**Text Message** Ian Stackhouse, Oliver D. Crisp, 2014-03-10 Preaching has fallen on hard times with many questioning its relevance and even its validity as a New Testament practice. This symposium of specially commissioned essays draws together an international team of thirteen scholars and pastors to address the importance of textual preaching in the history and life of the early church, the historic church, and the contemporary church. Contributions include essays on Old Testament preaching, preaching in Hebrews, gender-sensitive preaching, preaching in the theology of Jonathan Edwards, Charles Spurgeon, Dietrich Bonhoeffer, and in Eastern Orthodoxy. It also includes essays on a range of homiletical challenges that textual preaching raises for the contemporary preacher, including genre preaching without notes, inhabiting the text, and preaching without platitudes. A final reflection by Dave Hansen on the state of textual preaching rounds out the collection. The preaching of the gospel stands at the heart of Christian praxis. These essays make a vital contribution to the recovery of the importance of preaching focused on the text of Scripture. Written with an eye to the pastor and practitioner as well as those in the pews and in the classroom, this is a book that should appeal to a wide range of readers.

**The Fourth Factor** Linda Ford, 2007-09 Manage the 800-pound Gorilla: your corporate culture or it will manage you. Editorial Reviews: Culture matters. What Ford calls the fourth factor is at least as important as products, customers, and cash in getting results and generating shareholder value. Any executive who wants to successfully manage culture should heed the practical advice Ford provides. Jonathan Schwartz, CEO, Sun Microsystems Inc. Ford's wonderful new book on the Gorilla of corporate culture is brilliantly practical, carefully thought out, and clearly written. To mix metaphors, the blind men and women can finally begin to see the sides of the elephant when it comes to culture. Michele Bolton, Author of *The Third Shift*. Ford has done a great job of creating a book that allows leaders at all levels of the organization to lead more effectively by understanding and managing culture. A must-read for executives. Brian Scudamore, Founder and CEO, 1-800-GOT-JUNK. Book Description: Corporate culture is the 800-pound Gorilla in your organization; it does whatever it wants to. You can't ignore it. If you focus only on managing products, customers, and cash, leaving the fourth factor, culture, to take care of itself, your culture may undermine your success in the first three. Managing the fourth factor is crucial to any leader's success, and this book will

show you how to do that Failure to manage corporate culture can result in Inability to change strategic directions more quickly than your competition A failed merger or joint venture The isolation of functional silos in the organization Most executives hate dealing with culture because they don't know how to manage or measure it let alone change it So they focus on managing products customers and cash leaving the fourth factor culture to take care of itself All too often the neglected fourth factor undermines success in the first three A successful culture provides a competitive advantage that is virtually impossible to duplicate This will be increasingly important as the global talent shortage becomes more severe Statisticians estimate that in 2008 approximately 12 million experienced workers will leave the workforce and only 3.5 million new workers will enter the workforce Your organization needs to be able to attract and retain talent in that market Managing culture is vital to your ability to do that Understanding how culture maintains and reproduces itself is the key to managing culture Dr Ford provides plenty of real world examples and specific behaviors to make culture real and visible And she deals specifically with the pragmatics of managing culture change In this engaging practical look at organizations you'll learn how to take charge of your destiny by managing the fourth factor Dr Ford takes culture from a soft nebulous concept that can't be managed to a strategic asset that must be managed More Editorial Reviews Ford has finally provided an answer to every CEO's question We've tried everything and the problem persists What's wrong Read *The Fourth Factor* and you'll pick up that missing organizational link George W Kessinger CEO Goodwill Industries International This is an important work on a significant subject for serious leaders who want to grow extraordinary organizations Dr Ford elaborates with clarity and wisdom about the power of culture in any environment Nido R Qubein Chairman Great Harvest Bread Company President High Point University About the Author Maverick entrepreneur catalyst leader sage advisor change agent Dr Linda Ford is all of these Linda is committed to helping senior executives manage the fourth factor culture She consults and speaks on improving business performance After twenty five years in Silicon Valley Linda is back home in Texas She lives in Austin with her cat Lizzie
