideas)** Sally Brown,2007-01-02 52

invigorating ideas for adding more life to your years Scientists now believe that a human s true lifespan is between 110 and 120 years Live Longer helps readers approach those triple digits and feel better than they ever dreamed by fighting off illness cleaning up their lifestyles defusing their genetic time bombs and determining their real age and then lowering it Ideas range from the ordinary to the extreme Idea 4 Boost your immune system Idea 10 Time for an oil change Idea 22 Walk the walk Idea 26 The sleep solution Idea 39 Save your skin Idea 43 Brain gym **Help Yourself to Live Longer** Paul

Jenner,2010-11-26 This book is designed as a ten step guide that will add ten healthy happy years to your life It offers sound advice on health and fitness issues and will cover diet and relaxation in addition to such emotional issues as happiness love and spirituality It is all based not on guru driven theories of bizarre diets or exercise routine but on common sense and positive thinking twinned with information that is both practical and supported widely by the scientific and medical communities The tone is positive and encouraging throughout there are also plenty of opportunities for you to interact with the book through features such as quizzes self test boxes and exercises Teach Yourself the world s leading learning brand is relaunched in 2010 as a multi platform experience that will keep you motivated to achieve your goals Let our expert author guide you through this brand new edition with personal insights tips energising self tests and summaries throughout the book Go online at www.teachyourself.com for tests extension articles and a vibrant community of like minded learners And if you don t have much time don t worry every book gives you 1 5 and 10 minute bites of learning to get you started A flexible guide that will add ten happy and healthy years to your life Designed for readers of all ages backgrounds and abilities you make the changes you want to make and you can make them now All the advice is based on scientific and medical research with plenty of wisdom and commonsense Not just about your health and fitness this book also covers relationships love and spirituality Lots of interactive exercises and sample tips

7 Keys to Bring Your Blood Pressure Under Control Dr Bruce Miller,2010 You may not have it now but you probably will People as young as 20 have blood pressure that is high enough to require treatment If you live long enough you will most likely get high blood pressure Only a small minority of Americans escape this condition High blood pressure is a silent killer as it offers no signs no symptoms and no warnings but it is one of the easiest to prevent and one of the most responsive to lifestyle changes but deadly if you do not know how to tame it If your blood pressure reading is 120/80 you are already suffering from pre hypertension a sign that you are losing control of your blood pressure You are now at risk of a heart attack by as much as 5 times and your risk for stroke by about 10 times You are also increasing your risk of heart failure and renal failure At this stage you can take preventive steps to say no to high blood pressure This book gives you seven crucial keys to lower your blood pressure and keep it under control or prevent it in the first place Start using these keys today to avoid becoming a candidate for a heart attack or stroke

The Complete Book of Swimming Phillip Whitten,2012-03-07 The all purpose guide to swimming for beginners and experts alike that will help make you fitter faster more efficient and more knowledgeable about this wonderful sport The Complete Book of Swimming is written for those folks who want to become physically fit and stay physically for the rest of their lives for folks who are seeking to enhance their lives There are chapters on the different strokes that provide the how to information people need to get started Equally important are the chapters that answer such questions as Why should I swim Why swimming and not some other sport How can swimming improve my health How can it enhance my life How will I become a better person more vital more competent vigorous sexy alive by swimming Praise for The Complete Book of Swimming Phil Witten not only

explains the how to of swimming in clear easy to understand language but he also explains the why of swimming why swimming can make you healthier happier and sexier and can make you feel younger If The Complete Book of Swimming doesn't convince you that swimming is the best thing you could possibly do for your health then nothing will Mark Spitz Finally a book has been written that will put swimming on the map for the general public Phil Whitten combines a storyteller's gift for creating excitement with scientific knowledge and personal experience The Complete Book of Swimming is a must read for swimmers and coaches at every level and for anyone interested in lifelong fitness and health Skip Kennedy Olympic coaching staff men's swimming men's swimming coach Stanford University NCAA champions Dr Whitten has written the perfect all purpose guide It's a useful tool for both experienced swimmers who want to improve and for rookies who aren't sure where to begin The Complete Book of Swimming is an invaluable source for all aging baby boomers Karen Allen USA Today Passion arouses passion and Dr Whitten surely cannot fail to persuade aspiring swimmers of all ages and abilities that the sport of swimming is the way to a healthier happier existence This is a splendid invitation to beginners while offering a clearer insight to those who have already donned their suits and goggles The writing is instructive and entertaining and the illustrations depict the very latest techniques used in the pool Craig Lord The Times London

Protect Your Lifeline!

,1981 Hypertension Less than 15% of the estimated 23 million Americans with hypertension are receiving adequate treatment Mild cases of elevated blood pressure can be traced to a specific disease or conditions These causes of secondary hypertension are classified into 7 groups and often can be cured by surgery or a special medication The most common approximately 80-85 % type of blood pressure Essential or Primary Hypertension does not seem to be related to any other disease or condition At present the cause of Essential Hypertension is unknown although it appears to be related to heredity body chemistry diet and smoking Essential Hypertension cannot be cured however it can be controlled with diet modification and medication emc [Live Long, Die Short](#) Roger Landry,2014-01-14 Over a decade ago a landmark ten year study by the MacArthur Foundation shattered the stereotypes of aging as a process of slow genetically determined decline Researchers found that that 70 percent of physical aging and about 50 percent of mental aging is determined by lifestyle the choices we make every day That means that if we optimize our lifestyles we can live longer and die shorter compress the decline period into the very end of a fulfilling active old age Dr Roger Landry and his colleagues have spent years bringing the MacArthur Study's findings to life with a program called Masterpiece Living In Live Long Die Short Landry shares the incredible story of that program and lays out a path for anyone at any point in life who wants to achieve authentic health and empower themselves to age in a better way Writing in a friendly conversational tone Dr Landry encourages you to take a Lifestyle Inventory to assess where your health stands now and then leads you through his Ten Tips for successful aging each of which is backed by the latest research real life stories and the insights Landry a former Air Force surgeon and current preventive medicine physician has gained in his years of experience The result is a guide that will reshape your conception of what it
