Longing for Joy Alastair Sterne, 2024-10-29 Can we still have joy in a world where hopelessness and despair are the norm Offering theologically grounded and research based practices Alastair Sterne explores pathways to joy and shows us how to gradually cultivate the deep abiding joy that we were created for and that enriches the world around us Emotional Holiness Abbot Austin G. Murphy, OSB, 2025-05-12 To become a better Christian you need to form your emotions aright It might also surprise you to know that Catholic teaching doesn t disparage the emotions Rather the traditional Catholic view supported by giants in the Catholic tradition such as Saint Augustine Saint Bernard of Clairvaux and Saint Thomas Aquinas is that ongoing conversion does not mean suppressing ignoring or eradicating the emotions but reforming them In Emotional Holiness Abbot Austin Murphy OSB shows how the emotions are to be shaped and trained so that they work with your pursuit of all that is good and avoidance of what is evil Getting the emotions to work with the mind s pursuit of God and the things of God is especially important to help you persevere in your God given vocation Emotions can be unwieldy things but with perseverance and the help of God s grace they can be trained to help you to do what is right and avoid what is wrong

Richard Sibbes,1863      *Taking Responsibility for the Life of Complex Human Ecosystems* Gary R. Gunderson,James R. Cochrane,2025-08-05 The long awaited convergence of climate economic political intellectual faith and social failures gives many reasons for despair The authors of this volume have spent their lives around the trauma of race and poverty in South Africa and the United States working with Nobel prize winners and those in townships and tenements We have learned that hope is not delusional and accountability not na ve But one must think clearly and deeply untethered from the inadequate simplicities and false choices We must be here now with eyes wide open for when systems break down as so many are today knowing that they also break open new space for creative action The authors lead the global web of thinker doers through the Leading Causes of Life Initiative and national networks in Africa Europe and the United States They find coherence among profound thinking from fields never brought into alignment before drawn from by economists mycelial researchers anthropologists and health sciences working in the Artic to South Africa and the tough neighbourhoods in between This includes a consideration of the human capacities that allow us to act in and transform the world we inhabit of the radical nature of joy in the face of despair of the judgement of Nemesis on hubris and privilege of the value of everything contra price as definitive of the idea of involution as distinguished from evolution of the concept of meshworks in our entanglement with others and finally of the theatre of the soul as the unity of the physical the psychological the political and the spiritual Sharply sensitive to the urgency of careful thought and wise action the authors help us see that life does find a way towards deep accountability for the life of complex human ecosystems They ask us to take responsibility for this as a key to human flourishing and well being
