K. R. Thornton, 2003-06-30 Ernest Christopher Dowson 1867 1900 is best known as a the author of a number of exquisite lyrics which epitomise the mood and style of the English 1890s verses like cynara and They are not long Yet Arthur Symons was only repeating what Dowson often himself asserted when he said that Dowson was the only poet I ever knew who cared more for his prose than his verse Monica Borg s Introduction suggests for the first time what lay behind Dowson s opinion of the importance of his prose seeing withing it a programme of aesthetic and cultural radicalism She places him firmly in relation to the late nineteenth century crisis of values self and representation which Dowson both expressed and sought to precipitate and she indicates that it is in his stories rather than his verse that Dowson shows how deeply implicated he was in the politics of resistance and cultural change that characterized the decadent literary and artistic movement This edition provides texts of all of Dowson s short stories thoroughly corrected from the original editions and with detailed notes on their genesis and development

Decadent Romanticism: 1780-1914 Kostas Boyiopoulos, Mark Sandy, 2016-04-08 For Decadent authors Romanticism was a source of powerful imaginative revisionism perversion transition and partial negation But for all these strong Decadent reactions against the period the cultural phenomenon of Decadence shared with Romanticism a mutual distrust of the philosophy of utilitarianism and the aesthetics of neo Classicism Reflecting on the interstices between Romantic and Decadent literature Decadent Romanticism reassesses the diverse and creative reactions of Decadent authors to

Romanticism between 1780 and 1914 while also remaining alert to the prescience of the Romantic imagination to envisage its own distorted darker perverted other self Creative pairings include William Blake and his Decadent critics the recurring figure of the sphinx in the work of Thomas De Quincey and Decadent writers and Percy Shelley with both Mathilde Blind and Swinburne Not surprisingly John Keats's works are a particular focus in essays that explore Keats's literary and visual legacies and his resonance for writers who considered him an icon of art for art's sake Crucial to this critical reassessment are the shared obsessions of Romanticism and Decadence with subjectivity isolation addiction fragmentation representation romance and voyeurism as well as a poetics of desire and anxieties over the purpose of aestheticism

Walter Pater and Persons Stephen Cheeke, 2024-07-12 Walter Pater and Persons investigates the vital concept of the Person in the work of Walter Pater a major influence on late nineteenth and early twentieth century literature Stephen Cheeke explores the intersections of the person persona and personality in Pater's work re-examines arguments about his famously personal prose style traces Pater's ambivalent fascination with impersonality and asceticism considers the poetics of personification in his writings about Greek myth and religion in the divine logos of early Christianity and in the theory of Platonic Universals and explores his fascination with metempsychosis the many persons through whom the individual soul transmigrates Cheeke also explores the networks in which Pater was interpreted and misinterpreted by different persons and personalities such as Oscar Wilde Arthur Symonds and W B Yeats Their misreadings of Pater and rebellions against his work from Decadent antinomian and mystical perspectives reveal the ways in which Pater's writing had always been in a critical dialogue with its own thinking as well as a prescient one in relation to his reception The philosophical question of what is a person a crucial one for the nineteenth century and with an increasing urgency in our own times is illuminated throughout this work

Edward Thomas: from Adlestrop to Arras Jean Moorcroft Wilson, 2015-05-21 Along with Sassoon and Wilfred Owen Edward Thomas is by any reckoning a major first world war poet A war poet is not one who chooses to commemorate or celebrate a war but one who reacts against having a war thrust upon him His great friend Robert Frost wrote his poetry is so very brave so unconsciously brave Apart from a most illuminating understanding of his poetry Dr

Wilson shows how Thomas life alone makes for absorbing reading his early marriage his dependence on laudanum his friendships with Joseph Conrad Edward Garnett Rupert Brooke and Hilaire Belloc among others The novelist Eleanor Farjeon entered into a curious menage a trois with him and his wife He died in France in 1917 on the first day of the Battle of Arras This is the stuff of which myths are made and posterity has been quick to oblige But this has tended to obscure his true worth as a writer as Dr Wilson argues Edward Thomas s poems were not published until some months after his death but they have never since been out of print Described by Ted Hughes as the father of us all Thomas s distinctively modern sensibility is probably the one most in tune with our twenty first century outlook He occupies a crucial place in the development of twentieth century poetry This is the extraordinary life of a poetic genius

