Rulers Scott Rank,2020-05-12 Madness and Power Can the insane rule Can insanity be a leadership quality Scott Rank says yes well sometimes in this fascinating look at nine of history's most notorious rulers from the Roman emperor Caligula to the North Korean Communist dictator Kim Jong il Rank paints intimate portraits of these deeply flawed but powerful men examining the role that madness played in their lives the repercussions of their madness on history and what their madness can tell us about the times in which they lived In *History's 9 Most Insane Rulers* you will meet King Charles VI of France who thought he was made of glass Sultan Ibrahim I who was driven mad by the sadistic succession battles of the Ottoman Empire Caligula who built temples to himself and whose reign highlighted the lethal tensions between the power of the new Imperial Rome and the prerogatives of the old Roman Republic The Russian tsar who became known as Ivan the Terrible King George III of Britain who not only lost his American colonies but lost his mind as well Bavaria's Mad King Ludwig II who left the world richer for his fabulous fairy tale castles and his patronage of the composer Richard Wagner Insane rulers did not die off with the last of the mad monarchs who inherited their power Rank also examines the rise to power of crazed modern

rulers such as Idi Amin who began as a lowly army cook and rose to the presidency of Uganda and Saparmurat Niyazov who ruled Turkmenistan and promoted a bizarre cult of personality around himself Both entertaining and illuminating History s 9 Most Insane Rulers is a must read for anyone interested in the role insanity has played in history **The Life and Times of Richard Wagner** Jim Whiting,2019-12-05 Nineteenth century German composer Richard Wagner s Ring of the Nibelung consists of four separate operas Also known as the Ring Cycle it was the crowning point of Wagner s career Wagner was somewhat of a late bloomer in music His first major composition was performed when he was nearly 30 and the Ring Cycle premiered when he was 53 While Wagner was among the world s greatest composers he was not a particularly good person He didn t repay borrowed money he bore grudges against people who had done favors for him and he was unfaithful to his first wife However he remains fascinating and controversial today *Richard Wagner* , **The Reception of Byzantium in European Culture since 1500** Przemyslaw Marciniak,Dion C. Smythe,2017-05-15 Studies on the reception of the classical tradition are an indispensable part of classical studies Understanding the importance of ancient civilization means also studying how it was used subsequently This kind of approach is still relatively rare in the field of Byzantine Studies This volume which is the result of the range of interests in mostly non English speaking research communities takes an important step to filling this gap by investigating the place and dimensions of Byzantium after Byzantium This collection of essays uses the idea of reception theory and expands it to show how European societies after Byzantium have responded to both the reality and the idea of Byzantine Civilisation The authors discuss various forms of Byzantine influence in the post Byzantine world from architecture to literature to music to the place of Byzantium in modern political debates e g in Russia The intentional focus of the present volume is on those aspects of Byzantine reception less well known to English reading audiences which accounts for the inclusion of Bulgarian Czech Polish and Russian perspectives As a result this book shows that although so called Byzantinism is a pan European phenomenon it is made manifest in local national versions The volume brings together specialists from various countries mainly Byzantinists whose works focus not only on Byzantine Studies that is history literature and culture of the Byzantine Empire but also on the influence of Byzantine culture on the world after the Fall of Constantinople The Disney Middle Ages T. Pugh,S. Aronstein,2012-12-10 For many the middle ages depicted in Walt Disney movies have come to figure as the middle ages forming the earliest visions of the medieval past for much of the contemporary Western and increasingly Eastern imagination The essayists of The Disney Middle Ages explore Disney s mediation and re creation of a fairy tale and fantasy past not to lament its exploitation of the middle ages for corporate ends but to examine how and why these medieval visions prove so readily adaptable to themed entertainments many centuries after their creation What results is a scrupulous and comprehensive examination of the intersection between the products of the Disney Corporation and popular culture s fascination with the middle ages **Ludwig II** Markus Spangenberg,2015-10-15 *Read On...Biography* Rick Roche,2012-03-07 Categorizing hundreds of popular biographies
