Grades 48 Suggested readings Answer keys *Beer in the Middle Ages and the Renaissance* Richard W. Unger, 2013-05-22 The beer of today brewed from malted grain and hops manufactured by large and often multinational corporations frequently associated with young adults sports and drunkenness is largely the result of scientific and industrial developments of the nineteenth century Modern beer however has little in common with the drink that carried that name through the Middle Ages and Renaissance Looking at a time when beer was often a nutritional necessity was sometimes used as medicine could be flavored with everything from the bark of fir trees to thyme and fresh eggs and was consumed by men women and children alike Beer in the Middle Ages and the Renaissance presents an extraordinarily detailed history of the business art and governance of brewing During the medieval and early modern periods beer was as much a daily necessity as a source of inebriation and amusement It was the beverage of choice of urban populations that lacked access to secure sources of potable water a commodity of economic as well as social importance a safe drink for daily consumption that was less expensive than wine and a major source of tax revenue for the state In Beer in the Middle Ages and the Renaissance Richard W Unger has written an encompassing study of beer as both a product and an economic force in Europe Drawing from archives in the Low Countries and England to assemble an impressively complete history Unger describes the transformation of the industry from small scale production that was a basic part of housewifery to a highly regulated commercial enterprise dominated by the wealthy and overseen by government authorities Looking at the intersecting technological economic cultural and political changes that influenced the transformation of brewing over centuries he traces how improvements in technology and in the distribution of information combined to standardize quality showing how the process of urbanization created the concentrated markets essential for commercial production Weaving together the stories of prosperous businessmen skilled brewmasters and small producers this impressively researched overview of the social and cultural practices that surrounded the beer industry is rich in implication for the history of the period as a whole **The Harp in the Middle Ages** Martin van Schaik, 2021-08-04 *Whose Middle Ages?* Andrew Albin, Mary C. Erler, Thomas O'Donnell, Nicholas L. Paul, Nina Rowe, 2019-10-15 An ethical and accessible introduction to a historical period often implicated in racist narratives of nationalism and imperialism Sierra Lomuto Assistant Professor of Global Medieval Literature Rowan University A collection of twenty two essays Whose Middle Ages gives nonspecialists access to the richness of our historical knowledge while debunking damaging misconceptions about the medieval past Myths about the medieval period are especially beloved among the globally resurgent far right from crusading emblems on the shields borne by alt right demonstrators to the on screen image of a purely white European populace defended from actors of color by Internet

trolls This collection attacks these myths directly by insisting that readers encounter the relics of the Middle Ages on their own terms Each essay uses its author s academic research as a point of entry and takes care to explain how the author knows what she or he knows and what kinds of tools bodies of evidence and theoretical lenses allow scholars to write with certainty about elements of the past to a level of detail that might seem unattainable By demystifying the methods of scholarly inquiry Whose Middle Ages serves as an antidote not only to the far right s errors of fact and interpretation but also to its assault on scholarship and expertise as valid means for the acquisition of knowledge In example after example the authors show how people shape the Middle Ages to reflect their fears and dreams for themselves and for society The results range from the amusing to the horrifying from video games to genocide Whose Middle Ages Everyone s but not everyone s in the same way Michelle R Warren author of Creole Medievalism