Thomas Burke's Dark Chinoiserie Anne Veronica Witchard,2017-03-02 Focusing on Thomas Burke s bestselling collection of short stories Limehouse Nights 1916 this book contextualises the burgeoning cult of Chinatown in turn of the century London London s Chinese Quarter owed its notoriety to the Yellow Perilism that circulated in Britain at the fin de si cle a demonology of race and vice masked by outward concerns about degenerative metropolitan blight and imperial decline Anne Witchard s interdisciplinary approach enables her to displace the boundaries that have marked Chinese studies literary studies critiques of Orientalism and empire gender studies and diasporic research as she reassesses this critical moment in London s history In doing so she brings attention to Burke s hold on popular and critical audiences on both sides of the Atlantic A much admired and successful author in his time Burke in his Chinatown stories destabilizes social orthodoxies in highly complex and contradictory ways For example his writing was formative in establishing the queer spell that the very mention of Limehouse would exert on the public imagination and circulating libraries responded to Burke s portrayal of a hybrid East End where young Cockney girls eat Chow Mein with chopsticks in the local caf s and blithely gamble their housekeeping money at Fan Tan by banning Limehouse Nights Witchard s book forces us to rethink Burke s influence and shows that China and chinoiserie served as mirrors that reveal the cultural disquietudes of western art and culture

Decadent Catholicism and the Making of Modernism Martin Lockerd, 2020-06-25 Tracing the movement of literary decadence from the writers of the fin de siècle Oscar Wilde Aubrey Beardsley Ernest Dowson and Lionel Johnson to the modernist writers of the following generation this book charts the legacy of decadent Catholicism in the fiction and poetry of British and Irish modernists Linking the later writers with their literary predecessors Martin Lockerd examines the shifts in representation of Catholic decadence in the works of W B Yeats through Ezra Pound to T S Eliot the adoption and transformation of anti Catholicism in Irish writers George Moore and James Joyce the Catholic literary revival as portrayed in Evelyn Waugh's *Brideshead Revisited* and the attraction to decadent Catholicism still felt by postmodernist writers D B C Pierre and Alan Hollinghurst Drawing on new archival research this study revisits some of the central works of modernist literature and undermines existing myths of modernist newness and secularism to supplant them with a record of spiritual turmoil metaphysical uncertainty and a project of cultural subversion that paradoxically relied upon the institutional bulwark of European Christianity Lockerd explores the aesthetic sexual and political implications of the relationship between decadent art and Catholicism as it found a new voice in the works of iconoclastic modernist writers

[Victorian Christianity at the Fin de Siècle](#) Frances Knight, 2015-10-23 The period known as the fin de siècle defined in this groundbreaking book as chiefly the period between 1885 and 1901 was a fluid and unsettling epoch of optimism and pessimism endings and beginnings as well as of new forms of creativity and anxiety The end of the century has attracted much interest from scholars of literary and cultural studies who regard it as a critical moment in the history of their disciplines but it has been relatively ignored by religious historians Frances Knight here sets right that neglect She shows how late Victorian society often said to be one of the most intensely Christian cultures the world has ever seen reacted to the bold agendas being set by the thinkers of the fin de siècle

and how prominent Church figures during the era first identified many of the concerns that have preoccupied Christians latterly These include an active interest in social justice and the creation of new types of communities increasingly open discussion of the sexual exploitation of children debates about society's decadence new ideas about the role of women and the belief in the redemptive powers of art pioneered by figures as diverse as P T Forsyth Percy Dearmer and Samuel and Henrietta Barnett Examining in particular the Christian world of fin de siècle London the author offers penetrating insights into a society in which the ritual and culture of Christianity sometimes permeated the aesthetic movement and where devotees of the aesthetic movement like Walter Pater Oscar Wilde and their disciples often revealed a fascination with Christianity She argues that the long 1890s was a decisive decade in which various sections of Christian opinion both on the progressive and the more conservative wings of the faith began to express views which set the tone for attitudes which would become commonplace in the twentieth century Victorian Christianity at the Fin de Siècle is the focussed treatment of religion and culture at the end of the nineteenth century that the field has long needed It will be welcomed by scholars of church history social and cultural history and the history of ideas
