to Canada's cultural and geographic diversity. Frederick Rennie Emerson (1895-1972) was a dynamic presence in the cultural and intellectual life of Newfoundland and Labrador for much of the twentieth century. A musician, lawyer, educator, and folklore enthusiast, Emerson was a central figure in the preservation and mediation of Newfoundland culture in the tumultuous decades prior to and following Confederation with Canada in 1949. Glenn Colton shows how Emerson fostered greater awareness and understanding of Newfoundland's cultural heritage in local, national, and international contexts. His collaboration with song collector Maud Karpeles in the late 1920s preserved some of the most cherished folk songs in the English language, and a decade later, his lectures at Memorial University College emphasized folk traditions and classical repertoire to inspire cultural discovery for an entire generation. As Newfoundland's representative on the first Canada Council and vice president of the Canadian Folk Music Society, he played a crucial role in shaping Canadian cultural policy during the transformative years of the mid-twentieth century. Colton also reveals the meaningful creative works Emerson composed in response to the same cultural heritage he documented and preserved: his one-act drama *Proud Kate* (1940) is a pioneering depiction of Newfoundland life, and the folk-inspired *Newfoundland Rhapsody* (1964) is one of few examples of symphonic music composed by a Newfoundlander of his generation. *Newfoundland Rhapsody* explores Newfoundland society, Canada's emerging arts scene, and the international folk music community to offer a new lens through which to view the cultural history of twentieth-century Newfoundland and Canada. **Mapping Canada's Music** Helmut Kallmann, 2013-05-25. *Mapping Canada's Music* is a selection of writings by the late Canadian music librarian and historian Helmut Kallmann (1922-2012). Most of the essays deal with aspects of Canadian music, but some are also autobiographical, including one written during retirement in which Kallmann recalls growing up in a middle-class Jewish family in 1930s Berlin under the spectre of Nazism. Of the seventeen selected writings by Kallmann, five have never before been published; many of the others are difficult to locate. They include critical and research essays, reports, reflections, and memoirs. Each chapter is prefaced with an introduction by the editors. Two initial chapters offer a biography of Kallmann and an assessment of his contributions to Canadian music. The variety, breadth, and scope of these writings confirm Kallmann's pioneering role in Canadian music research and the importance of his legacy to the cultural life of his adopted country. In the current climate of cuts to archival collections and services, the publication of these essays by and about a pre-eminent collector and historian serves as a timely reminder of the importance of cultural memory. **Speechsong** Richard Cavell, 2020. *Speechsong* is a work of imaginative musicology that addresses the enigmas of Schoenberg and Gould of singing and speaking of Moses and Aron of technology and being. Its point of departure is Gould's last public performance given at the Wilshire Ebell Theatre in Los Angeles, where a number of Schoenberg's works were performed during his California exile. It is here, after that last

performance that Gould encounters a spectral Schoenberg in a staged conversation that explores Schoenberg's travails in rethinking the fundamentals of Western music. This first part of *Speechsong* recalls Schoenberg's operatic masterpiece *Moses und Aron* in which the divinely inspired Moses seeks the help of his brother to relate his vision. Moses speaks and Aron sings. Written as a twelve-tone composition, the opera produces an involution of harmonics that was Schoenberg's response to Richard Wagner's diatribes about synagogue noise. For Gould, Schoenberg's is a formalist revolution. Schoenberg's life, however, suggests that it was a search for personal and political freedom. The second half of *Speechsong* is a critical essay in twelve moments that re-articulates the staged conversation as an inquiry into the intersections of music and mediation. Gould's turn to the recording studio emerges as a post-humanist inquiry into recorded music as a repudiation of the virtuoso tradition and a liberation from unitary notions of selfhood. Schoenberg's exodus from musical tradition likewise takes his twelve-tone invention beyond musical performance where it emerges along with Gould's soundscapes as a prototype of acoustic installations by artists such as Stephen Prina and Cory Arcangel. In these works, music abandons the concert hall and the exigencies of harmony for an acoustic space that embraces at once the recordings of Gould and the performances of Schoenberg that have found their home on the internet.

Richard Cavell has written extensively on Marshall McLuhan and on media theory generally. He is the co-founder of the Media Studies program at the University of British Columbia and the curator of the website *Spectres of McLuhan*. *Speechsong*, his second critical performance piece, was preceded by *Marinetti Dines with the High Command* (2014).

The Dundurn Group The Dundurn Group, **Wondrous Strange** Kevin Bazzana, 2010-02-05. The first major biography of Glenn Gould to stress the critical influence of the Canadian context on his life and art. Glenn Gould was not, as has previously been suggested, an isolated and self-taught eccentric who burst out of nowhere onto the international musical scene in the mid-1950s. He was, says Kevin Bazzana in this fascinating new full-scale biography, very much a product of his time and place, and his entire life and diverse work reflect his Canadian heritage. Bazzana, editor of the international Glenn Gould magazine, throws fresh light on this and many other aspects of Gould's celebrated life as a pianist, writer, broadcaster, and composer. He portrays Gould's upbringing in Toronto's neighbourhood of The Beach in the 1930s, revealing the area's influence as a distinct social, religious, and cultural milieu. He looks at the impact of Canadian radio on the young musician, his relations with the new music crowd in Toronto, and the ways in which his career was furthered by the extraordinary growth of Canada's cultural institutions in the 1950s. He examines Gould's place within the CBC culture of the 1960s and 70s and his distinctly Canadian sense of humour. Bazzana also reveals new information on Gould's famous eccentricities, his sometimes bizarre stage manner, his highly selective repertoire, his control mania, his private and sexual life, his hypochondria, his romanticism, and his abrupt retirement from concert performance to communicate solely through electronic and print media. And finally, he takes a detailed look at the extraordinary phenomenon of the posthumous life that Gould and his work have enjoyed.

Distant Stage Eric Fillion, 2022-11-04 It is a little known fact that the first cultural agreement Canada signed was with Brazil in 1944 The two countries rapprochement launched a flurry of activity connecting Montreal to Rio de Janeiro amid the turbulence of war and its aftermath Why Brazil And what could songs and paintings achieve that traditional diplomacy could not Distant Stage examines the neglected histories of Canada Brazil relations and the role played by culture in Canada s pursuit of an international identity The efforts of French Canadian artists intellectuals and diplomats are at the heart of both Eric Fillion demonstrates how music and the visual arts gave state and non state actors new connections to the idea of nation which in turn informed their sense of place in the world Tracing the origins of Canadian cultural diplomacy to South America the book underscores the significance of race and religion in the country s international history showing how Brazil served as a distant stage where Canadian identity politics and aspirations could play out Both a timely invitation to think about cultural diplomacy as a critical practice and a reflection on the interplay between internationalism and nationalism Distant Stage draws attention to the ambiguous yet essential roles played by artists in international and intercultural relations
